Nania Myla 506MYLARIM, Rimini

Nania Myla 2-in-1 Stroller & Rimini Car Seat User Manual

Model: Myla 506MYLARIM Stroller, Rimini i-Size Car Seat

Brand: Nania

1. Safety Information

Read all instructions carefully before assembly and use. Failure to follow these instructions could result in serious injury to your child. Keep this manual for future reference.

General Safety Guidelines:

- Never leave your child unattended in the stroller or car seat.
- Always use the 5-point harness system to secure your child.
- Ensure all locking devices are engaged before use.
- Do not overload the storage basket. Maximum load capacity is specified in the specifications section.
- The stroller is suitable for children from birth up to 48 months or a maximum weight of 22 kg.
- The car seat is suitable for infants from birth up to 13 kg (40-87 cm).

Car Seat Specific Safety:

- The Rimini car seat complies with i-Size and R129 safety standards, indicating enhanced side impact protection.
- Always ensure the car seat is correctly installed in the vehicle using either ISOFIX connectors or the vehicle's seat belt system, as demonstrated in the installation video.
- Never place the car seat on a passenger seat equipped with an active front airbag.

2. What's in the Box

Verify that all components are present before beginning assembly:

- Myla Stroller Frame
- Stroller Seat/Sleeping Basket
- Rimini i-Size Car Seat
- Adapters for Car Seat attachment
- Wheels (Front and Rear)

- User Manual (this document)

3. Setup and Assembly

Stroller Assembly:

1. **Unfolding the Stroller Frame:** Place the folded stroller on a flat surface. Release the locking mechanism and lift the handle until the frame clicks into place, indicating it is fully open.
2. **Installing the Wheels:** Attach the rear wheels by pressing the release button and sliding them onto the axle until they click. Install the front wheels by pushing them into their designated slots until they lock. Ensure all wheels are securely attached.
3. **Attaching the Seat/Sleeping Basket:** Align the seat or sleeping basket with the connectors on the stroller frame. Push down firmly until it clicks into place. Ensure it is securely fastened. The seat can be reversed to face either forward or backward.
4. **Adjusting the Handle:** Press the buttons on the sides of the handle to adjust its height to a comfortable position.

Video: Stroller Assembly and Car Seat Installation. This video demonstrates the unfolding of the stroller frame, installation of the rear and front wheels, attachment of the sleeping basket, and installation of the car seat onto the stroller frame and into a car using ISOFIX and seatbelt.

Car Seat Installation:

1. **On the Stroller Frame:** Use the provided adapters. Attach the adapters to the stroller frame, then align the Rimini car seat with the adapters and press down until it clicks securely into place.
2. **In the Vehicle (ISOFIX):** Locate the ISOFIX anchor points in your vehicle. Extend the ISOFIX connectors on the car seat and push them onto the anchor points until they click. Ensure the indicators turn green.
3. **In the Vehicle (Seat Belt):** Place the car seat on the vehicle seat. Route the vehicle's 3-point seat belt through the designated guides on the car seat and buckle it. Pull the seat belt tight to ensure the car seat is firmly secured and does not move excessively.

4. Operating Instructions

Stroller Features:

- **Reclining Seat:** The seat can be reclined to multiple positions, including a flat position suitable for newborns. Use the lever or button on the back of the seat to adjust the recline angle.
- **Adjustable Footrest:** The footrest can be adjusted to provide comfort for your child as they grow.
- **5-Point Harness System:** Always secure your child using the 5-point harness. Adjust the straps for a snug fit.
- **Adjustable Canopy:** The canopy is extendable and features a ventilation window for airflow and a pocket for small items. Adjust it to protect your child from sun or wind.
- **Storage Basket:** A spacious storage basket is located under the seat for carrying essentials.
- **Brakes:** Engage the foot brake located on the rear axle to prevent the stroller from moving. Ensure the brake is fully engaged when parking the stroller.
- **Trolley Function:** When folded, the Myla stroller can be pulled like a trolley for easy transport.

Folding and Unfolding the Stroller:

The Myla stroller features a compact, one-hand folding mechanism for convenience.

Video: Stroller Folding and Unfolding Demonstration. This video illustrates the process of folding the stroller for compact storage and

unfolding it for use, highlighting its ease of operation.

Car Seat Features:

- **Side Impact Protection:** The Rimini car seat is designed with enhanced side impact protection to safeguard your child's head and body.
- **Adjustable Headrest:** The headrest can be adjusted automatically with the harness to ensure proper fit and safety as your child grows.
- **Infant Reducer Insert:** Includes a reducer insert for newborns up to 75 cm, providing a comfortable and secure position.

5. Maintenance

Proper maintenance ensures the longevity and safety of your Nania Myla stroller and Rimini car seat.

- **Cleaning Fabric Parts:** All fabric components should be hand washed only. Do not machine wash, bleach, tumble dry, or dry clean. Allow to air dry completely.
- **Cleaning Frame and Plastic Parts:** Wipe the frame and plastic parts with a damp cloth and mild soap. Dry thoroughly.
- **Wheel Maintenance:** Regularly check the wheels for debris and ensure they rotate freely. The rubber wheels can be removed for cleaning or replacement.
- **Storage:** Store the stroller and car seat in a clean, dry place away from direct sunlight and extreme temperatures.

6. Troubleshooting

If you encounter any issues, refer to the following common problems and solutions:

- **Stroller does not unfold/fold smoothly:** Ensure all locking mechanisms are disengaged. Check for any obstructions in the folding joints. Apply a small amount of silicone lubricant to moving parts if necessary.
- **Wheels are stiff or squeaky:** Remove any debris from the wheel axles. Lubricate the wheel bearings with a suitable lubricant. Ensure wheels are correctly installed and locked.
- **Harness is difficult to adjust:** Ensure the harness straps are not twisted. Refer to the operating instructions for proper adjustment.
- **Car seat feels loose in the car:** Re-check the installation steps for ISOFIX or seat belt attachment. Ensure all connections are tight and secure. The car seat should not move more than 1 inch (2.5 cm) in any direction.
