Under Armour Curry 3Z 24

Under Armour Curry 3Z 24 Suede Basketball Shoes User Manual

Model: Curry 3Z 24

INTRODUCTION

Thank you for choosing the Under Armour Curry 3Z 24 Suede Basketball Shoes. These shoes are engineered to provide a balance of comfort, stability, and responsive control for athletic performance, particularly on the basketball court. This manual provides essential information for the proper setup, usage, maintenance, and care of your new footwear to ensure optimal performance and longevity.

SETUP AND INITIAL USE

Before your first use, please follow these guidelines:

- Lacing:** Ensure the shoes are laced securely but comfortably. Proper lacing provides optimal foot support and prevents unnecessary movement within the shoe, which can lead to discomfort or injury. Adjust laces to achieve a snug fit without restricting circulation.
- First Wear:** Wear the shoes for short periods initially to allow them to conform to your foot shape. This "break-in" period helps prevent discomfort during extended use.

OPERATING (USAGE GUIDELINES)

These shoes are designed for basketball and general athletic activities. To maximize their performance and your safety:

- **Intended Use:** Primarily for indoor and outdoor basketball courts. The durable rubber outsole is engineered for traction on various court surfaces.
- **Stability:** The internal midfoot shank provides enhanced stability during quick cuts and movements. Ensure your foot is properly secured within the shoe to benefit from this feature.
- **Responsive Control:** The UA Micro G midsole offers responsive cushioning, aiding in court feel and energy return.
- **Grip:** The anatomical traction pattern on the outsole is designed for superior grip and flexibility. Regularly inspect the outsole for wear and tear that might affect traction.

MAINTENANCE AND CARE

Proper care will extend the life and maintain the performance of your shoes:

- **Cleaning:** Hand wash with a mild detergent. Use a soft brush or cloth to gently clean the suede upper and rubber sole.
- **Drying:** Air dry only. Do not use direct heat sources like radiators or tumble dryers, as this can damage the materials.
- **Avoid:** Do not use harsh chemical cleaners, bleach, or abrasive materials. Do not submerge the shoes in water.
- **Storage:** Store in a cool, dry place away from direct sunlight when not in use.

TROUBLESHOOTING

Issue	Possible Cause	Solution
Reduced Grip on Court	Dust/dirt on outsole, worn outsole pattern.	Clean outsole regularly. If pattern is significantly worn, consider replacement.
Foot Discomfort/Rubbing	Improper lacing, insufficient break-in, incorrect size.	Adjust lacing for a snug fit. Allow more break-in time. Ensure correct size.
Suede Appears Dull/Dirty	Accumulation of dirt, lack of cleaning.	Gently brush suede with a soft brush. Use a suede cleaner if necessary, following product instructions.

SPECIFICATIONS
