

VLH M01

VLH 32 Inch Portable Smart TV Instruction Manual

Model: M01

Brand: VLH

INTRODUCTION

This manual provides detailed instructions for the setup, operation, maintenance, and troubleshooting of your VLH 32 Inch Portable Smart TV. This device features a 1080P touchscreen, Android 15 operating system, 8GB RAM + 128GB storage, a movable base with wheels, a 5MP camera, and a 38,400 mAh battery. It offers versatile control options including touch, voice, remote, and airmouse functionality, along with a rotatable display for various viewing angles.

Key Features:

- **32-inch FHD Touchscreen:** Enjoy 1080P visuals with 100% sRGB color accuracy.
- **Android 15 OS:** Smooth navigation and access to Google Play Store applications.
- **5MP Camera:** Integrated camera for video calls and streaming (compatibility with some apps may vary due to Android 15).
- **8GB RAM + 128GB ROM:** Ample storage and memory for multitasking and app performance.
- **360° Mobile Base with Wheels:** Easily move the TV between locations.
- **Adjustable Display:** 90° pivot, $\pm 20^\circ$ tilt, and 20cm height adjustment for optimal viewing.
- **Multiple Control Options:** Touch, voice commands ("Hey Google"), traditional remote, and airmouse gestures.
- **38,400mAh Battery:** Extended battery life for portable use.

PACKAGE CONTENTS

- VLH 32 inch Portable Smart TV
- Remote Control
- 5MP Camera (detachable)
- Power Adapter
- User Manual

SETUP INSTRUCTIONS

1. **Unpacking:** Carefully remove all components from the packaging. Ensure all listed package contents are present.
2. **Stand Assembly:** Attach the display panel to the mobile stand. Ensure all connections are secure. The stand is designed for stability and portability.

Image: The VLH Portable Smart TV is shown on its mobile stand, highlighting the screen and the stable base with universal wheels. The screen is in landscape orientation.

3. **Camera Connection:** The 5MP camera is detachable. Plug it into the designated USB port at the top of the display if you intend to use it for video calls or streaming.

Easy Access To Your Favorite Apps

Android 15 & 8G RAM+128G ROM

8G RAM+128G ROM brings entertainment without limits

Image: A close-up view of the VLH Portable Smart TV screen, with the small, detachable camera clearly visible and plugged into the top edge of the display.

4. **Initial Charging:** Connect the power adapter to the TV and a power outlet. Allow the device to fully charge before its first use to optimize battery life.
5. **Remote Control Pairing:** Insert two AAA batteries into the remote control. The remote should automatically pair with the TV when the USB switch is plugged into the TV's USB port. If not, follow the pairing instructions on the back of the remote or on the TV screen.
6. **Network Connection:** Power on the TV. Navigate to the settings menu to connect to your Wi-Fi network.

OPERATING INSTRUCTIONS

1. Power On/Off

- Press the power button on the TV or the remote control to turn the device on or off.

2. Navigation and Control

- **Touchscreen:** Interact directly with the display like a tablet.
- **Remote Control:** Use the provided remote for traditional navigation. The remote also functions as an airmouse; point and click to control the cursor on screen.

Your browser does not support the video tag.

Video: A user demonstrates the airmouse functionality of the remote control, moving a cursor on the screen by pointing the remote. The video also shows the touchscreen being used for navigation, as well as the screen rotating and adjusting height.

- **Voice Commands:** Activate "Hey Google" for hands-free control and app launching.

3. Adjusting the Display

- **Rotation:** The screen can pivot 90° between landscape and portrait orientations.

Image: The smart TV screen is shown rotating from a horizontal (landscape) orientation to a vertical (portrait) orientation, demonstrating its flexible display.

- **Tilt:** Adjust the screen tilt by $\pm 20^\circ$ for comfortable viewing.
- **Height Adjustment:** The screen height can be adjusted by up to 20cm.

For Personalized Viewing Angles

Flexible angle adjustment allows you to watch comfortably wherever you are

Image: This image illustrates the various adjustable features of the VLH Portable Smart TV, including 90-degree rotation, 25-degree tilting, and a 20cm height adjustment range.

4. App Usage

- Access the Google Play Store to download and install your favorite streaming, social media, and productivity applications.
- Pre-installed Google apps are available for immediate use.
- Screen mirroring from your phone is supported via the Android Switch app.

5. Portability

The VLH Smart TV is designed for easy movement around your home or even outdoors, thanks to its built-in battery and universal wheels. Simply unplug it from the charger and roll it to your desired location.

Your browser does not support the video tag.

Video: This video demonstrates the portability of the VLH Smart TV, showing it being easily rolled between different rooms and used in various indoor and outdoor settings.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the screen and exterior. Avoid abrasive cleaners or solvents.
- **Battery Care:** For optimal battery longevity, avoid fully discharging the battery frequently. Charge the device when the battery level is low.
- **Software Updates:** Periodically check for and install system updates to ensure optimal performance and security.

TROUBLESHOOTING

- **Remote Control Not Responding:**
 - Ensure the USB dongle for the remote is securely plugged into a USB port on the TV.
 - Check and replace the AAA batteries in the remote control.
 - Refer to the pairing instructions on the back of the remote or in the TV's settings menu.
- **System Lag/Freezing:**
 - Restart the TV.
 - Close unnecessary background applications.
 - Ensure sufficient free storage space.
 - Check for and install any available system updates.
- **Camera Incompatibility with Apps:**
 - Due to the latest Android 15 OS, some older applications may not be fully compatible with the camera. Check the app's requirements or look for updates.
- **No Power:**
 - Ensure the power adapter is correctly connected to both the TV and a working power outlet.
 - Verify the battery is charged.
