Devoko Automatic Open-Top Self-Cleaning Cat Litter Box User Manual

Model: MW-MSP-0843-2566

Brand: Devoko

1. INTRODUCTION

Thank you for choosing the Devoko Automatic Open-Top Self-Cleaning Cat Litter Box. This innovative device is designed to provide a clean and comfortable environment for your cat while simplifying litter box maintenance for you. Its open design ensures maximum freedom of movement, making it ideal even for kittens or cats new to automatic litter boxes. This manual provides essential information for safe operation, setup, maintenance, and troubleshooting.

The Devoko Automatic Litter Box features a large 12L waste container, offering up to 15 days of autonomy for cats weighing 1-15kg. It includes advanced safety sensors, app connectivity for health monitoring, and is compatible with various litter types.

2. SAFETY INFORMATION

Please read all safety instructions carefully before using the Devoko Automatic Cat Litter Box to prevent injury or damage.

- **Placement:** Place the litter box on a flat, stable surface. Avoid placing it near water sources or in excessively humid environments.
- **Power Supply:** Use only the provided power adapter. Ensure the power cord is not damaged or pinched.
- **Child and Pet Safety:** Keep children and pets away from the moving parts of the litter box during operation. The device is equipped with safety sensors that will stop operation if a cat is detected, but supervision is always recommended.
- **Litter Compatibility:** This device is compatible with most types of clumping cat litter (clay, tofu, bentonite, mixed). **Do not use crystal litter.** Granulometry $\leq 2.5\text{mm}$ is recommended.
- **Cleaning:** Always unplug the device before cleaning. Do not immerse the main unit in water.
- **Weight Limit:** Suitable for cats weighing 1-15kg.

3. PRODUCT OVERVIEW

3.1 Components

The Devoko Automatic Cat Litter Box typically includes the main unit, a waste collection drawer, a power adapter, antibacterial bags, a scoop, and an anti-slip mat.

3.2 Dimensions and Specifications

Feature	Specification
Product Dimensions	53L x 51W x 45.7H cm (20.8L x 20.1W x 18H inches)
Item Weight	13.5 kg (29.7 lbs)
Material	Polypropylene (PP)

Feature	Specification
Waste Container Capacity	12 Liters
Cat Weight Range	1-15 kg
Litter Type Compatibility	Clay, Tofu, Bentonite, Mixed (Granulometry ≤ 2.5 mm recommended)
Model Number	MW-MSP-0843-2566

4. SETUP GUIDE

Follow these steps to set up your Devoko Automatic Cat Litter Box:

- Unpack:** Carefully remove all components from the packaging.
- Placement:** Choose a suitable location on a flat, stable surface, away from direct sunlight and moisture.
- Assemble:** Ensure the waste collection drawer is correctly inserted into the main unit.
- Add Litter:** Pour the recommended type and amount of cat litter into the litter box. Ensure the litter level is between the MIN and MAX lines indicated inside the drum.
- Connect Power:** Plug the power adapter into the device and then into a wall outlet. The device will perform an initial calibration cycle.
- Initial Training (Optional):** If your cat is hesitant, place some of their old litter into the new box to help them adapt. You may also leave the device off for the first few days until your cat is comfortable using it.

Ampio spazio aperto, maggiore libertà per i gatti

5. OPERATING INSTRUCTIONS

The Devoko Automatic Cat Litter Box is designed for ease of use, offering both automatic and manual operation modes.

5.1 Automatic Cleaning Cycle

- After your cat uses the litter box and exits, the built-in infrared and weight sensors will detect their presence and departure.
- Following a preset delay (adjustable via the app), the device will automatically initiate a cleaning cycle. The internal drum will rotate, sifting clean litter and depositing waste into the sealed waste drawer below.
- If a cat approaches or enters the litter box during a cleaning cycle, the safety sensors will immediately stop the rotation to ensure the cat's safety. The cycle will resume once the cat has left.

5.2 Manual Cleaning

You can initiate a cleaning cycle manually at any time using the control panel on the device or through the mobile application.

5.3 Waste Drawer Management

The 12L waste drawer can hold waste for up to 15 days for a single cat. When the drawer is full, the device may notify you via the app or an indicator light.

- To empty, simply pull out the waste drawer, seal the antibacterial bag, and dispose of it.
- Replace with a new antibacterial bag and reinsert the drawer.

Grande capacità, 15 giorni di viaggio senza preoccupazioni

Viaggio | lavoro

6. APP CONTROL AND HEALTH MONITORING

The Devoko Automatic Cat Litter Box can be controlled and monitored via a dedicated mobile application.

1. **Download App:** Search for the "Devoko Smart Pet" app (or similar, check product packaging for exact name) on your smartphone's app store (iOS or Android).

2. **Pair Device:** Follow the in-app instructions to pair your litter box with your smartphone. This typically involves creating an account and connecting to your home Wi-Fi network.

3. **Features:** Through the app, you can:

- Monitor your cat's weight (with gram precision).
- Track the frequency and duration of litter box usage.
- Customize cleaning settings (e.g., delay before cleaning, night mode, radar sensitivity).
- Receive notifications for a full waste drawer or other alerts.
- Manually initiate cleaning cycles.

7. MAINTENANCE AND CLEANING

Regular cleaning ensures optimal performance and hygiene for your Devoko Automatic Cat Litter Box.

7.1 Daily Maintenance

- Empty the waste drawer as needed (typically every 7-15 days, depending on cat usage).
- Check and refill the litter as necessary to maintain the recommended level.

7.2 Deep Cleaning (Monthly or as needed)

The modular design allows for easy disassembly and thorough cleaning.

1. **Unplug:** Always disconnect the power adapter before performing any deep cleaning.
2. **Empty Litter:** Use the "one-touch emptying" function (if available via app or button) to remove residual litter, or manually scoop out all litter.
3. **Disassemble:** Carefully remove the internal drum and other removable components according to the instructions in your quick start guide.
4. **Wash:** Wash removable parts with mild soap and water. Rinse thoroughly and ensure they are completely dry before reassembly. **Do not wash the main electronic unit.** Wipe the exterior of the main unit with a damp cloth.
5. **Reassemble:** Reassemble all components, ensuring they are securely in place.
6. **Refill Litter:** Add fresh cat litter.

8. TROUBLESHOOTING

If you encounter issues with your Devoko Automatic Cat Litter Box, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Device not turning on	Power cord not connected; power outlet malfunction	Ensure power cord is securely plugged in. Test the outlet with another device.
Cleaning cycle not starting automatically	Sensors obstructed; cat still inside or too close; app settings configured incorrectly	Clean sensors. Ensure cat has completely exited. Check app settings for delay times or night mode.
Litter not sifting properly	Litter level too high/low; incorrect litter type; clumping issues	Adjust litter level. Ensure compatible litter is used. Consider a different brand of clumping litter.
Bad odor persists	Waste drawer full; insufficient cleaning; poor ventilation	Empty waste drawer regularly. Perform a deep clean. Ensure proper ventilation in the room.
App connectivity issues	Wi-Fi signal weak; incorrect pairing; app outdated	Ensure strong Wi-Fi signal. Re-pair the device following app instructions. Update the app to the latest version.

9. WARRANTY AND SUPPORT

For warranty information and customer support, please refer to the following:

- **Warranty:** If you wish to return a product within 30 days of receipt because you have changed your mind, please consult the Amazon help page on returns. If you have received a defective or damaged product, please consult the Amazon help page on defective or damaged products. For specific information on purchases made on the Marketplace, please consult the Amazon help page on Marketplace purchases.
- **Manufacturer:** Devoko
- **Contact Support:** For further assistance, please contact Devoko customer support through the contact information provided on the product packaging or the official Devoko website.
