INNOVV INNOVV V1

INNOVV V1 10.3 Inch Wireless CarPlay, Android Auto & Mirror Link Navigation Screen User Manual

1. PRODUCT OVERVIEW

The INNOVV V1 is a 10.3-inch portable car stereo display designed to integrate modern smartphone functionalities like Apple CarPlay and Android Auto into any vehicle. It features a 1920x720 IPS touch screen, dual-band Bluetooth audio, and voice assistant compatibility (Siri/Google Assistant). This device allows for seamless synchronization of your smartphone with your car's display, providing access to navigation, messages, calls, and music.

10.3" HD IPS

The INNOVV V1 10.3-inch display provides a clear and intuitive interface for in-car functions.

The INNOVV V1 is designed for universal compatibility, fitting most motor vehicles including saloon cars, lorries, vans, buses, and pick-ups, enhancing the driving experience with its advanced features.

Widely Available

The INNOVV V1 is compatible with a wide range of vehicles.

2. PACKAGE CONTENTS

Verify that all items listed below are included in your package:

- Head Unit Display / Main Display (1 pc)
- Cigarette Lighter Adapter (1 pc)
- TYPE-C Data Cable (1 pc)
- Accessories Bag / Accessory Kit (3 pcs)
- Instruction Manual (1 pc)
- AUX Connection Cable (1 pc)
- Reversing Camera Adapter (1 pc)

Contents included in the INNOVV V1 package.

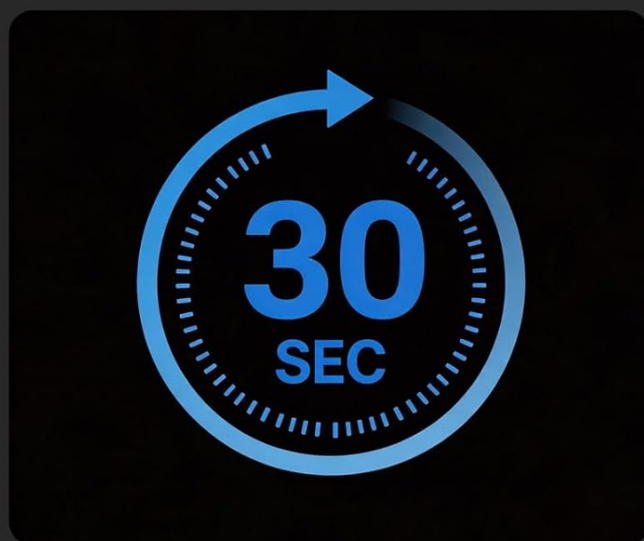

3. SETUP AND INSTALLATION

3.1 Mounting the Device

The INNOVV V1 features a magnetic attachment design for quick and secure mounting. It is compatible with 17mm ball mounts and includes both a Hook Bracket mount and a suction cup mount for flexible placement on your dashboard. The installation process is designed to be completed in approximately 30 seconds without requiring any drilling.

30-Second No-Drill Installation

Industrial-Grade Magnet / No Shaking

Quick and easy magnetic installation of the INNOVV V1.

3.2 Power Connection

Connect the device to your vehicle's power source using the provided cigarette lighter adapter. The device also uses a USB-C port for power input.

3.3 Audio Connection

The INNOVV V1 offers multiple options for audio output to your car's sound system:

- **Bluetooth 5.0:** Connect wirelessly to your vehicle's original audio system for high-quality sound through factory speakers.
- **AUX Input:** Use the included AUX cable to connect the device directly to your car's AUX port.
- **FM Transmit:** Transmit audio to your car's radio by setting the device and your car radio to the same FM frequency (supported frequency band: 87.5MHz-108MHz).

Stable Auto-Connect

Bluetooth 5.0 | AUX | TF Card

Connect to your car's audio system via the AUX port.

Magnetic Suction Easily Removable

Seamless transition across
multiple scenarios

Utilize FM transmission for audio output to your car's radio.

4. OPERATING INSTRUCTIONS

4.1 Connecting to Apple CarPlay and Android Auto

The INNOVV V1 supports wireless Apple CarPlay and Android Auto. To connect your smartphone:

1. Enable the CarPlay or Android Auto function on the INNOVV V1 screen.
2. On your smartphone, go to Bluetooth settings and search for available devices.
3. Select the INNOVV V1 device (e.g., "Car_Audio_XXXX") and complete the pairing process, confirming any authorization prompts.
4. Once paired, the CarPlay or Android Auto interface will appear on the INNOVV V1 display.

What In The Box

- Head Unit Display / Main Display 1pcs
- Cigarette Lighter Adapter 1pcs
- TYPE-C Data Cable 1pcs
- Accessories Bag / Accessory Kit 3pcs
- Instruction Manual 1pcs
- AUX Connection Cable 1pcs
- Reversing Camera Adapter 1pcs

Step-by-step guide for connecting Android Auto.

4.2 Mirror Link Functionality

The Mirror Link feature allows you to mirror your smartphone's screen directly onto the INNOVV V1 display. Refer to your smartphone's instructions for enabling screen mirroring and connecting to the device.

4.3 Voice Control

Utilize voice commands via Siri or Google Assistant for hands-free operation. This allows you to control navigation, make calls, send messages, and play music without touching the screen, enhancing driving safety.

Voice Control and Hand free

Hands-free voice control for various functions.

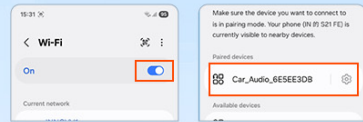

4.4 Navigation

Access real-time GPS navigation through popular apps like Google Maps and Apple Maps directly on the touch screen. The 10.3-inch HD IPS display provides a clear and intuitive view for an improved driving experience.

Android Auto Connect

1 Enable Android Auto Function

2 Initiate Device Search

3 Complete Pairing & Authorization

4 The connection is successful

4.5 Media Playback

Enjoy music and videos by connecting through CarPlay or Android Auto. You can also play media offline by inserting a TF card into the designated slot on the device.

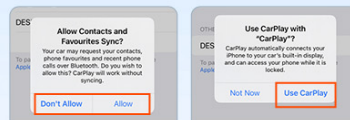

Apple CarPlay Connect

1 Enable CarPlay Function

2 Initiate Device Search

3 Complete Pairing & Authorization

4 The connection is successful

Enjoy music playback through connected services or a TF card.

5. MAINTENANCE

5.1 Screen Cleaning

To clean the display screen, gently wipe it with a soft, lint-free cloth. For stubborn smudges, slightly dampen the cloth with water or a screen-safe cleaning solution. Avoid using harsh chemicals, abrasive materials, or excessive moisture, as these can damage the screen.

5.2 General Care

- Avoid exposing the device to extreme temperatures, direct sunlight for prolonged periods, or high humidity.
- Do not attempt to disassemble or repair the device yourself. Refer to qualified service personnel for any repairs.
- Ensure cables are properly routed and not pinched to prevent damage.

6. TROUBLESHOOTING

6.1 Device Not Powering On

- Ensure the cigarette lighter adapter is securely plugged into the vehicle's power outlet and the device's USB-C port.
- Check if the vehicle's power outlet is functioning correctly.

6.2 Connection Issues (CarPlay/Android Auto)

- Verify that Bluetooth and Wi-Fi are enabled on your smartphone and the INNOVV V1.
- Ensure your smartphone's operating system is up to date.
- Try forgetting the device in your phone's Bluetooth settings and re-pairing.
- Restart both your smartphone and the INNOVV V1.

6.3 No Audio Output

- Check the volume levels on both the INNOVV V1 and your car's audio system.
- If using Bluetooth, ensure the INNOVV V1 is selected as the audio output device on your car stereo.
- If using AUX, ensure the cable is securely connected and your car stereo is set to the AUX input.
- If using FM Transmit, ensure both the INNOVV V1 and your car radio are tuned to the same clear FM frequency.

6.4 Screen Unresponsive

- Perform a soft reset by disconnecting and reconnecting the power cable.
- Ensure the screen is clean and free from debris that might interfere with touch input.
