WHAT'S IN THE BOX

- ZEALOT P11 Bluetooth Speaker
- USB Charging Cable
- User Manual (this document)

Image: The ZEALOT P11 speaker, its packaging, and included accessories like USB cables and the user manual.

SETUP

1. Charging the Speaker

Before first use, fully charge the speaker. Connect the provided USB cable to the speaker's charging port and a compatible USB power adapter (not included). The charging indicator light will show the charging status. A full charge provides up to 20 hours of continuous playtime at 50% volume.

2. Powering On/Off

- To power on: Press and hold the power button ( ) for a few seconds until the indicator lights illuminate.
- To power off: Press and hold the power button ( ) again for a few seconds until the lights turn off.

3. Bluetooth Pairing

1. Ensure the speaker is powered on and in Bluetooth pairing mode (the Bluetooth indicator light will flash).
2. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
3. Select "ZEALOT P11" from the list of devices.
4. Once connected, the Bluetooth indicator light will become solid, and you will hear an audible confirmation.

Sound Quality and Drivers

The speaker features XBass technology, utilizing two speakers (one tweeter and one bass woofer) to deliver clear highs, deep bass, and a balanced audio profile. DSP chip support ensures rich, smooth, and low-distortion sound, with high-frequency sound up to 40kHz.

Image: An exploded view diagram of the ZEALOT P11 speaker, highlighting its internal dual woofers and passive radiators for enhanced sound.

EQ Modes

The speaker features multiple EQ modes to customize your audio experience. Press the 'EQ' button to cycle through available sound profiles to match your listening preferences.

Dynamic Light Show

The speaker includes soft yet vivid LED lights that can move to the beat of the music or be adjusted manually to various light modes. This feature can enhance the atmosphere for parties or provide ambient lighting.

Wireless Stereo Dual Pairing (TWS)

For an immersive stereo experience, you can pair two ZEALOT P11 speakers together:

1. Ensure both P11 speakers are powered on and not connected to any other Bluetooth device.
2. On one speaker (this will be the primary speaker), press the TWS pairing button (often indicated by a chain link icon).
3. The speakers will automatically search and connect to each other. Once paired, the indicator lights will confirm the connection, and you will experience 360° left and right high-definition surround sound.
4. Connect your device to the primary speaker via Bluetooth as described in the "Bluetooth Pairing" section.

Multiple Playback Modes

In addition to Bluetooth, the ZEALOT P11 supports several other audio input methods:

- **USB Port:** Insert a USB flash drive containing audio files.
- **AUX Port:** Connect an external audio device using a 3.5mm audio cable (not included).
- **TF Card Slot:** Insert a Micro SD (TF) card with audio files.

UP TO 20 HOURS PLAYTIME

Enjoy your outdoors activities immersively

Maintenance

Waterproof Rating (IPX6)

The ZEALOT P11 speaker is IPX6 waterproof, meaning it is protected against high-pressure water jets from any direction. This makes it suitable for outdoor use and environments where it might encounter splashes or rain. However, it is **not designed for submersion** in water. Ensure all port covers are securely closed before exposing the speaker to water.

Cleaning

Wipe the speaker with a soft, damp cloth. Do not use abrasive cleaners or solvents, as these may damage the surface.

Storage

When not in use for extended periods, store the speaker in a cool, dry place away from direct sunlight and extreme temperatures. Charge the battery periodically to maintain its health.

TROUBLESHOOTING

- **No Power:** Ensure the speaker is fully charged. Connect it to a power source and try again.
- **No Sound:** Check the volume levels on both the speaker and your connected device. Ensure the correct input mode is selected.
- **Bluetooth Pairing Issues:**
    - Ensure the speaker is in pairing mode.
    - Disable and re-enable Bluetooth on your device.
    - Move the speaker closer to your device.
    - Clear the "ZEALOT P11" from your device's Bluetooth history and try pairing again.
- **Poor Sound Quality:** Ensure the speaker is within Bluetooth range (up to 50ft). Check for obstructions between the speaker and your device. Try a different audio source or file.
- **TWS Pairing Failure:** Ensure both speakers are P11 models and not connected to any other Bluetooth device before initiating TWS pairing.
