

GDOR NB802

GDOR Smart Nut Milk Maker (Model NB802) User Manual

Your guide to operating and maintaining your GDOR 9-in-1 Plant Milk Machine.

IMPORTANT SAFEGUARDS

Please read all instructions carefully before using the GDOR Smart Nut Milk Maker. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- Always ensure the appliance is unplugged from the power outlet before assembling, disassembling, or cleaning.
- Do not immerse the motor base or power cord in water or other liquids.
- Keep hands and utensils out of the container while blending to reduce the risk of severe personal injury and/or damage to the appliance.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been dropped or damaged in any manner.
- Close supervision is necessary when any appliance is used by or near children.
- Avoid contact with moving parts.
- Do not use outdoors.
- Do not let the cord hang over the edge of a table or counter, or touch hot surfaces.
- Do not place on or near a hot gas or electric burner, or in a heated oven.
- Always attach the plug to the appliance first, then plug the cord into the wall outlet. To disconnect, turn any control to "off", then remove the plug from the wall outlet.
- Do not use the appliance for anything other than its intended use.
- Use only attachments recommended or sold by the manufacturer.
- Exercise extreme caution when handling the sharp blades and emptying the container.
- Ensure the lid is securely locked in place before operating the appliance.
- Do not overfill the container. Observe the maximum fill line.
- This appliance is for household use only.

PRODUCT OVERVIEW

The GDOR Smart Nut Milk Maker is a versatile 9-in-1 appliance designed for preparing various plant-based milks, juices, and smoothies. It features a large touch display, keep warm function, boil water capability, 12-hour delay start, and self-cleaning.

1. Nut Milk Bag
2. Measuring Cup
3. Power Cable

4. Recipe Booklet
5. Cleaning Brush
6. Fine Mesh Strainer
7. Main Unit (Motor Base, Heating Element, Blending Jar with Blades, Lid)

SETUP

Unpacking and Initial Cleaning:

1. Carefully remove all components from the packaging.
2. Inspect the appliance for any damage. Do not use if damaged.
3. Wash the blending jar (inner pot), lid, nut milk bag, measuring cup, cleaning brush, and fine mesh strainer with warm, soapy water. Rinse thoroughly and dry.
4. Wipe the exterior of the main unit with a damp cloth. Do not immerse the main unit in water.
5. Ensure all parts are completely dry before assembly and use.

Assembly:

1. Place the main unit on a stable, flat, and dry surface.
2. Ensure the blending jar is properly seated on the motor base.
3. Place the lid securely on top of the blending jar.
4. Connect the power cable to the appliance and then plug it into a standard electrical outlet.

OPERATION

The GDOR Smart Nut Milk Maker features an intuitive touch control panel. Refer to the image below for button identification.

Large And Intuitive Control Panel

User-friendly panel for quick and precise control

Image: A detailed view of the GDOR Nut Milk Maker's control panel, showing the digital display and touch buttons for various functions: Nut Milk, Oat Milk, Soy Milk, Milk Shake, Fruit Juice, Boil Water, Heating-122F, Self-Clean, Menu, Delay Start, and Start/Cancel.

General Operating Steps:

1. Add ingredients to the blending jar. Ensure ingredients and liquid do not exceed the maximum fill line.
2. Securely place the lid on the blending jar.
3. Plug in the appliance. The display will illuminate.

4. Press the "Menu" button to cycle through the available programs (Nut Milk, Oat Milk, Soy Milk, Milk Shake, Fruit Juice, Boil Water, Heating-122F, Self-Clean).
5. Once the desired program is selected, press the "Start/Cancel" button to begin operation.
6. To cancel a program at any time, press the "Start/Cancel" button.

Specific Program Functions:

- **Nut Milk (Approx. 8 minutes):** For making various nut milks. Soak nuts as required by recipe before adding.
- **Oat Milk (Approx. 6 minutes):** For preparing oat milk.
- **Soy Milk (Approx. 35 minutes):** For preparing soy milk. Soaking soybeans is recommended.
- **Milk Shake (Approx. 3 minutes):** For blending milkshakes.
- **Fruit Juice (Approx. 3 minutes):** For making fresh fruit juices.
- **Boil Water (Approx. 10 minutes):** Heats water to boiling temperature.
- **Heating-122F (Keep Warm, Approx. 2 hours):** Maintains the temperature of contents at approximately 122°F (50°C) for up to 2 hours after a program finishes or can be selected independently.

Keeps Warm at 122°F for 2 Hours

Built-in and panel-controlled to keep drinks
warm and fresh

Image: The GDOR Nut Milk Maker actively keeping its contents warm, indicated by a "2h Keep-Warm time" icon. The base of the machine shows a red glow, signifying the heating element is active. A person is seated nearby, reading.

- **Delay Start (Up to 12 hours):** Allows you to set a delayed start time for your chosen program.
 - a. Add ingredients and secure the lid.
 - b. Press "Menu" to select your desired program.
 - c. Press "Delay Start". The display will show a default delay time.
 - d. Press "Delay Start" repeatedly to adjust the delay time in increments.

e. Press "Start/Cancel" to confirm the delay. The machine will start the selected program after the set delay time.

Delay Start For 12 Hours

Set at Night, Enjoy in the Morning

Image: A visual representation of the 12-hour Delay Start function. The top image shows the machine set at 20:00 (8 PM) with a person sleeping, implying the delay is set overnight. The bottom image shows the machine at 08:00 (8 AM) with a person enjoying a fresh drink, demonstrating the benefit of the delay function.

- **Self-Clean (Approx. 1 minute):** For quick cleaning of the inner pot and blades.

MAINTENANCE AND CLEANING

Regular cleaning ensures optimal performance and extends the lifespan of your GDOR Smart Nut Milk Maker.

After Each Use:

1. Unplug the appliance from the power outlet.
2. Allow the appliance to cool down if it has been used for heating programs.

3. Self-Clean Function:

- Add approximately 2 cups of water and a drop of dish soap to the blending jar.
- Secure the lid.
- Select the "Self-Clean" program and press "Start/Cancel".
- After the cycle, discard the water, rinse the jar, and dry thoroughly.

4. Manual Cleaning:

- For stubborn residue, use the provided cleaning brush to gently scrub the inner pot and around the blades. Exercise caution as blades are sharp.
- Wash the lid, nut milk bag, measuring cup, and strainer with warm, soapy water. Rinse and dry.
- Wipe the exterior of the main unit with a damp cloth. Do not use abrasive cleaners or immerse the main unit in water.

304 Stainless Steel Blades & Cup

Rust-resistant and odor-free for daily use

Image: A close-up view of the GDOR Nut Milk Maker's internal 304 food-grade stainless steel blades and inner pot, highlighting their robust construction for blending and ease of cleaning.

Storage:

Store the appliance in a clean, dry place when not in use. Ensure all parts are dry before storing.

TROUBLESHOOTING

If you encounter issues with your GDOR Smart Nut Milk Maker, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Appliance does not turn on.	Not plugged in; power outlet malfunction; lid not properly secured.	Ensure the power cord is securely plugged into a working outlet. Check that the lid is correctly placed and locked.
Blending is inefficient or stops.	Overfilling; ingredients too large or hard; insufficient liquid.	Do not exceed the MAX fill line. Cut ingredients into smaller pieces. Add more liquid if necessary.
Machine emits unusual noise or odor.	Overload; foreign object; motor issue.	Unplug immediately. Remove contents and check for obstructions. If the issue persists, discontinue use and contact customer support.
Display shows an error code.	Specific internal error.	Note the error code and refer to the manufacturer's website or contact customer support for specific guidance.

For further assistance, please contact GDOR customer support.
