homary JJ0382E1M5

Homary 47-inch Closet Island with LED Light and Jewelry Organizer

Model: JJ0382E1M5 | Brand: Homary

INTRODUCTION

This manual provides essential instructions for the safe and efficient assembly, operation, and maintenance of your Homary 47-inch Closet Island. Please read this guide thoroughly before beginning assembly or use, and retain it for future reference. This closet island is designed to enhance organization in bedrooms, closets, or dressing rooms with its integrated storage, LED lighting, and display features.

SAFETY INFORMATION

- Always follow assembly instructions carefully. Incorrect assembly can lead to instability and injury.
- Ensure all hardware is securely tightened before use. Periodically check and re-tighten as necessary.
- Do not overload drawers or shelves. Distribute weight evenly to prevent tipping.
- Keep small parts and packaging materials away from children and pets to prevent choking hazards.
- Avoid placing hot items directly on the tempered glass top without protective coasters.
- Disconnect power to the LED light before cleaning or performing any maintenance.
- This product is intended for indoor use only.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, contact customer support.

- Main body panels (MDF)
- Tempered glass top
- Drawer components (fronts, sides, backs, bottoms)
- Drawer slides and hardware
- LED light strip with motion sensor

- Jewelry organizer inserts
- Crystal handles/knobs
- Assembly hardware (screws, dowels, cam locks, etc.)
- Instruction manual

SETUP AND ASSEMBLY

Assembly is required for this product. It is recommended to have two people for assembly. Ensure you have a clear, spacious area to work in.

1. Unpacking and Component Identification

Carefully unpack all boxes and lay out the components on a soft, clean surface to prevent scratches. Identify each part using the provided parts list in the separate assembly guide.

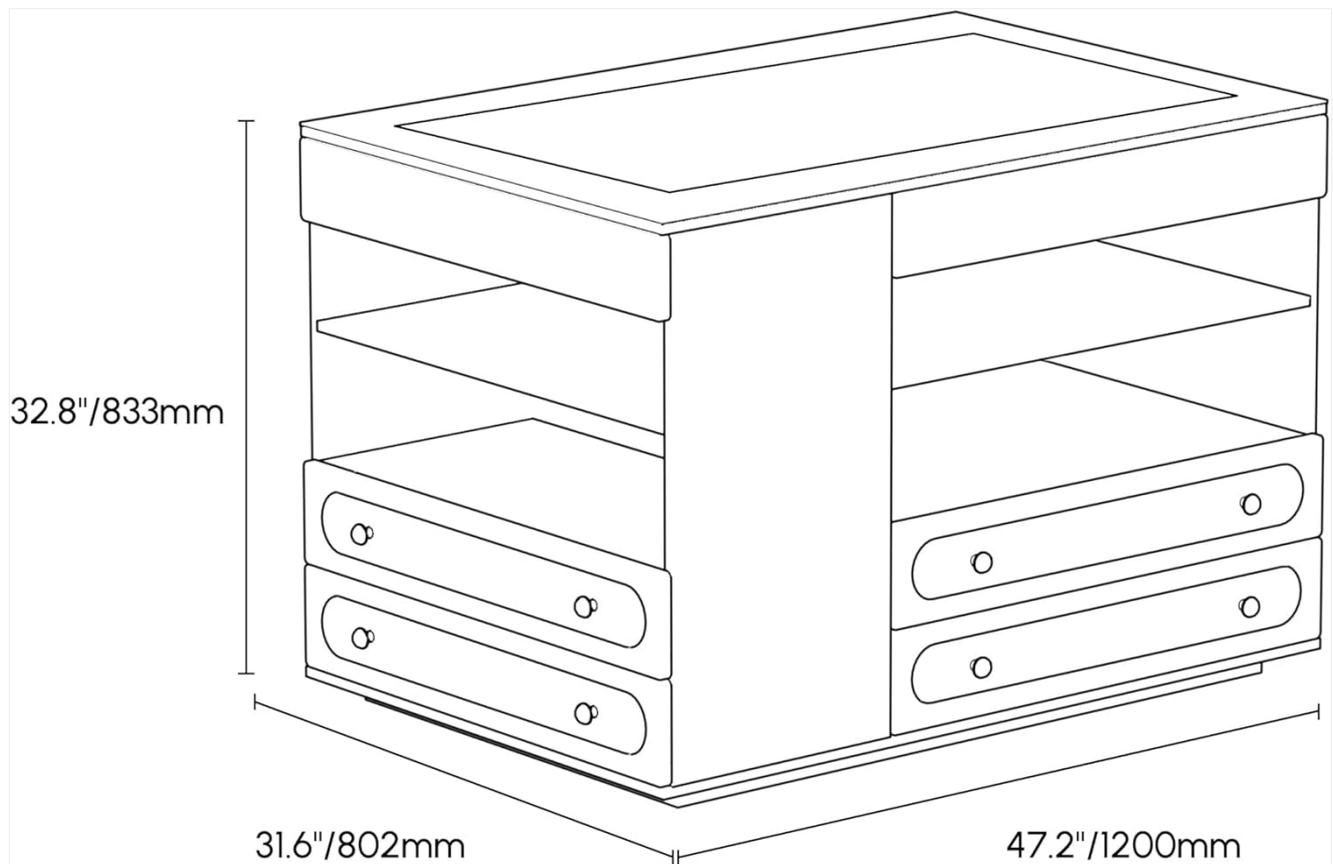

Figure 1: Product Dimensions Diagram

2. Assembling the Main Frame

Connect the side panels to the base and top panels using the provided hardware. Ensure all cam locks and screws are tightened for a stable structure. The unit features open side shelves for easy access.

3. Drawer Assembly and Installation

Assemble each of the nine drawers according to the instructions, attaching the crystal handles. Install the drawer slides onto the main frame and then carefully insert the assembled drawers. The drawers are designed for smooth operation.

4. Installing the Tempered Glass Top and LED Lighting

Carefully place the tempered glass top onto the designated area. The built-in LED light strip is pre-installed beneath the glass. Connect the LED power cable to a suitable power source. The motion sensor will activate the light.

OPERATING INSTRUCTIONS

Motion Sensor LED Light

The Homary Closet Island features an integrated LED light strip under the tempered glass top, activated by a smart motion sensor. When motion is detected near the island, the LED light will automatically illuminate the contents of the top jewelry display, providing clear visibility. The light will turn off after a period of inactivity.

Drawer Usage

The island is equipped with nine versatile drawers. The top drawers are designed with custom compartments for jewelry organization, accessible from both sides (dual-opening design). The lower drawers and open shelves provide additional storage for various items such as makeup, skincare products, and accessories. Pull drawers gently using the crystal handles.

MAINTENANCE

Cleaning

- **MDF Surfaces:** Wipe with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that can damage the finish. Dry immediately with a clean cloth.
- **Tempered Glass Top:** Use a glass cleaner and a microfiber cloth for streak-free cleaning. Do not spray cleaner directly onto the LED light area.
- **LED Light:** Ensure the unit is unplugged before cleaning. Gently wipe the LED strip and motion sensor with a dry, soft cloth.

- **Crystal Handles:** Clean with a soft, dry cloth. Avoid chemical cleaners that may dull the finish.

General Care

- Avoid direct sunlight and extreme temperature changes to prevent material warping or discoloration.
- Periodically check all screws and fasteners to ensure they remain tight.
- Do not drag the unit when moving; lift it to prevent damage to the base and flooring.

TROUBLESHOOTING

Problem	Possible Cause	Solution
LED light not turning on	Power cable disconnected; Motion sensor obstructed; Sensor malfunction.	Ensure power cable is securely plugged in. Clear any obstructions from the motion sensor. If the issue persists, contact customer support.
Drawers are stiff or not sliding smoothly	Drawer slides are dirty or misaligned; Overloaded drawer.	Clean drawer slides with a dry cloth. Check for proper alignment and adjust if necessary. Reduce the weight in the drawer.
Unit feels unstable	Hardware not fully tightened; Uneven flooring.	Check and tighten all assembly hardware. Place the unit on a level surface or use shims if necessary.
