MAINTENANCE

Proper care will ensure the longevity and appearance of your Mirightone Full Loft Bed.

- **Cleaning:** For general cleaning, wipe surfaces with a dry cloth. For more stubborn marks, a damp cloth can be used, followed immediately by a dry cloth to prevent moisture damage.
- **Hardware Check:** Periodically check all bolts, screws, and connections to ensure they remain tight. Retighten as necessary to maintain structural integrity.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, strong detergents, or chemical solvents, as these can damage the finish of the metal and engineered wood components.
- **Weight Distribution:** Ensure weight is evenly distributed on the bed and shelves to prevent stress on the frame.

TROUBLESHOOTING

If you encounter any issues with your Mirightone Full Loft Bed, please refer to the following common solutions:

- **Bed Feels Unstable/Wobbly:**
 - Ensure all assembly hardware (bolts, screws) are fully tightened.
 - Verify that the Anti-Tipping Kit is correctly installed and secured to the wall.
 - Check that the bed is on a level surface.
- **RGB LED Lights Not Working:**
 - Check if the power adapter is securely plugged into an active outlet and the LED strip.
 - Ensure the remote control has working batteries and is pointed directly at the receiver.
 - If using the app, ensure your device's Bluetooth is on and connected to the LED controller.
- **Charging Station Not Providing Power:**
 - Confirm the charging station's power cord is fully plugged into a functional wall outlet.
 - Test the outlet with another device to ensure it has power.
 - Check for any tripped circuit breakers in your home.
- **Missing Parts or Damaged Components:**
 - Refer to the parts list in your Installation Manual.
 - Contact Mirightone customer support for assistance (see Warranty and Support section).
