viquee P6pro

viquee P6pro 5G Unlocked Smartphone User Manual

Model: P6pro

1. INTRODUCTION

This manual provides essential instructions for setting up, operating, and maintaining your viquee P6pro 5G Unlocked Smartphone. Please read this manual thoroughly to ensure proper use and to maximize the device's performance and longevity.

Image 1.1: viquee P6pro 5G Unlocked Smartphone

The viquee P6pro is a 5G-enabled smartphone featuring a 6.5-inch display, Android 14.0 operating system, 8GB RAM, 256GB internal storage, and a 6800mAh battery. It supports dual SIM functionality and advanced camera capabilities.

2. SAFETY INFORMATION

- Do not expose the device to extreme temperatures, direct sunlight, or high humidity.
- Use only manufacturer-approved chargers and accessories.
- Avoid dropping or subjecting the device to severe impact.
- Do not attempt to disassemble or repair the device yourself. Refer to qualified service personnel.
- Keep the device away from children and pets.
- Follow local regulations for battery disposal.

3. PACKAGE CONTENTS

Verify that all items are present in your product package:

- viquee P6pro 5G Unlocked Smartphone
- USB Cable

- Battery (pre-installed)
- User Manual (this document)

4. DEVICE OVERVIEW

Familiarize yourself with the physical components of your viquee P6pro smartphone.

Image 4.1: Slim and Stylish Design of the viquee P6pro

The viquee P6pro features a sleek design with a 6.5-inch full display on the front and a multi-camera setup on the rear. The device is equipped with standard buttons and ports for power, volume, and charging.

5. SETUP

5.1. SIM Card and Micro SD Card Installation

The viquee P6pro supports dual Nano SIM cards and a dedicated Micro SD card for expandable storage.

1. Locate the SIM tray on the side of your phone.
2. Insert the SIM ejector tool (not included, use a thin pin) into the small hole on the tray to eject it.
3. Place your Nano SIM cards into the designated slots (Nano SIM 1, Nano SIM 2) and the Micro SD card into its dedicated slot, ensuring the gold contacts face downwards.
4. Carefully push the tray back into the phone until it is flush with the device body.

5.2. Initial Power On and Basic Setup

1. Press and hold the Power button until the viqee logo appears.
2. Follow the on-screen prompts to select your language, connect to a Wi-Fi network, and set up your Google account.
3. You may be prompted to transfer data from an old device or set up face recognition.

6. OPERATING YOUR DEVICE

6.1. Power On/Off and Restart

- **Power On:** Press and hold the Power button until the device vibrates and the logo appears.
- **Power Off:** Press and hold the Power button, then select 'Power off' from the options.
- **Restart:** Press and hold the Power button, then select 'Restart' from the options.

6.2. Screen Navigation

The viquee P6pro uses a touch-sensitive display. Use gestures such as tap, swipe, pinch-to-zoom, and long-press to navigate the interface.

6.3. Face Recognition Unlock

Unlock your device quickly and securely using face recognition technology.

1. Go to **Settings > Security > Face Unlock**
2. Follow the on-screen instructions to register your face.
3. Ensure adequate lighting when using face recognition.

6.4. Making Calls and Sending Messages

- Open the **Phone** app to make calls.
- Open the **Messages** app to send and receive text messages.

6.5. Internet Connectivity (Wi-Fi & Mobile Data)

- **Wi-Fi:** Go to **Settings > Network & internet > Wi-Fi** to connect to available networks.
- **Mobile Data:** Ensure your SIM card is active and mobile data is enabled in **Settings > Network & internet > Mobile network**. The device supports 5G connectivity.

6.6. Camera Usage

The viquee P6pro features a 35MP front camera and a 75MP rear camera.

1. Open the **Camera** app.
2. Select your desired mode (Photo, Video, Portrait, etc.).
3. Tap the shutter button to capture images or start/stop video recording.

6.7. GPS Navigation

Utilize the built-in GPS for accurate positioning and navigation.

GPS Navigation

Our phone offers accurate GPS positioning and navigation to ensure your safety and convenience. It also includes indoor navigation with 5 functions, covering 300 airports, high-speed rail stations, shopping malls, and other public places across the country.

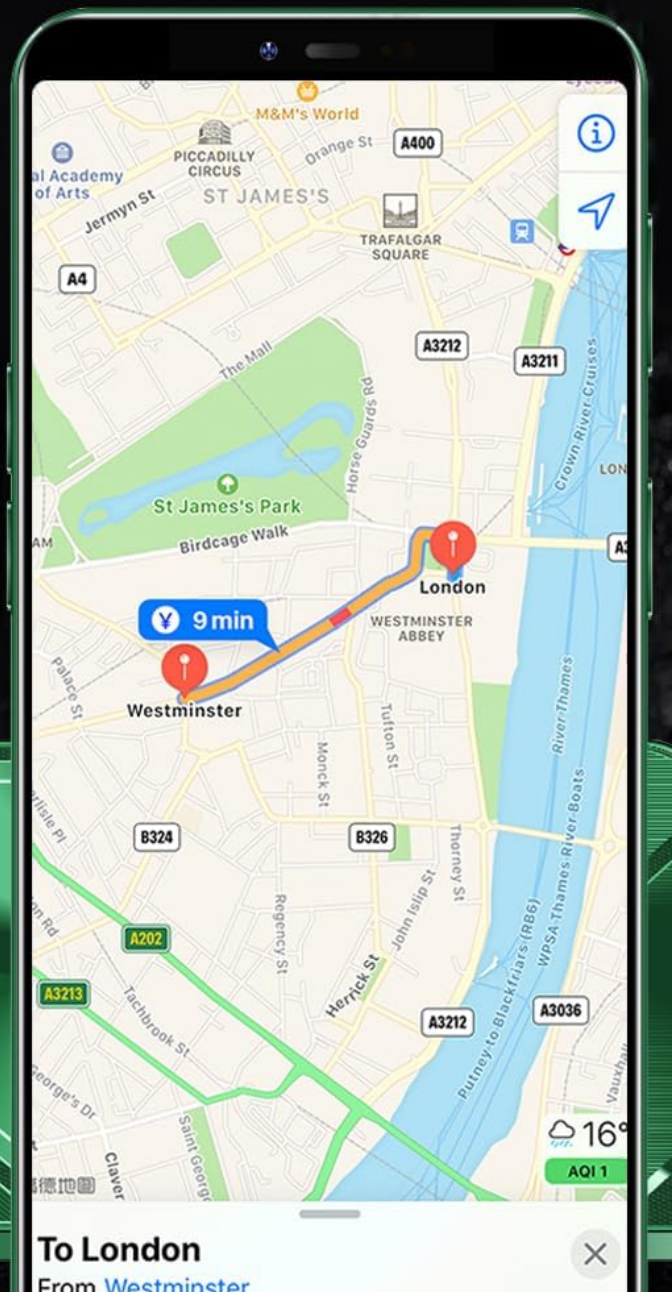

Image 6.2: GPS Navigation on viqee P6pro

Open a navigation application (e.g., Google Maps) to access GPS features. Ensure location services are enabled in your device settings.

6.8. Audio and Multimedia

Enjoy high-quality audio playback and multimedia content on your device.

HiFi Makes Music Change Your Heart

The revolutionary face detection helps you quick access your personal phone without any other move. Quite convenient for busy time or tight moment.

Image 6.3: Hi-Res Audio Playback

The device supports various audio and video formats. Use the pre-installed music and video players or download third-party applications.

6.9. Storage Management

Your viqee P6pro comes with 256GB of internal storage. You can expand this further using a Micro SD card.

- To check storage usage, go to **Settings > Storage**.
- Regularly clear unnecessary files and cache to maintain optimal performance.

7. MAINTENANCE

7.1. Battery Care

The device is equipped with a 6800mAh Lithium-ion battery.

- Avoid fully discharging the battery frequently.

- Do not leave the device charging for extended periods after it reaches 100%.
- Charge the device in a well-ventilated area.

7.2. Software Updates

Regularly check for and install software updates to ensure your device has the latest features and security patches. Go to **Settings > System > System update**

7.3. Cleaning

Use a soft, lint-free cloth to clean the screen and body of the phone. Avoid using harsh chemicals or abrasive materials.

8. TROUBLESHOOTING

If you encounter issues with your device, refer to the following common solutions:

- **Device not turning on:** Ensure the battery is charged. Connect to a charger and try again.
- **Apps crashing or freezing:** Close the app and reopen it. If the issue persists, restart the phone.
- **Poor network signal:** Check your SIM card installation. Move to an area with better network coverage.
- **Battery draining quickly:** Reduce screen brightness, close background apps, or disable unnecessary features like GPS or Wi-Fi when not in use.
- **Face recognition not working:** Ensure your face is well-lit and clear of obstructions. Re-register your face if necessary.

For more complex issues, contact viqee customer support.
