## ANDERY RLX11

# ANDERY RLX11 MagSafe Car Mount Charger User Manual

Model: RLX11

## 1. INTRODUCTION

Thank you for choosing the ANDERY RLX11 MagSafe Car Mount Charger. This manual provides essential information for the proper setup, operation, and maintenance of your device. Please read it thoroughly before use to ensure optimal performance and safety.

## 2. PACKAGE CONTENTS

- Magnetic car mount charger × 1
- User manual × 1
- Dashboard pad × 1 (optional for special surfaces)
- Charging cable × 1

## 3. PRODUCT FEATURES

- **360° Rotation & Dual-Axis Adjustment:** Features a 360° rotating base and 210° dual-axis folding metal arms for easy angle adjustments. Supports effortless switching between portrait and landscape modes.
- **15W Fast Charging with Dual Input & Intelligent Temperature Control:** Delivers up to 15W fast wireless charging, over 100% faster than traditional 7.5W chargers. Includes dual input ports (USB-C on top and bottom) for convenient power options. Intelligent temperature control reduces device heat by 15% during continuous charging.
- **Strong Suction & Stable Hold:** Utilizes advanced rotating-lock vacuum suction, boosting suction by 45% compared to traditional mounts. The 3-layer high-strength nano gel suction cup supports up to 78lbs and maintains firm hold in extreme temperatures (-104°F to 214°F).
- **Stronger Magnetic Force:** Equipped with 22 high-performance N55 magnets, providing 200% stronger magnetic strength (up to 2400gf of force). Securely holds your phone during bumps, sudden stops, or sharp turns without disrupting phone signals.
- **Perfect for iPhone Users – Snap & Go in 1 Second:** Engineered for iPhone 17/16/15/14/13/12 with built-in MagSafe technology, ensuring a flawless magnetic connection and effortless one-hand attachment.

## 4. SETUP

Before installation, ensure the mounting surface is clean and dry. If using the dashboard pad, apply it to a flat, clean area of your dashboard and allow 12-24 hours for optimal adhesion before attaching the mount.

## 5. INSTALLATION

The ANDERY RLX11 offers versatile mounting options for your vehicle's dashboard, panel, windshield, or center screen. Choose the location that provides the best viewing angle and accessibility without obstructing your driving view.

Figure 1: ANDERY RLX11 MagSafe Car Mount Charger, showcasing its compact design and magnetic charging surface.

## 5.1 Mounting the Device

1. **Prepare the Surface:** Clean the desired mounting area with an alcohol wipe and let it dry completely. For textured dashboards, use the provided dashboard pad for a smooth surface.
2. **Attach the Suction Cup:** Place the suction cup firmly onto the clean surface. Rotate the locking mechanism at the base of the mount clockwise until it clicks into place, creating a strong vacuum seal.
3. **Adjust the Arm:** Utilize the dual-axis folding metal arms to position the magnetic charging head to your preferred height and angle. The 360° rotating base allows for further fine-tuning.

Figure 2: Various mounting positions for the car mount, including dashboard, panel, windshield, and center screen.

Figure 3: Detailed view of the 3-layer nano gel suction cup technology, highlighting its strong adhesion and temperature resistance.

## 5.2 Video Installation Guide

Video 1: Official installation and usage guide for the ANDERY MagSafe Car Mount Charger, demonstrating its features and ease of use.

Video 2: A detailed review showcasing the strong magnetic hold and charging capabilities of the ANDERY iPhone MagSafe Car Mount Charger.

## 6. OPERATING INSTRUCTIONS

### 6.1 Attaching Your Phone

Ensure your iPhone (12 series or later) has built-in MagSafe technology or is equipped with a MagSafe-compatible case. Simply bring your phone close to the magnetic charging head; it will snap securely into place.

Figure 4: Illustrates MagSafe compatibility, showing iPhones (12 series and later) and MagSafe-compatible cases for secure attachment.

## 6.2 Adjusting Viewing Angle

The mount features a 360° rotating base and 210° dual-axis folding metal arms. Loosen the adjustment knobs slightly, position your phone to the desired portrait or landscape orientation and viewing angle, then tighten the knobs to secure it.

Figure 5: Demonstrates the 360° flexible adjustment capabilities of the mount, allowing for optimal viewing angles.

## 7. CHARGING FUNCTIONALITY

Connect the provided charging cable to one of the USB-C input ports on the mount and to a compatible car charger (not included). The mount supports 15W fast wireless charging for your MagSafe-compatible iPhone. The precise 1:1 coil design ensures optimal charging alignment and efficiency above 75%. Intelligent temperature control helps protect your device's battery health during long drives.

Figure 6: Visual representation of the 15W fast charging capability and its efficiency compared to other charging methods.

## 8. MAINTENANCE

---

- **Cleaning the Suction Cup:** If the suction cup loses its grip, rinse it with warm water and let it air dry. It will regain up to 99% of its suction power.
- **General Cleaning:** Wipe the mount with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners.

## 9. TROUBLESHOOTING

---

- **Mount not sticking:** Ensure the surface is clean and dry. For textured surfaces, use the provided dashboard pad. Make sure the locking mechanism is fully engaged.
- **Phone not charging:** Verify the charging cable is securely connected to both the mount and a power source. Ensure your phone is MagSafe-compatible or has a MagSafe-compatible case. Check for any obstructions between the phone and the charging head.
- **Phone falling off:** Confirm your phone or case is MagSafe-compatible. The mount features 22 N55 magnets for a strong hold; ensure proper alignment.

## 10. SPECIFICATIONS

---

<b>Product Dimensions</b>	2.8 x 2.79 x 1.6 inches
<b>Item Weight</b>	5.5 ounces
<b>Item Model Number</b>	RLX11
<b>Special Features</b>	Adjustable, Flexible, Lightweight, Magnetic, Wireless Charging
<b>Color</b>	Carbon Fiber
<b>Compatible Devices</b>	Smartphones
<b>Compatible Phone Models</b>	for iPhone 17, iPhone 17 Air, iPhone 17 Pro, iPhone 17 Pro Max, iPhone 16, iPhone 16 Pro, iPhone 16 Pro Max, iPhone 16 Plus, iPhone 15 Pro max, iPhone 15 Pro, iPhone 15 Plus, iPhone 15, iPhone 14 Pro max, iPhone 14 Pro, iPhone 14 Plus, iPhone 14, iPhone 13 Pro max, iPhone 13 Pro, iPhone 13, iPhone 12 Pro max, iPhone 12 Pro, iPhone 12
<b>Mounting Type</b>	Suction Car Charger

**Attaches in One Second**

**Only for iPhone with MagSafe**

✓ **iPhones with MagSafe**  
(12 series or later)

✓ **with MagSafe Cases**
