DORTALA Twin Folding Bed Frame with Mattress

User Manual - Model: 10990DOUHCA

1. INTRODUCTION

Thank you for choosing the DORTALA Twin Folding Bed Frame with Mattress. This portable guest bed is designed for convenience, comfort, and space-saving functionality, making it ideal for various settings such as guest rooms, apartments, offices, or studies. It features a sturdy metal frame, a comfortable gel memory foam mattress, and lockable wheels for easy mobility and secure placement.

This manual provides essential information for the safe and efficient use of your new folding bed. Please read it thoroughly before assembly and use, and retain it for future reference.

Image 1.1: The DORTALA Twin Folding Bed Frame with Mattress in an unfolded state, positioned in a room. The bed features a white mattress on a black metal frame, with a pillow and throw blanket.

2. SAFETY INFORMATION

Please observe the following safety precautions to prevent injury or damage to the product:

- **Read All Instructions:** Ensure you understand all assembly and operating instructions before using the bed.
- **Weight Capacity:** Do not exceed the maximum weight capacity of **485 lbs (220 kg)**. Overloading can cause structural failure and injury.
- **Children and Pets:** Keep children and pets away from the bed during assembly and folding/unfolding operations to prevent pinching or other injuries.
- **Stable Surface:** Always place the bed on a flat, level, and stable surface.
- **Lock Wheels:** When the bed is in use or stored in a stationary position, ensure the two lockable wheels are engaged to prevent accidental movement.

- **Regular Inspection:** Periodically check all bolts, screws, and connections to ensure they are tight and secure. Retighten as necessary.
- **Proper Folding/Unfolding:** Follow the instructions carefully when folding or unfolding the bed to avoid injury or damage to the mechanism.

3. SETUP: UNFOLDING THE BED

The DORTALA Folding Bed comes pre-assembled and only requires unfolding for use. Follow these steps:

1. **Position the Folded Bed:** Place the folded bed in the desired location, ensuring sufficient space around it for unfolding. Ensure the lockable wheels are engaged to prevent movement during unfolding.
2. **Release Securing Strap:** Locate and unfasten the hook and loop fasteners (securing strap) that hold the folded bed together.
3. **Unfold the Frame:** Gently pull the two halves of the bed frame apart until they are fully extended and flat. The central support legs should automatically extend.
4. **Ensure Legs are Locked:** Verify that all support legs are fully extended and locked into their open position for maximum stability.
5. **Position Mattress:** The mattress is designed to unfold with the frame. Ensure it is properly aligned on the frame. The integrated mattress retainers at the head and foot of the bed will help keep the mattress in place.
6. **Disengage Wheel Locks:** If you need to move the bed after unfolding, disengage the locks on the two wheels. Once in the final position, re-engage the wheel locks.

Space-saving Foldable Design

1. Fold up the bed frame

2. Fold up the support legs

3. Secure it with hook
& loop fasteners

Image 3.1: This diagram illustrates the process of folding the bed. To unfold, reverse these steps: first release the fasteners, then extend the support legs, and finally unfold the main bed frame.

4. OPERATING: FOLDING AND MOVING THE BED

The DORTALA Folding Bed is designed for easy storage and mobility.

4.1 Folding the Bed for Storage

1. **Clear the Bed:** Remove all bedding, pillows, and any other items from the bed.
2. **Disengage Wheel Locks:** Ensure the two lockable wheels are disengaged if they were locked.
3. **Fold Up Support Legs:** Gently lift the bed frame from the center and fold the support legs inwards.
4. **Fold the Frame:** Continue to fold the two halves of the bed frame together until they are compact. The mattress will fold with the frame.
5. **Secure with Strap:** Use the integrated hook and loop fasteners (securing strap) to hold the folded bed securely in its compact position.

6. **Engage Wheel Locks:** Once folded and secured, engage the locks on the two wheels if you intend to store it stationary.

Space-saving Foldable Design

1. Fold up the bed frame

2. Fold up the support legs

3. Secure it with hook
& loop fasteners

Image 4.1: This diagram illustrates the three steps for folding the bed: folding the frame, folding the support legs, and securing with the strap.

4.2 Moving the Bed

The bed is equipped with four universal wheels for easy movement.

- **Unfolded Bed:** If moving the bed while unfolded, ensure the two lockable wheels are disengaged. Gently push or pull the bed to its new location. Re-engage the wheel locks once positioned.
- **Folded Bed:** When the bed is folded and secured, disengage the two lockable wheels. The 360° swivel wheels allow for easy maneuverability. Push the bed to its storage location and engage the wheel locks to keep it stationary.

4 Smooth Universal Wheels

You can easily move the folding bed or fix it by locking the wheels

Image 4.2: A visual representation of the bed's mobility, highlighting the four universal wheels, two of which are lockable for secure positioning.

Image 4.3: The DORTALA Twin Folding Bed in its compact, folded state, stored upright next to a sofa, demonstrating its space-saving design.

5. MAINTENANCE

Proper maintenance will extend the life and performance of your DORTALA Folding Bed.

- **Frame Cleaning:** Wipe the metal frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Mattress Cover Care:** The mattress features a removable cover with a smooth zipper for easy cleaning. Refer to the care label on the mattress cover for specific washing instructions. Typically, machine wash cold on a gentle cycle and tumble dry low, or air dry.
- **Regular Inspection:** Periodically check all nuts, bolts, and screws to ensure they remain tight. Retighten any loose fasteners to maintain structural integrity.
- **Wheel Maintenance:** Keep the wheels free of debris and hair to ensure smooth movement.
- **Storage:** When not in use, store the bed in its folded position in a dry, cool place to protect the mattress and frame.

4" Luxury Mattress

Provides you with the ultimate comfortable sleeping experience

6. TROUBLESHOOTING

If you encounter any issues with your DORTALA Folding Bed, refer to the following common problems and solutions:

• Bed Feels Unstable/Wobbly:

- Ensure all support legs are fully extended and locked into position.
- Check that all frame connections (bolts/screws) are tight. Retighten if necessary.
- Verify the bed is on a flat and level surface.

• Wheels Not Rolling Smoothly:

- Check if the wheel locks are engaged. Disengage them for movement.
- Inspect wheels for any debris (hair, lint) that might be obstructing their rotation. Clean as needed.

- **Mattress Slipping on Frame:**
 - Ensure the mattress is correctly positioned within the frame.
 - Verify that the integrated mattress retainers at the head and foot of the bed are properly engaged and holding the mattress.
- **Difficulty Folding/Unfolding:**
 - Ensure no bedding or other items are obstructing the folding mechanism.
 - Apply gentle, even pressure. Do not force the mechanism.
 - Check for any bent parts or obstructions in the hinges.
