## 3. SETUP

### 3.1 Initial Power On and Basic Configuration

1. **Charge the Tablet:** Before first use, ensure the tablet is fully charged using the provided USB-C cable and charging head.
2. **Power On:** Press and hold the Power button (located on the side) for 2-3 seconds until the ReInDoo logo appears.
3. **Language and Region:** Follow the on-screen prompts to select your preferred language and region.
4. **Wi-Fi Connection:** Connect to a stable Wi-Fi network to complete the setup process and access online features.
5. **Google Account:** Sign in with your Google account or create a new one to access the Google Play Store and other Google services.

## 3.2 Connecting Accessories

The ReIndoo TAB9 supports various accessories for enhanced productivity.

- **Bluetooth Keyboard:**

- a. Turn on the keyboard using its power switch.
- b. On your tablet, go to **Settings > Connected devices > Bluetooth** and enable Bluetooth.
- c. Select the keyboard from the list of available devices and follow any pairing instructions.

- **Wireless Mouse:**

- a. Insert AAA batteries into the mouse (not included).
- b. Turn on the mouse.
- c. Pair the mouse via Bluetooth in the same manner as the keyboard.

- **Stylus Pen:** The stylus pen is a passive device and does not require pairing. Simply use it directly on the screen for navigation or writing.

- **Protective Case:** Carefully insert the tablet into the foldable protective case. The case can be folded to act as a stand for hands-free viewing.

## 4. OPERATING INSTRUCTIONS

### 4.1 Basic Navigation and Interface

The Relndoo TAB9 runs on Android 15, offering an intuitive and customizable user experience.

- **Touchscreen Gestures:** Use standard Android gestures such as tap, swipe, pinch-to-zoom, and long-press to interact with the interface.
- **Home Screen:** Customize your home screen with widgets and app shortcuts.
- **Notification Panel:** Swipe down from the top of the screen to access notifications and quick settings.
- **Split-Screen Mode:** For efficient multitasking, long-press an app icon in the recent apps view and select the split-screen option.

## 4.5 Storage Management

The tablet comes with 256GB of internal storage, expandable up to 2TB via a microSD card (FAT32 format, sold separately).

- **Inserting a microSD Card:** Locate the microSD card slot on the side of the tablet and gently insert the card until it clicks into place.
- **Managing Storage:** Go to **Settings > Storage** to view storage usage and manage files.

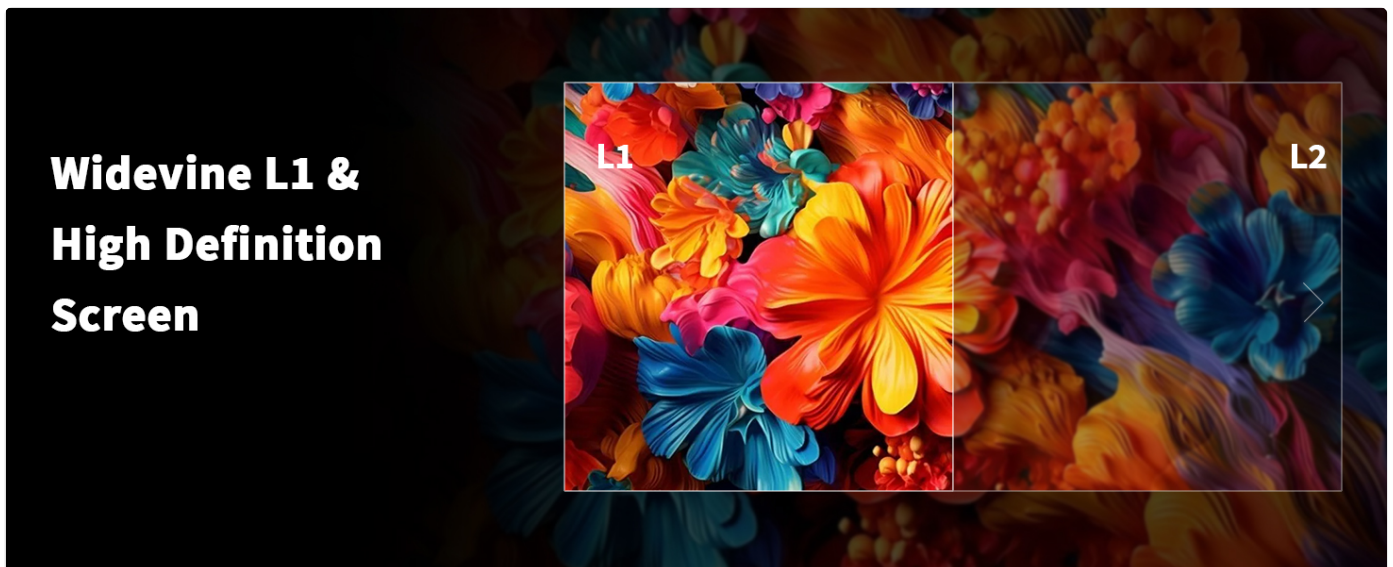

Image: Visual representation of the tablet's ample and expandable storage for various media types.

## 4.6 Gemini AI Integration

The tablet integrates Gemini AI for enhanced user experience and productivity.

- **Intelligent Assistance:** Gemini AI assists with content creation, information retrieval, image analysis, code development, and language learning.
- **Personalized Customization:** AI intelligent optimization combines with new features like sidebars, floating balls, gesture controls, and global dark mode.

## 5. MAINTENANCE

### 5.1 Battery Care

The 8000mAh high-capacity battery provides extended usage. Follow these tips for optimal battery life:

- **Regular Charging:** Fully charge the tablet once a month, even if not in regular use, to maintain battery health.
- **Avoid Extreme Temperatures:** Do not expose the tablet to very high or low temperatures, as this can degrade battery performance.
- **Intelligent Power Saving:** The tablet features AI intelligent power saving for longer battery life.
- **Intelligent Charging Protection:** AI intelligent charging protection ensures efficient charging and extended durability.

## 5.2 Cleaning and Storage

- **Cleaning the Screen:** Use a soft, lint-free cloth, slightly dampened with water or a screen cleaner, to wipe the display. Avoid harsh chemicals.
- **Cleaning the Body:** Wipe the tablet's body with a soft, dry cloth.
- **Storage:** Store the tablet in a cool, dry place away from direct sunlight and extreme temperatures.

## 5.3 Software Updates

- **Checking for Updates:** Regularly check for system updates to ensure your tablet has the latest features and security patches. Go to **Settings > System > System updates**

## 6. TROUBLESHOOTING

Problem	Possible Solution
Tablet does not power on.	Ensure the battery is charged. Connect the charger and try again. If unresponsive, press and hold the Power button for 5 seconds for a forced shutdown, then restart.
Screen is unresponsive.	Restart the tablet. If the issue persists, perform a factory reset (backup data first).
Wi-Fi connection issues.	Check if Wi-Fi is enabled in settings. Restart your router and the tablet. Forget the network and reconnect.
Bluetooth accessories not connecting.	Ensure Bluetooth is enabled on both devices. Make sure accessories are in pairing mode. Forget and re-pair the device.
Apps are slow or freezing.	Close background apps. Clear app cache (Settings > Apps > [App Name] > Storage & cache). Ensure sufficient free storage space.
