Type-C
Convenient charging

Usage	Duration
Web surfing	7.5 Hrs
Video	6.5 Hrs
Games	6 Hrs
Music	35 Hrs
Calls	30 Hrs
Sleep mode	432 Hrs

Image 4.1: Tablet Charging. This image illustrates the tablet connected to a charger, highlighting its 8000mAh battery capacity.

4.2. Powering On/Off

- **To Power On:** Press and hold the Power button until the ReIndoo logo appears.
- **To Power Off:** Press and hold the Power button, then select "Power off" from the options on the screen.
- **To Sleep/Wake:** Briefly press the Power button.

4.3. Initial Configuration

Upon first power-on, follow the on-screen prompts to set up your tablet:

1. Select your preferred language.
2. Connect to a Wi-Fi network.
3. Sign in with your Google account or create a new one.
4. Review and accept the terms and conditions.
5. Set up screen lock (PIN, pattern, password, or face unlock).

4.4. Inserting a MicroSD Card

To expand storage, locate the microSD card slot on the side of the tablet. Gently insert a FAT32 formatted microSD card (up to 2TB) until it clicks into place.

Front-facing
AI camera

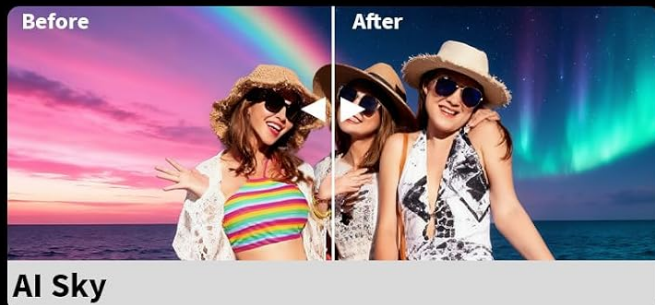

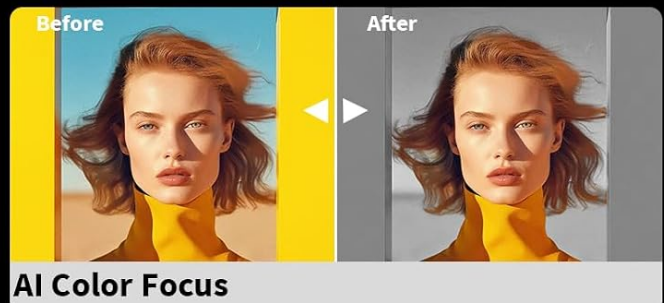

Image 5.3: Dual Camera System. This image highlights the 16MP rear and 8MP front cameras, along with AI enhancement features.

- Open the **Camera** app.
- Tap the shutter button to take a photo or start/stop video recording.
- Switch between front and rear cameras using the camera toggle icon.
- Utilize **AI Smart Google Lens** for translation, search, and homework assistance directly from the camera app.

5.4. Gemini AI Integration

The RelIndoo TAB9 features integrated Gemini AI to assist with various tasks.

- **Content Creation:** Generate ideas and drafts for text.
- **Information Retrieval and Summarization:** Quickly find and condense information.
- **Image Analysis:** Understand and describe image content.
- **Code Development:** Assist with programming tasks.
- **Language Learning:** Support for language practice and translation.

- **Intelligent Assistant:** General queries and task automation.

6. MAINTENANCE

6.1. Cleaning Your Tablet

- Use a soft, lint-free cloth to clean the screen and body.
- Avoid using harsh chemicals, abrasive cleaners, or aerosol sprays.
- For stubborn smudges, slightly dampen the cloth with water or a screen-specific cleaning solution.

6.2. Battery Care

- Avoid extreme temperatures, as they can degrade battery life.
- Do not leave the tablet fully charged or fully discharged for extended periods.
- Use the provided charger for optimal charging performance.

6.3. Software Updates

Regularly check for and install system updates to ensure optimal performance, security, and access to new features. Go to **Settings > System > System update**

7. TROUBLESHOOTING

Here are solutions to common issues you might encounter:

Issue	Possible Solution
Tablet does not power on.	Ensure the tablet is charged. Connect it to the charger for at least 30 minutes, then try powering on again. If unresponsive, perform a forced restart by holding the Power button for 10-15 seconds.
Wi-Fi connection issues.	Restart your Wi-Fi router and the tablet. Forget the network in tablet settings and reconnect. Ensure you are within range of the Wi-Fi signal.
Tablet is running slow.	Close unused apps. Clear cache for frequently used apps (Settings > Apps > [App Name] > Storage & cache > Clear cache). Restart the tablet. Consider uninstalling unnecessary apps or moving large files to the microSD card.
Bluetooth accessory not pairing.	Ensure the accessory is in pairing mode and fully charged. Turn Bluetooth off and on again on the tablet. Move the accessory closer to the tablet.
Screen is unresponsive.	Perform a forced restart. If the issue persists, ensure the screen is clean and free of debris.
