FURYCUBE IP98

FURYCUBE IP98 Wired Gaming Keyboard User Manual

Comprehensive instructions for your FURYCUBE IP98 Wired Gaming Keyboard.

1. PRODUCT OVERVIEW

The FURYCUBE IP98 is a wired gaming keyboard designed for both gaming and work environments. It features a compact 98-key layout, RGB backlighting, IPX8 water resistance, and durable side-printed PBT translucent keycaps. This manual provides detailed information on setting up, operating, maintaining, and troubleshooting your keyboard.

3. SETUP INSTRUCTIONS

Follow these steps to set up your FURYCUBE IP98 keyboard:

1. **Connect the Keyboard:** Plug the USB-C end of the provided cable into the keyboard's port and the USB-A end into an available USB port on your computer.
2. **System Compatibility:** The keyboard is compatible with Windows and Mac operating systems. Use the Fn+A key combination to switch to Windows mode and Fn+W for Mac mode.
3. **Driver Installation:** The keyboard is plug-and-play and typically does not require additional drivers. Your operating system should automatically recognize the device.

4. OPERATING THE KEYBOARD

4.1 RGB Backlighting

The FURYCUBE IP98 keyboard features 16.8 million RGB color options, 10 different logo color changes, 7 distinct RGB lighting modes and effects, 4 backlight brightness levels, and adjustable breathing speed. These settings can be customized to suit various preferences, from office work to gaming.

- **Changing Lighting Modes:** Long press the multifunctional knob to cycle through different RGB lighting modes.
- **Adjusting Brightness:** Use the multifunctional knob to adjust the backlight brightness (4 levels available).
- **Logo Color Changes:** The keyboard supports 10 different logo color changes.

5. MAINTENANCE

To ensure the longevity and optimal performance of your FURYCUBE IP98 keyboard, follow these maintenance guidelines:

- **Water Resistance:** The keyboard features an IPX8 waterproof casing, designed to resist daily splashes. While it can withstand accidental spills, it is recommended to clean any liquid spills promptly to prevent potential damage.
- **Cleaning:** Use a soft, damp cloth to wipe the surface of the keyboard. For deeper cleaning, you may carefully remove keycaps and clean underneath with compressed air or a small brush. Ensure the keyboard is disconnected from your computer before cleaning.
- **Storage:** Store the keyboard in a dry, cool environment away from direct sunlight and extreme temperatures.

IPX8 WATERPROOF

Waterproof coating prevents accidental spills
from interrupting your game's print screen

6. TROUBLESHOOTING

If you encounter issues with your FURYCUBE IP98 keyboard, refer to the following common solutions:

Problem	Solution
Keyboard not responding	<p>Ensure the USB-C cable is securely connected to both the keyboard and the computer.</p> <p>Try connecting the keyboard to a different USB port on your computer.</p> <p>Test the keyboard on another computer to rule out system-specific issues.</p>

Problem	Solution
RGB backlighting not working or incorrect	<p>Long press the multifunction knob to cycle through lighting modes.</p> <p>Rotate the knob to adjust brightness levels.</p> <p>Ensure the keyboard is receiving sufficient power from the USB port.</p>
Keys are sticky or unresponsive	<p>Clean the keycaps and underneath the keys using compressed air or a soft brush.</p> <p>Ensure no debris is lodged beneath the keycaps.</p>

If the issue persists after attempting these solutions, please contact FURYCUBE customer support for further assistance.
