4. Assembly Instructions

Follow the step-by-step instructions provided in the included color-printed manual for optimal assembly. The process involves constructing individual rose heads, leaves, and adjustable stems.

4.1. General Assembly Process

1. **Unpack Components:** Carefully open the packaging and sort the building blocks. It is recommended to organize pieces by type or color to facilitate assembly.
2. **Follow Manual:** Refer to the detailed color-printed instruction manual for specific steps for each rose. Each rose is built individually.
3. **Construct Rose Heads:** Assemble the petals according to the diagrams to form the rose heads. The set includes designs for roses at various stages of bloom (bud, blooming, full bloom).
4. **Attach Leaves:** Connect the green leaf pieces to the stem sections as indicated.
5. **Assemble Stems:** Construct the stems using the provided pieces. The stems are designed to be adjustable in length.
6. **Combine Components:** Attach the assembled rose heads and leaves to the stems.

5. Usage and Display

Once assembled, the TYCOLE Black Roses Building Set can be arranged into a bouquet for decorative purposes. The adjustable stems allow for customization to fit various vase sizes and display preferences.

- **Arrangement:** Arrange the 12 roses in a vase (not included) to create a personalized bouquet.
- **Stem Adjustment:** Adjust the length of the stems by adding or removing segments to suit your desired display height.
- **Petal and Leaf Positioning:** Gently adjust the position of individual petals and leaves to achieve a natural and aesthetically pleasing appearance.
- **Placement:** Display the bouquet in various settings such as living rooms, offices, dining rooms, or any area where a unique botanical accent is desired.
