Bewinner Bewinnerr1tqs5gnib

Bewinner 4G 5G LTE Mobile Hotspot User Manual

Model: Bewinnerr1tqs5gnib

INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your Bewinner 4G 5G LTE Mobile Hotspot. Please read this manual thoroughly before using the device to ensure optimal performance and safety.

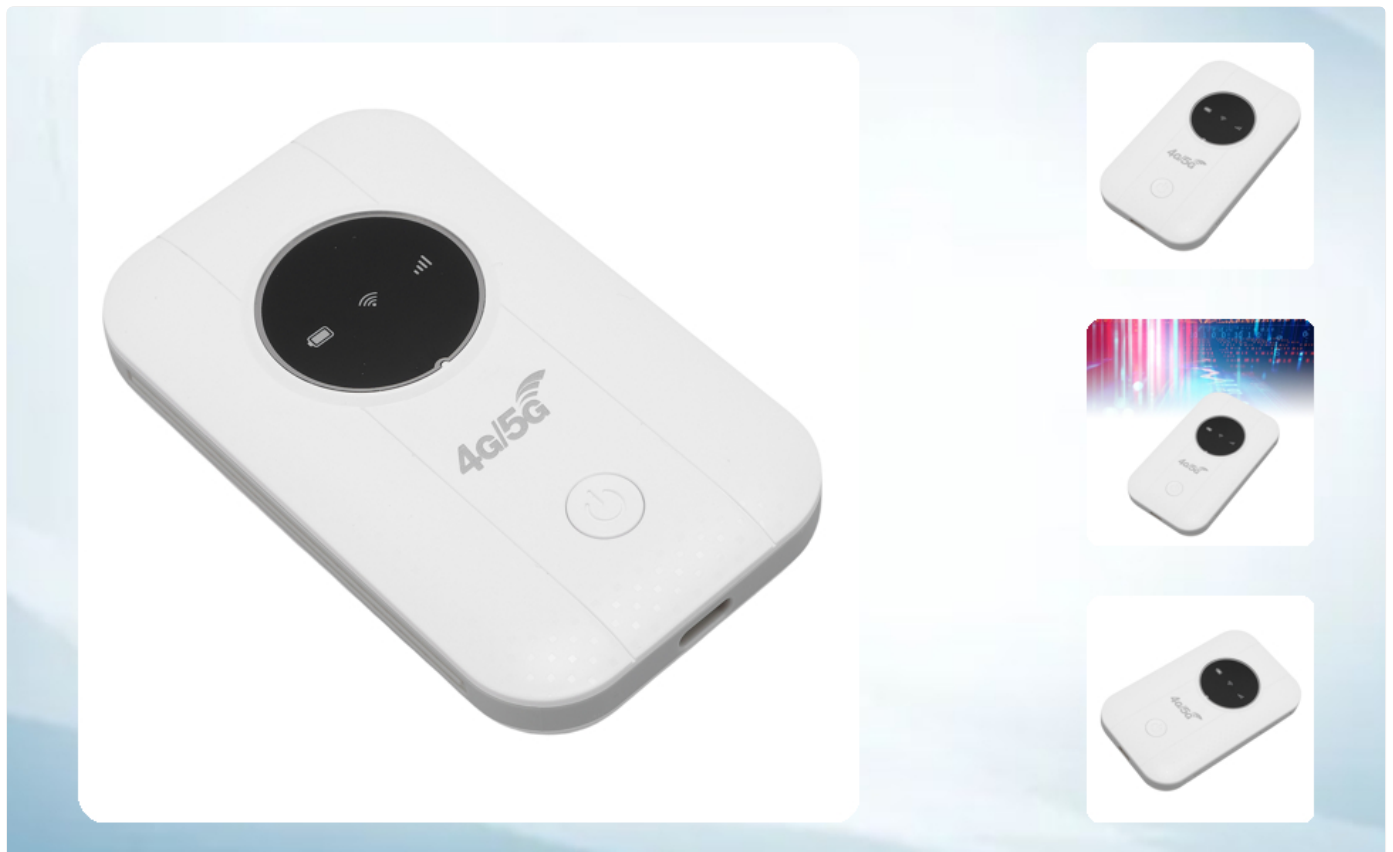

Image: The Bewinner Portable WiFi Hotspot, a compact device displaying its 4G/5G capability and network status indicators.

The Bewinner Mobile Hotspot is designed to provide high-speed internet access on the go. It supports LTE CAT4 standard, offering speeds up to 300Mbps, depending on network strength. It features a built-in 3650mAh battery for extended use and can

connect up to 10 devices simultaneously. This portable router is ideal for various applications, including business, entertainment, and outdoor activities.

Support WPA/WPA2 encryption effectively prevent various virus attacks

PACKAGE CONTENTS

Verify that all items are present in the package:

- 1 x Portable WiFi Hotspot
- 1 x Supply Cord (USB-C charging cable)
- 1 x User Manual (this document)

SETUP

1. Insert SIM Card:

Open the back cover of the hotspot device. Locate the SIM card slot. Insert a compatible 4G or 5G SIM card (not included) into the slot. Ensure the SIM card is correctly oriented as indicated on the device. Close the back cover securely.

2. Charge the Device:

Connect the provided USB-C supply cord to the hotspot's charging port and the other end to a USB power source (e.g., computer USB port, power bank, car charger). The device has a built-in 3650mAh Li battery. Ensure the device is sufficiently charged before first use.

3. **Power On:**

Press and hold the power button located on the device until the indicators light up. The device will automatically detect the SIM card and attempt to connect to the network.

OPERATING INSTRUCTIONS

1. **Connect to WiFi:**

Once the hotspot is powered on and connected to the mobile network, it will broadcast a WiFi signal. On your smartphone, tablet, or laptop, search for available WiFi networks. Select the network name (SSID) corresponding to your Bewinner Hotspot. The default SSID and password are usually found on a sticker inside the battery compartment or on the device packaging.

2. **Enter Password:**

Enter the WiFi password (WPA/WPA2 encryption) when prompted. The device supports WPA/WPA2 encryption to prevent unauthorized access.

3. **Multiple Device Connection:**

The hotspot can connect up to 10 devices simultaneously, including smartphones, tablets, laptops, and other WiFi-enabled devices.

Can connect 10 devices simultaneously

MAINTENANCE

- Keep the device clean and dry. Avoid exposure to extreme temperatures, humidity, or direct sunlight.
- Do not attempt to disassemble or repair the device yourself. Refer to qualified service personnel for any repairs.
- When operating for extended periods, ensure adequate ventilation to prevent overheating.
- Regularly check for firmware updates to ensure optimal performance and security.

TROUBLESHOOTING

Problem	Possible Solution
---------	-------------------

Problem	Possible Solution
No internet connection	◦ Ensure the SIM card is correctly inserted and active. ◦ Check if your SIM card has an active data plan. ◦ Verify network coverage in your current location. ◦ Restart the hotspot device.
Cannot connect to WiFi	◦ Ensure the hotspot is powered on. ◦ Verify the WiFi password. ◦ Check if too many devices are connected (maximum 10). ◦ Move closer to the hotspot.
Slow internet speed	◦ Speed depends on network strength; try moving to an area with better signal. ◦ Reduce the number of connected devices. ◦ Close bandwidth-intensive applications on connected devices.
Device overheating	◦ Ensure the device is in a well-ventilated area. ◦ Avoid placing it on soft surfaces that block vents. ◦ If using for extended periods, consider powering it off periodically.

SPECIFICATIONS

Feature	Detail
Model Number	Bewinnerr1tqs5gnib
Network Frequency	LTE: B1/B3/B5/B40, WCDMA: B1/B3
Wireless Standard	802.11 b/g/n (LTE CAT4)
Max Transfer Speed	Up to 300Mbps
SIM Card Slot	1 x SIM Card (not included)
Battery Type	Built-in 3650mAh Li Battery
Battery Life	More than 10 hours continuous use
Connected Devices	Up to 10 devices
Charging Port	USB-C
Item Weight	4.4 ounces
Package Dimensions	4.33 x 2.76 x 1.18 inches

Built in 3650mAh battery
Capable of continuous use for more than 10 hours
