

## H9

# H9 Smart Watch User Manual

Model: H9 | Brand: Generic

## INTRODUCTION

Welcome to the user manual for your new H9 Smart Watch. This guide provides detailed instructions on how to set up, operate, and maintain your device, ensuring you get the most out of its features. The H9 Smart Watch features a 2.01-inch Ultra HD display, Bluetooth 5.0 connectivity, over 100 sports modes, and comprehensive health monitoring capabilities including heart rate and blood oxygen tracking. It is designed for both men and women, offering up to 7 days of battery life and IP67 water resistance.

## PACKAGE CONTENTS

- H9 Smart Watch (1 unit)
- Charging Cable (1 unit)
- User Manual (This document)

## SETUP GUIDE

### 1. Charging the Smart Watch

Before first use, fully charge your H9 Smart Watch.

- Connect the magnetic charging cable to the charging pins on the back of the watch.
- Plug the USB end of the cable into a standard USB power adapter (5V/1A recommended) or a computer's USB port.
- The watch display will show a charging indicator. A full charge typically takes approximately 2 hours.
- Once fully charged, disconnect the charging cable.

## 2. Installing the Companion App

To unlock the full potential of your H9 Smart Watch, you need to install the companion application on your smartphone.

1. Scan the QR code provided in the watch's packaging or search for "LAXASFIT APP" in your smartphone's app store (Google Play Store for Android, Apple App Store for iOS).
2. Download and install the application.
3. Open the app and follow the on-screen instructions to create an account or log in.

### 3. Pairing with Your Smartphone

Ensure Bluetooth is enabled on your smartphone.

1. Open the LAXASFIT app on your smartphone.
2. Navigate to the "Device" or "Add Device" section within the app.
3. The app will search for nearby Bluetooth devices. Select "H9 Smart Watch" from the list of available devices.
4. Confirm the pairing request on both your watch and smartphone if prompted.
5. Once successfully paired, the watch will synchronize data with the app.

## OPERATING INSTRUCTIONS

### Basic Navigation

- **Touchscreen:** Swipe left/right, up/down to navigate through menus and screens. Tap to select an option.
- **Functional Crown:** Rotate the crown to scroll through lists or zoom in/out. Press the crown to return to the home screen or confirm selections.

## Health Monitoring

The H9 Smart Watch is equipped with advanced sensors for comprehensive health tracking.

- **Heart Rate Monitoring:** Access the heart rate function on the watch to measure your current heart rate. Continuous monitoring can be enabled via the app.
- **Blood Oxygen (SpO2) Monitoring:** Use the SpO2 function to measure your blood oxygen levels.
- **Sleep Monitoring:** Wear the watch during sleep to track sleep patterns (deep sleep, light sleep, awake time). Data is synchronized to the app.
- **Sedentary Reminder:** Set reminders in the app to encourage movement after periods of inactivity.

## Sports & Fitness Modes

The watch supports over 100 sports modes to track your physical activities.

- **Selecting a Sport Mode:** Navigate to the "Sports" menu on the watch, select your desired activity (e.g., Running, Cycling, Yoga), and tap to start tracking.
- **Data Tracking:** The watch will record metrics such as duration, calories burned, distance, and heart rate during your workout.
- **Viewing Data:** Sync your watch with the app to view detailed workout summaries and historical data.

## Bluetooth Calling & Music Control

- **Bluetooth Calling:** Once paired, you can make and receive calls directly from your watch. Access the dial pad or call history on the watch.
- **Music Control:** Control music playback on your smartphone (play, pause, skip tracks) directly from the watch.

## Notifications

Receive real-time notifications from your smartphone directly on your watch.

- Enable app notifications in the LAXASFIT app settings.
- Notifications for calls, messages, and social media apps will appear on your watch display.

## MAINTENANCE AND CARE

- **Cleaning:** Wipe the watch and strap regularly with a soft, dry cloth. For stubborn dirt, use a slightly damp cloth and then dry thoroughly.
- **Water Resistance:** The H9 Smart Watch has an IP67 waterproof rating. This means it is resistant to splashes, rain, and brief immersion in water (up to 1 meter for 30 minutes). It is not suitable for hot water baths, saunas, or diving. Avoid prolonged exposure to water.
- **Avoid Chemicals:** Do not use harsh chemicals, cleaning solvents, or strong detergents to clean the watch, as this may damage the finish or internal components.
- **Temperature:** Avoid exposing the watch to extreme temperatures (very hot or very cold) for extended periods.
- **Storage:** When not in use for a long time, store the watch in a cool, dry place.

## TROUBLESHOOTING

---

Problem	Possible Solution
Watch does not turn on	Ensure the watch is fully charged. Connect it to the charger for at least 10 minutes.
Cannot pair with smartphone	Ensure Bluetooth is enabled on your phone. Make sure the watch is within Bluetooth range (approx. 10 meters). Restart both the watch and your smartphone. Forget the device in your phone's Bluetooth settings and try pairing again through the LAXASFIT app.
Notifications not received	Check notification permissions for the LAXASFIT app in your phone's settings. Ensure the app is running in the background. Verify that notifications are enabled within the LAXASFIT app.
Inaccurate health data	Ensure the watch is worn snugly on your wrist, about one finger's width above the wrist bone. Keep the sensor clean and free from debris. Note that smartwatches are not medical devices and data is for reference only.
Short battery life	Reduce screen brightness. Limit continuous heart rate monitoring or frequent use of power-intensive features like Bluetooth calling. Ensure the watch is fully charged each time.
