Sony INZONE E9 Wired In-Ear Monitor for Gaming: Instruction Manual

Introduction

The Sony INZONE E9 Wired In-Ear Monitor is designed for competitive gaming, co-developed with Fnatic for elite FPS play. These earbuds feature noise-isolating tips and a fully enclosed structure to sharpen every sound. The included USB-C audio box enables 7.1ch virtual surround sound and custom settings via the INZONE Hub software.

Package Contents

- INZONE E9 Wired In-Ear Monitors
- USB-C Audio Box
- Noise Isolation Earbud Tips (various sizes)
- Hybrid Earbud Tips (various sizes)
- Carrying Case
- Reference Guide
- Warranty Card

The INZONE E9 earbuds and accessories are stored securely in the compact carrying case.

Product Overview

The INZONE E9 features a low-profile design with flexible ear hooks for a secure and comfortable fit. The earbuds are designed to minimize external noise and provide clear audio.

Front view of the Sony INZONE E9 Wired In-Ear Monitors.

Key Components:

- **Earbuds:** Feature a completely closed structure for noise isolation.

- **Ear Hooks:** Flexible design for stable and comfortable wear.
- **Eartips:** Interchangeable noise isolation and hybrid types for optimal fit and sound.
- **1.8m Cable:** Thin and flexible, suitable for various setups.
- **USB-C Audio Box:** Enables 360 Spatial Sound and EQ control.

Setup

1. Choosing the Right Eartips

The INZONE E9 includes two types of eartips: Noise Isolation and Hybrid. Select the type and size that provides the most comfortable fit and best sound seal for your ears.

- **Noise Isolation Eartips:** Ideal for professional use and tournaments, these tips are made from polyurethane foam to effectively attenuate noise, especially in high-frequency ranges.
- **Hybrid Eartips:** Best suited for daily use, offering a comfortable and stable fit for extended gaming sessions.

Various sizes of eartips are included to ensure a personalized and comfortable fit.

2. Wearing the Earbuds

Place the earbuds in your ears with the flexible ear hooks positioned over your outer ear. Adjust the ear hooks to ensure a snug and stable fit. The ergonomic design minimizes pressure on the ear canal for prolonged comfort.

The flexible ear hook design ensures a secure and comfortable fit during use.

3. Connecting to Your Device

The INZONE E9 offers versatile connectivity options:

- **Direct 3.5mm Jack:** Connect the earbuds directly to any device with a 3.5mm audio port.
- **USB-C Audio Box:** For enhanced features like 360 Spatial Sound and EQ control, connect the earbuds to the supplied USB-C audio box, then connect the audio box to your PC or compatible device via USB-C.

The USB-C audio box provides advanced audio features when connected to a compatible device.

Operating Instructions

Basic Audio Playback

Once connected, the INZONE E9 will function as standard wired headphones, providing clear audio output from your device. Ensure your device's volume is set appropriately.

INZONE Hub Software (PC)

For PC gaming, download and install the INZONE Hub software. This software unlocks the full potential of your INZONE E9, including:

- **360 Spatial Sound for Gaming:** Experience precise positional audio.
- **EQ Control:** Fine-tune audio settings with game-specific profiles, including FPS-tuned presets developed with Fnatic.

Note: Windows 10 (64 bit) or later and an internet connection are required for the PC software INZONE Hub. To experience 360 Spatial Sound for Gaming, the feature must be turned on while using the INZONE Hub PC software.

The INZONE Hub software allows for detailed audio customization and spatial sound activation.

Sound Features

FPS-Tuned Sound by Pros

The audio profile of the INZONE E9 has been tuned by elite players to enhance positional awareness, allowing you to hear footsteps and shots with accuracy in fast-paced FPS matches.

The INZONE E9 is specifically tuned for First-Person Shooter games.

Noise Isolation

The sealed body design and noise-isolating eartips block external distractions, allowing you to focus entirely on your game's audio. This is particularly beneficial in noisy tournament environments.

360 Spatial Sound

When used with the USB-C audio box and INZONE Hub software, the INZONE E9 provides 360 Spatial Sound, offering an immersive audio experience that helps pinpoint sound sources in a virtual 3D space.

Design and Comfort

The INZONE E9 is engineered for comfort during extended use:

- **Low-Profile Design:** Sits snugly in the ear, ideal for wearing under earmuffs or headsets.
- **Flexible Ear Hook:** Provides stability and a secure fit.
- **Lightweight:** Each earbud weighs approximately under 20 grams, reducing ear fatigue.
- **Slim 1.8m Cable:** Designed to be unobtrusive and comfortable.

The compact and comfortable fit of the INZONE E9, featuring a slim cable and various eartip options.

Maintenance

Cleaning Eartips

Regularly clean the eartips with a soft, dry cloth to remove earwax and debris. For a more thorough cleaning, remove the eartips and wash them with mild soap and water, ensuring they are completely dry before reattaching.

Storing the Earbuds

When not in use, store the INZONE E9 earbuds and the USB-C audio box in the provided carrying case. This protects them from dust, damage, and tangling, ensuring they are ready for your next gaming session.

Specifications

Model Name	INZONE E9
Item Model Number	IERG900W.UC
Brand	Sony
Connectivity Technology	Wired
Headphones Jack	3.5 mm Jack
Hardware Interface	USB Type C
Ear Placement	In Ear
Form Factor	In Ear
Noise Control	Passive Noise Cancellation
Special Feature	360 Spatial Sound, Sealed Design for Noise Isolation
Item Weight	0.166 ounces (approx. 4.7 grams)
Product Dimensions	6.19 x 5.94 x 5.81 inches
Material	Rubber, Silicone, Thermoplastic Elastomer (TPE)
Recommended Uses	Gaming

Troubleshooting

- **No Sound:** Ensure the 3.5mm jack or USB-C audio box is fully inserted into the device. Check device volume

settings. If using the USB-C audio box, confirm it is properly connected and recognized by your PC.

- **Poor Sound Quality:** Verify that the eartips are correctly sized and seated in your ear to ensure a proper seal. Check audio settings in your device or INZONE Hub software for correct EQ and spatial sound configurations.
- **Discomfort:** Experiment with different eartip sizes and types (noise isolation vs. hybrid) to find the most comfortable fit. Adjust the ear hooks for optimal positioning.
- **INZONE Hub Issues:** Ensure your PC meets the system requirements (Windows 10 64-bit or later) and has an active internet connection for software updates. Restart the software or your PC if issues persist.

Warranty and Support

For warranty information, please refer to the warranty card included in your product package. For further support, product registration, or to access additional resources, please visit the official Sony support website.
