5.2 Volume Control

Adjust the volume by pressing the ears on top of the Toniebox. Pressing the larger ear increases the volume, while pressing the smaller ear decreases it.

5.3 Skipping Tracks

To skip to the next track, gently tap the side of the Toniebox. Tapping the other side will return to the previous track.

5.4 Fast Forward / Rewind

Tilt the Toniebox to fast forward or rewind within a track. Tilting it forward will fast forward, and tilting it backward will rewind.

5.5 Automatic Shut-off

The Toniebox is designed to automatically turn off after a period of inactivity to conserve battery life.
