

TreasLin HSV293S

TreasLin VSDinside HSV293S Macro Keypad Stream Controller User Manual

MODEL: HSV293S

Brand: TreasLin

Introduction

The TreasLin VSDinside HSV293S Stream Controller is a versatile macro keypad designed to streamline workflows for content creators, gamers, and professionals. Equipped with 15 customizable keys, it allows for one-touch execution of various actions across multiple applications and platforms. This manual provides essential information for setting up, operating, and maintaining your device.

Setup Instructions

Follow these steps to get your HSV293S Stream Controller ready for use:

- 1. Connect the Device:** Connect the HSV293S Stream Controller to your PC or Mac using the provided USB-C cable. The device is plug-and-play, but software installation is required for full functionality.
- 2. Download Software:** Download and install the VSD Craft software from the official TreasLin website. The manual included in the packaging will provide specific instructions or a link for the download.
- 3. Software Installation:** Follow the on-screen prompts to complete the software installation. The software is compatible with PC (Windows 10 64-bit+) and macOS (Catalina 10.15+).
- 4. Explore the Marketplace:** Once installed, open the VSD Craft software. You can explore the integrated VSDinside marketplace to find and download plugins, icons, and profiles tailored to your needs.
- 5. Customize Keys:** Use the drag-and-drop interface within the VSD Craft software to assign actions and shortcuts to the 15 customizable keys.

HOW TO USE HSV293S

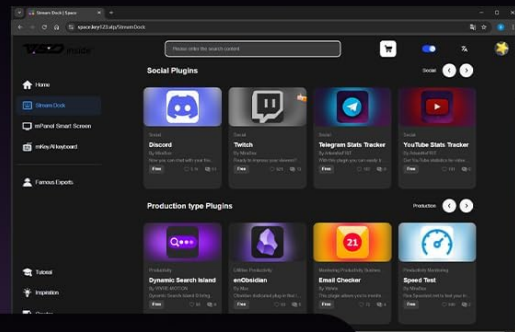

Get started in seconds

Download and install VSD Craft according to the manual.

Troubleshooting

If you encounter any issues during the use of your TreasLin VSDinside HSV293S Stream Controller, please refer to the following:

- **Connection Problems:** Ensure the USB-C cable is securely connected to both the device and your computer. Try a different USB port or cable if issues persist.
- **Software Not Responding:** Close and restart the VSD Craft software. Ensure your operating system and software drivers are up to date.
- **Key Functionality:** Double-check the assigned actions for the problematic keys within the VSD Craft software. Ensure all necessary plugins are installed and enabled.
- **Spotify Integration:** Note that Spotify integration requires an active Spotify Premium account.
