MgaoLo W98

MgaoLo Kids Smart Watch W98 User Manual

Model: W98

Brand: MgaoLo

INTRODUCTION

This manual provides essential instructions for setting up, operating, and maintaining your MgaoLo Kids Smart Watch W98. Please read this manual thoroughly to ensure proper use and to maximize the features of your device. This smartwatch is designed for children, offering a range of activity tracking, health monitoring, and entertainment features.

SETUP

1. Unboxing

Upon opening the package, ensure all components are present:

- MgaoLo Kids Smart Watch W98
- Charging Cable
- User Manual (this document)

2. Initial Charging

Before first use, fully charge the smartwatch. Connect the provided charging cable to the watch and a compatible USB power source. A full charge typically takes approximately 2 hours. The watch has a battery life of 5-7 days depending on usage.

3. Power On/Off

- **Power On:** Press and hold the side button until the screen illuminates.
- **Power Off:** Press and hold the side button, then select 'Power Off' on the screen.

4. App Connection (Optional)

The MgaoLo Kids Smart Watch W98 can function independently without a phone or app. However, connecting to the companion app unlocks additional features such as 24-hour heart rate monitoring, sedentary reminders, customized wallpapers, message/call reminders, and remote camera control. Refer to the watch's on-screen instructions or the app store for the specific app name and download process.

OPERATING INSTRUCTIONS

1. Navigation

The smartwatch features a 1.85-inch HD touchscreen. Swipe left, right, up, or down to navigate through menus and functions. Tap to select items.

2. Core Features

- **Activity Tracking:** Monitors steps, distance, and calories burned throughout the day.
- **100+ Sports Modes:** Select from over 100 sports modes, including running, cycling, basketball, and more, to track specific workout data.
- **Heart Rate Monitor:** Provides on-demand heart rate readings. For continuous monitoring, connect to the app.
- **Sleep Monitor:** Automatically tracks sleep patterns, including deep sleep, light sleep, and awake times.
- **12 Puzzle Games:** Engage in various brain-boosting games. Parents can control game duration via the companion app for balanced playtime.
- **Notifications:** Receive message and call reminders when connected to the app.
- **Alarm Clock/Stopwatch/Timer:** Utilize these utility functions for daily tasks and activities.
- **Flashlight:** A built-in flashlight function is available for convenience.
- **Customizable Watch Faces:** Choose from 5 built-in watch faces or customize with personal photos via the app.
- **Remote Camera Control:** Control your phone's camera remotely by shaking the watch when connected to the app.

3. Water Resistance

The MgaoLo Kids Smart Watch W98 has an IP68 water resistance rating. This means it is resistant to dust and can withstand immersion in water up to 1.5 meters for 30 minutes. It is suitable for activities like swimming in cold water, showering, or running in the rain, but not for hot water activities or deep diving.

MAINTENANCE

1. Cleaning

Regularly clean your smartwatch with a soft, dry cloth. If necessary, use a slightly damp cloth with mild soap, then wipe dry. Avoid harsh chemicals or abrasive materials.

2. Charging Best Practices

Use only the provided charging cable. Avoid overcharging the device. Charge in a cool, dry environment.

3. Storage

When not in use for extended periods, store the watch in a cool, dry place. Ensure it has some charge to prevent deep discharge of the battery.

TROUBLESHOOTING

- **Watch not powering on:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes before attempting to power it on again.
- **Inaccurate heart rate/activity readings:** Ensure the watch is worn snugly on the wrist, not too tight or too loose. Clean the sensor on the back of the watch.
- **Why is there a green light at the back of the watch?**The green light indicates the optical sensor is active, measuring heart rate or other biometric data. This is normal operation.
- **No long battery life:** Battery life can vary based on usage. Frequent use of sports modes, games, or continuous heart rate monitoring will consume more power. Ensure background apps are closed if connected to a phone, and reduce screen brightness if possible.
- **Cannot connect to the app:** Ensure Bluetooth is enabled on your smartphone and the watch is within range. Restart both the watch and the phone, then try pairing again through the app.
