# MgaoLo Kids Smart Watch 1.85-inch User Manual

Model: a592c719-6b76-45ce-9226-9ce03d73dd6d  
Brand: MgaoLo

## 1. INTRODUCTION

Thank you for choosing the MgaoLo Kids Smart Watch. This device is designed to provide children with an engaging and functional wearable experience, featuring fitness tracking, interactive games, and essential smart functionalities. This manual provides detailed instructions for setup, operation, and maintenance to ensure optimal use.

## 2. WHAT'S IN THE BOX

Please verify that all items are present in your package:

- MgaoLo Kids Smart Watch
- Charging Cable
- User Manual (this document)

## 3. SETUP

### 3.1 Initial Charging

Before first use, fully charge the smart watch. Connect the provided charging cable to the watch's charging port and a standard USB power adapter (not included). The watch display will indicate charging status. A full charge typically takes

approximately 2 hours.

### 3.2 Powering On/Off

- **To Power On:** Press and hold the side button until the screen illuminates.
- **To Power Off:** Press and hold the side button, then select the 'Power Off' option on the screen.

### 3.3 Basic Settings

Upon first power-on, you may need to set the time, date, and language directly on the watch. More advanced settings and customizations are available when connected to the companion application.

## 4. OPERATING INSTRUCTIONS

---

### 4.1 Navigation

The smart watch features a 1.85-inch HD touchscreen for intuitive navigation. Swipe left, right, up, or down to access different functions and menus. Tap to select options.

# Multiple Functions

Image 4.1: Overview of multiple functions available on the smart watch, illustrated with icons.

## 4.2 Fitness Tracking

The watch includes various sensors to monitor physical activity and health metrics.

- **Heart Rate Monitor:** Access the heart rate function to measure your current heart rate. For continuous monitoring,

connect to the companion app.

- **Sleep Monitor:** The watch automatically tracks sleep patterns, including deep sleep, light sleep, and awake times. View detailed sleep data in the app.
- **Activity Tracking:** Monitors steps taken, distance covered, and calories burned throughout the day.
- **Sports Modes:** Over 100 sports modes are available, including running, cycling, basketball, and more. Select a mode before starting an activity to track specific workout data.

# All Day Activity Tracking

**100**  
BPM

**10.2**  
Distance

**0385**  
Calories

**14200**  
Steps

Image 4.2: The smart watch displaying real-time activity tracking data during a run.

# Auto Sleep Monitoring

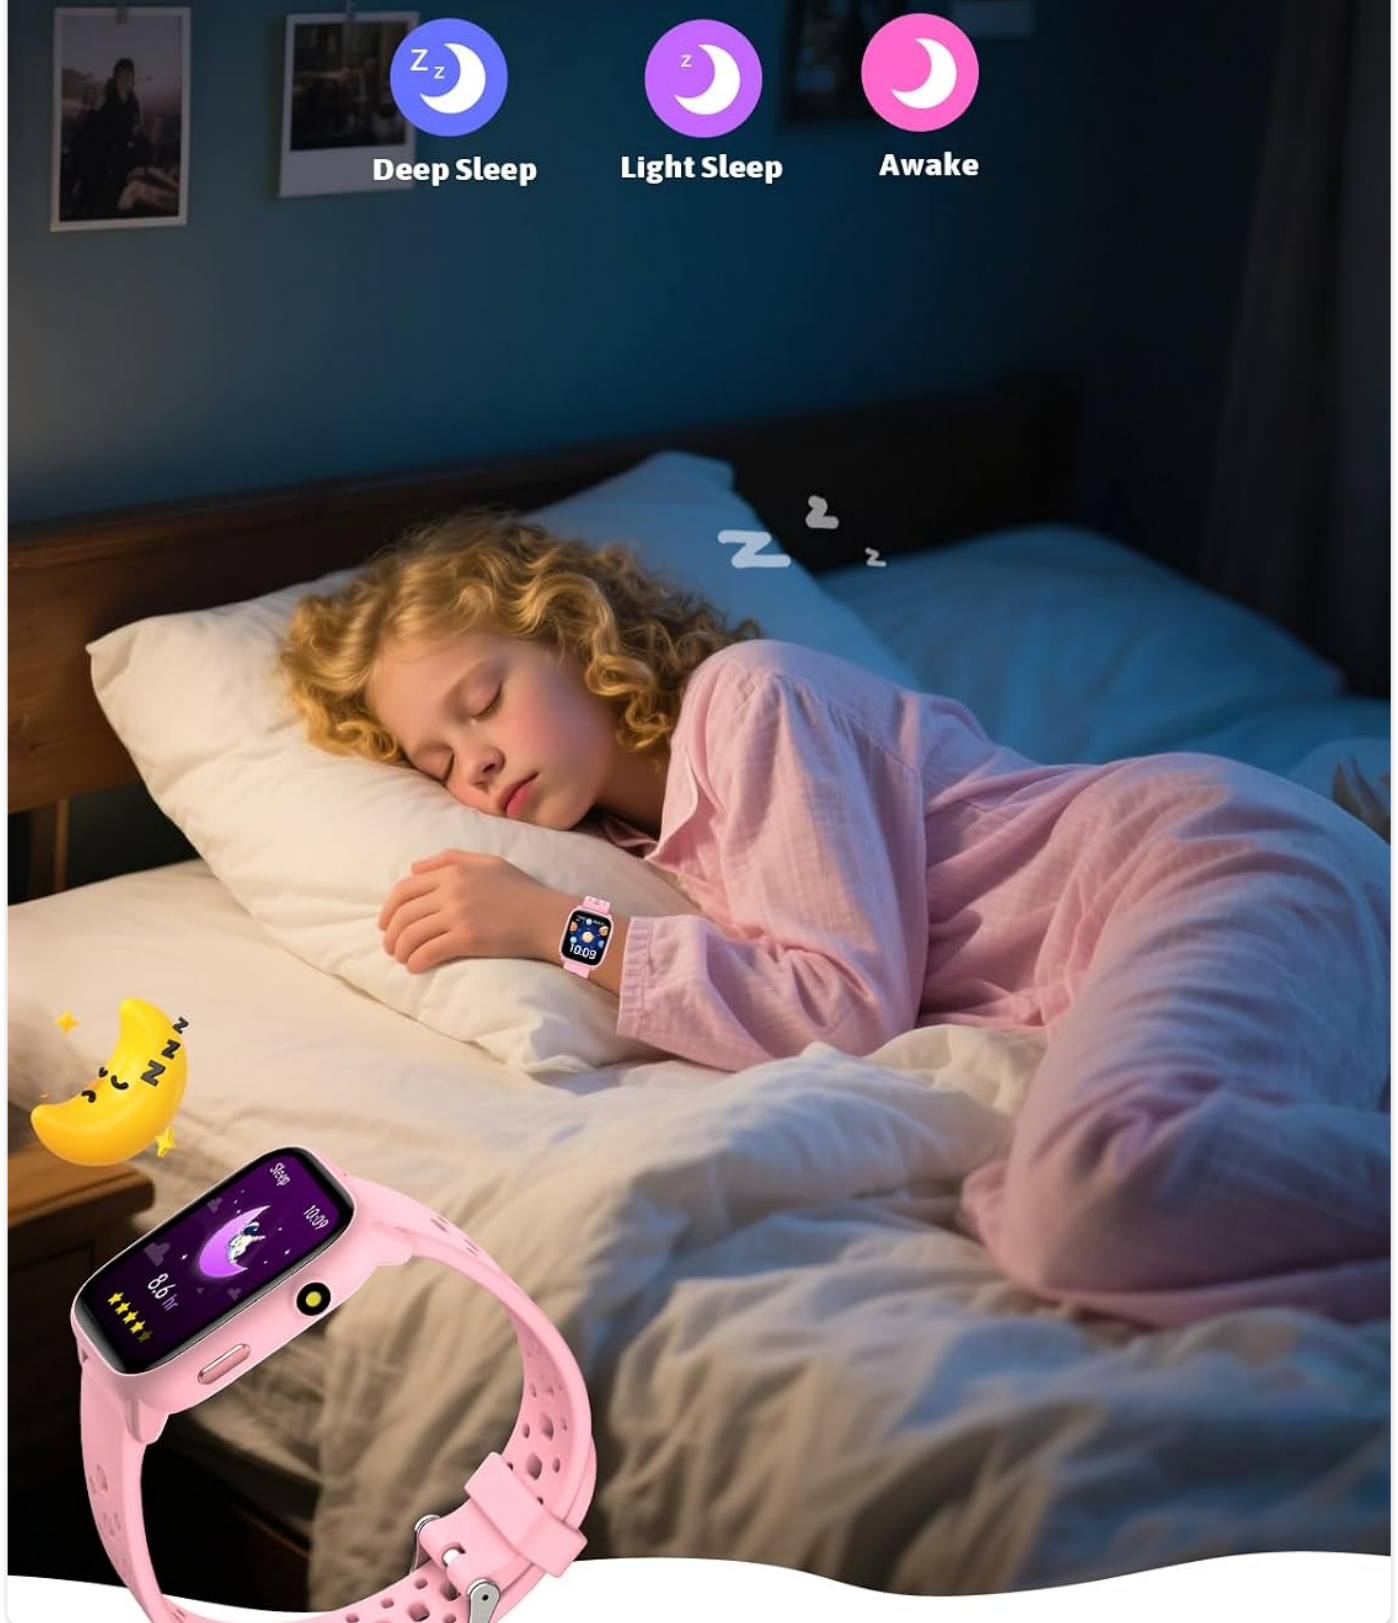

Image 4.3: The smart watch's automatic sleep monitoring feature, showing deep, light, and awake sleep phases.

Image 4.4: Illustration of the 100+ sports modes feature, encouraging various physical activities.

### 4.3 Games

The watch includes 12 built-in puzzle games for entertainment. Parents can manage game duration and access via the companion application to ensure balanced playtime.

#### 4.4 Customization

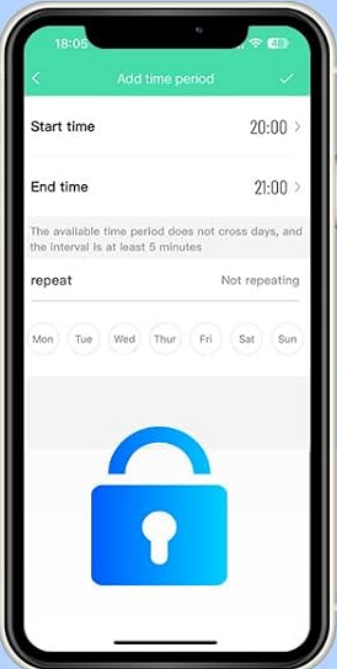

- **Watch Faces:** Choose from multiple pre-installed watch faces. Over 100 additional watch faces and custom wallpaper options are available through the companion app.

# Multiple Dial Customized Wallpaper

## 12 Funny Games

The game function can be turned off in the app.

The image displays a young boy in a blue shirt making a peace sign. To his left is a smartwatch with a blue strap showing a photo of the boy and the time 20:59. Below the boy are four example watch faces: one with a pink dog, one with a space theme, one with a yellow and purple background, and one with a moon and stars. Below these is a section titled '12 Funny Games' with a grid of 12 game icons. To the left of the games is a smartphone screen showing the 'Add time period' settings for the watch, with fields for start and end times and a repeat schedule. The games include a chicken, a tree, a car, a compass, a lock, and various puzzles.

Image 4.5: Customization options for watch faces and the selection of 12 puzzle games, with parental control features shown on a

smartphone.

## 4.5 App Connectivity

The MgaoLo Kids Smart Watch can function independently without a smartphone or app for basic features. However, connecting to the dedicated companion app unlocks additional functionalities:

- **Without App:** Set time/date/language, 100+ sport modes, brightness adjustment, 5 built-in watch faces, heart rate monitor, activity tracker (pedometer, distance, calories), 12 puzzle games, flashlight, stopwatch/timer/alarm clock.
- **With App:** Access to 100+ watch faces, customized wallpaper, 24-hour heart rate monitoring/alarm, sedentary reminders, message/call reminders, remote camera control, and 'Find Phone' function.

Image 4.6: Feature comparison: Standalone watch functions versus enhanced features with app connectivity.

## 4.6 Other Features

- **Flashlight:** Activate the built-in flashlight function for convenience.
- **Stopwatch & Timer:** Utilize these tools for various timing needs.
- **Alarm Clock:** Set alarms directly on the watch or through the app.
- **Remote Camera Control:** When connected to the app, use the watch to remotely trigger your smartphone's camera.
- **Information Reminders:** Receive notifications for messages and calls from a connected smartphone.

Image 4.7: The smart watch's remote camera control feature, activated by shaking the watch.

Image 4.8: The smart watch provides information reminders and includes stopwatch and timer functions.

## 5. MAINTENANCE

### 5.1 Charging

Charge the watch using the provided charging cable. Battery life is approximately 5-7 days depending on usage. Avoid using damaged cables or non-certified chargers.

### 5.2 Water Resistance

The watch has an IP68 water resistance rating, meaning it is protected against immersion in water up to 1.5 meters for up to 30 minutes. It is suitable for activities like swimming or showering in cold water. Avoid hot water, steam, or prolonged immersion.

### 5.3 Cleaning

Wipe the watch and strap regularly with a soft, dry cloth. If necessary, use a slightly damp cloth and mild soap, then dry thoroughly. Avoid harsh chemicals or abrasive materials.

## 6. TROUBLESHOOTING

- **Watch not powering on:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- **Charging issues:** Check if the charging cable is securely connected to both the watch and the power source. Ensure the charging contacts on the watch are clean.
- **App connection problems:** Ensure Bluetooth is enabled on your smartphone and the watch. Restart both devices and try pairing again. Refer to the app's instructions for specific pairing steps.
- **Inaccurate data:** Ensure the watch is worn snugly on the wrist, not too tight or too loose. For heart rate and sleep monitoring, consistent wear is recommended.
- **Screen unresponsive:** Try restarting the watch by holding the side button. If the issue persists, contact customer support.

## 7. SPECIFICATIONS

| Feature      | Specification                        |
|--------------|--------------------------------------|
| Model Number | a592c719-6b76-45ce-9226-9ce03d73dd6d |

|                         |                                                                                                                       |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------|
| Screen Size             | 1.85 Inches                                                                                                           |
| Display Type            | HD Touchscreen                                                                                                        |
| Operating System        | Wear OS 3.0                                                                                                           |
| Memory Storage Capacity | 128 MB                                                                                                                |
| Battery Capacity        | 170 Milliamp Hours                                                                                                    |
| Battery Type            | Lithium Ion (Nonstandard Battery)                                                                                     |
| Connectivity Technology | Bluetooth                                                                                                             |
| Water Resistance Rating | IP68                                                                                                                  |
| Item Weight             | 4.2 ounces                                                                                                            |
| Special Features        | Activity Tracker, Sleep Monitor, Heart Rate Monitor, Pedometer, Notifications, Touchscreen, Time Display, Alarm Clock |

## 8. WARRANTY AND SUPPORT

For warranty information and customer support, please refer to the product packaging or contact MgaoLo customer service directly. Keep your purchase receipt for warranty claims.
