4. SETUP

Setting up your building blocks for play is simple:

1. Unpack all components from the storage box.
2. Familiarize yourself with the different types of connecting pieces, wheels, and eye accessories.
3. Refer to the included instruction booklet for initial model ideas and step-by-step guidance on how to connect the pieces.
4. Ensure a clean, flat play surface for optimal building experience.

5. OPERATING INSTRUCTIONS

The Afomida Creative Building Blocks are designed for intuitive and flexible construction:

- **Connecting Pieces:** The blocks feature a unique ball-and-socket design, allowing pieces to snap together and rotate, enabling dynamic and articulated creations.
- **Building Models:** Use the instruction booklet to guide you in building specific models like dinosaurs, robots, cars, and more. The booklet provides visual steps for assembly.
- **Creative Design:** Beyond the provided models, children are encouraged to use their imagination to create their own unique designs and figures. The flexible connections support a wide range of structures.
- **Adding Details:** Utilize the included wheels to create moving vehicles or creatures, and attach the eye pieces to bring characters to life.

6. MAINTENANCE

Proper care will ensure the longevity of your building blocks:

- **Cleaning:** Wipe the blocks with a damp cloth and mild soap if necessary. Rinse thoroughly and air dry completely before storing. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Always store all pieces in the provided storage box after use. This helps prevent loss of pieces and keeps the play area tidy.
- **Inspection:** Periodically check pieces for wear and tear. Replace any broken or severely worn pieces to maintain safety and

functionality.

7. TROUBLESHOOTING

If you encounter any issues with your building blocks, consider the following:

- **Difficulty Connecting Pieces:** Ensure pieces are aligned correctly before attempting to snap them together. A firm, steady push should secure the connection. Avoid forcing pieces if they do not align.
- **Models Not Holding Together:** Check that all connections are fully engaged. Complex or very tall structures may require a stable base and balanced weight distribution.
- **Missing Pieces:** Carefully check the play area and storage box. If pieces are genuinely missing from a new set, please contact customer support.
