BTHFST TS04-3

BTHFST TV Stand with LED Lights & Power Outlets (Model TS04-3) Instruction Manual

For Models: TS04-3 (71" White)

1. INTRODUCTION

This manual provides detailed instructions for the assembly, setup, operation, and maintenance of your BTHFST TV Stand with LED Lights and Power Outlets. Please read this manual thoroughly before assembly and use to ensure safe and correct operation.

2. SAFETY INFORMATION

Important Safety Instructions:

- Ensure the TV stand is securely attached to the wall using the provided anti-tip kit. This prevents accidental tipping and potential injury.
- Do not exceed the maximum loading weight of **120 LBS** (approximately 54 kg) on the TV stand. Overloading can compromise stability and lead to structural failure.
- Follow all installation instructions carefully. Incorrect assembly can result in instability and safety hazards.
- Keep all electrical components (power outlets, LED lights) away from water or excessive moisture.
- Do not attempt to modify the product. Any modifications may void the warranty and create safety risks.
- Keep small parts and packaging materials away from children to prevent choking hazards.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all components and hardware are present. Refer to the detailed installation instructions included in your package for a complete list of parts. If any parts are missing or damaged, please contact customer support.

Typical components include:

- Wooden top panel and shelves
- Metal frame components (pipes, cross-braces)
- 6 Fabric drawers
- Built-in power outlet unit (with 3 AC outlets, 2 USB ports)
- LED light strip with controller
- Adjustable feet
- Anti-tip kit
- Assembly hardware (screws, bolts, tools)
- Instruction manual

4. ASSEMBLY INSTRUCTIONS

The BTHFST TV stand is designed for straightforward assembly. Detailed, step-by-step instructions with numbered components and all necessary tools are included in your product package. Please follow these instructions precisely.

General Assembly Steps:

1. **Unpack and Identify Parts:** Lay out all components on a clean, soft surface to prevent scratches. Compare parts with the provided list in the separate instruction booklet.
2. **Assemble the Frame:** Connect the metal frame components using the provided hardware. Ensure all connections are secure but do not overtighten until the frame is fully assembled.
3. **Attach Shelves and Panels:** Secure the wooden top panel and any internal shelves to the assembled frame.
4. **Install Power Outlet:** Integrate the built-in power outlet unit into its designated slot.
5. **Install LED Lights:** Adhere the LED light strip to the specified areas, typically along the inner edges of the open

compartments. Connect the LED controller.

6. **Insert Fabric Drawers:** Assemble the fabric drawers according to their instructions and slide them into their compartments.
7. **Attach Adjustable Feet:** Screw the adjustable feet into the base of the stand.
8. **Install Anti-Tip Kit:** Securely attach the anti-tip kit to the back of the TV stand and to a wall stud, following the specific instructions for your wall type.

For visual guidance, refer to the assembly diagrams in your included manual.

5. SETUP

After assembly, follow these steps to set up your TV stand:

1. **Placement:** Position the TV stand on a level surface in your desired location. Ensure there is adequate space

around it for ventilation and access.

2. **Adjust Leveling Feet:** Use the adjustable feet at the bottom of the stand to ensure it is stable and level on uneven floors. Rotate the feet clockwise to raise and counter-clockwise to lower.
3. **Secure with Anti-Tip Kit:** If not already done during assembly, install the anti-tip kit to secure the stand to the wall. This is crucial for safety, especially in households with children or pets.
4. **Place TV:** Carefully place your television on the top surface of the stand. Ensure the TV's base is fully supported and centered. This stand is suitable for TVs up to 85 inches.
5. **Connect Power:** Plug the power cord from the built-in power outlet unit into a wall socket.
6. **Organize Cables:** Utilize the open storage shelves and drawers to organize media devices, cables, and accessories.

6. OPERATION

6.1. Built-in Power Outlets

The TV stand includes a built-in power strip with 3 standard AC outlets (125V/12A) and 2 USB ports (5V/2A). These are designed for convenient power access for your media devices and charging needs.

- Plug your TV, media players, game consoles, and other electronics into the AC outlets.
- Use the USB ports to charge smartphones, tablets, or other USB-powered devices.
- Ensure the total power draw of connected devices does not exceed the rated capacity of the power strip.

Image 6.1: Close-up of the integrated power outlet unit with 3 AC and 2 USB ports.

6.2. LED Lights

The integrated LED light strip offers customizable lighting to enhance your viewing experience and room ambiance. The lights can be controlled via a dedicated app or a physical button (if included).

- **App Control:** Download the recommended app (refer to the LED light controller instructions for app name) on your smartphone or tablet. Connect the app to the LED controller via Bluetooth.
- **Color and Brightness:** Use the app to select from over 60,000 DIY colors and adjust brightness levels.
- **Dynamic Modes:** Explore various dynamic modes, including microphone sync, music sync, and timed modes, to create different atmospheres.
- **Button Control:** If an inline button controller is present, use it for basic functions like power on/off, color cycling, and mode changes.

7. MAINTENANCE

Proper care and maintenance will extend the life of your BTHFST TV stand.

- **Cleaning:**

- Wipe wooden and metal surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- For fabric drawers, spot clean with a mild detergent and water. Allow to air dry completely. Do not machine wash.
- **Dusting:** Regularly dust all surfaces to prevent buildup.
- **Hardware Check:** Periodically check all screws and bolts to ensure they remain tight. Retighten if necessary.
- **Electrical Components:** Ensure power cords are not pinched or damaged. If any electrical component shows signs of damage, discontinue use and contact support.
- **Weight Distribution:** Avoid placing excessively heavy items on any single part of the stand. Distribute weight evenly.

8. TROUBLESHOOTING

If you encounter issues with your BTHFST TV stand, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Stand is wobbly/unstable.	Uneven floor; loose connections; anti-tip kit not installed.	Adjust the leveling feet. Check and tighten all assembly hardware. Install the anti-tip kit as per instructions.
LED lights are not working.	Power not connected; loose connection to controller; faulty LED strip/controller.	Ensure the LED power adapter is plugged into a working outlet. Check all connections between the LED strip and controller. If issues persist, contact customer support.
Power outlets are not providing power.	Main power cord unplugged; wall outlet not working; circuit breaker tripped; overloaded.	Verify the main power cord is securely plugged into a functional wall outlet. Test the wall outlet with another device. Check your household circuit breaker. Reduce the number of devices plugged into the power strip.
Fabric drawers are not sliding smoothly or are misshapen.	Incorrect assembly; overloaded drawer; foreign object obstructing.	Ensure drawers are assembled correctly and not overloaded. Check for any obstructions in the drawer compartments.

9. SPECIFICATIONS

Feature	Detail
Brand	BTHFST
Model Number	TS04-3
Color	White
Product Dimensions (L x W x H)	71" x 15.8" x 24" (180.3 cm x 40.1 cm x 61 cm)
Recommended TV Size	Up to 85 inches
