Qaba 330-185V00BN

Qaba 5-in-1 Kids Rocking Horse Alpaca-Shaped Toy Instruction Manual

Model: 330-185V00BN

INTRODUCTION

The Qaba 5-in-1 Kids Rocking Horse is a versatile toy designed for children aged 1 to 3 years, supporting a maximum weight of 66 lbs. This product transforms into five different play modes: a rocking horse, a spring ride-on toy, a push cart, a balance board, and a balance bike. It is constructed from durable, child-safe HDPE material with smooth edges and rounded corners for enhanced safety. The design aims to promote balance, coordination, and motor skill development.

SAFETY INFORMATION

Adult supervision is recommended at all times when the product is in use. Ensure all components are securely assembled before allowing a child to play. Regularly inspect the toy for any signs of wear or damage that could compromise safety. Keep small parts away from young children to prevent choking hazards.

SETUP AND ASSEMBLY

Assembly of the Qaba 5-in-1 toy is required. The product includes footrests, a push handle, and safety guardrails, which are integral to its various configurations. Please refer to the detailed assembly instructions provided in the product packaging for step-by-step guidance. Ensure all connections are firm and secure before use.

OPERATING INSTRUCTIONS (5-IN-1 MODES)

This toy offers five distinct modes of play. Transitioning between modes typically involves detaching or attaching the alpaca ride-on to its base, and adjusting the guardrails and footrests as needed for each configuration.

- **Rocking Horse:** Attach the alpaca ride-on to the rocking base. Ensure guardrails are in place for younger children.
- **Spring Ride-on Toy:** Attach the alpaca ride-on to the spring mechanism within the base. This mode provides a gentle bouncing motion.
- **Push Cart:** Detach the alpaca ride-on from the base. The push handle can be used by an adult to guide the child.
- **Balance Board:** The base can be used independently as a balance board, promoting core strength and balance.
- **Balance Bike:** Detach the alpaca ride-on from the base. The ride-on itself functions as a balance bike, aiding in coordination and pre-cycling skills.

The toy features sound reinforcement to engage children during play. Ensure the sound mechanism is functioning correctly by checking battery compartments if applicable (batteries not included unless specified in packaging).

MAINTENANCE

To ensure the longevity and hygiene of your Qaba 5-in-1 toy, follow these maintenance guidelines:

- **Cleaning:** Wipe down all surfaces with a damp cloth and mild soap. Avoid harsh chemicals or abrasive cleaners. Ensure the toy is completely dry before storage or next use.
- **Inspection:** Periodically check all screws, bolts, and connections to ensure they are tight. Inspect the plastic components for cracks or damage. Replace any worn or broken parts immediately.
- **Storage:** Store the toy in a clean, dry place away from direct sunlight and extreme temperatures to prevent material degradation.

TROUBLESHOOTING

- **Toy feels unstable:** Ensure all assembly steps were followed correctly and all connections are securely fastened. Check that the toy is on a flat, stable surface.
- **Difficulty transforming modes:** Verify that the detachable base and other components are aligned correctly. Do not force parts; if resistance is met, re-check the instructions.
- **Slippery seat:** If the plastic seat feels too slippery for your child, consider adding a non-slip pad or fabric.

cover (not included) for added grip.

- **Sound not working:** If the toy includes sound features, check if batteries are required and installed correctly. Replace batteries if necessary.

If you encounter issues not listed here or if problems persist, please contact customer support.

SPECIFICATIONS

Brand	Qaba
Model Number	330-185V00BN
UPC	673986389041
Recommended Age	1-3 Years Old (Manufacturer Minimum Age: 12 Months, Maximum Age: 36 Months)
Overall Dimensions (L x W x H)	35.04" x 24.02" x 31.1" (89 cm x 61 cm x 79 cm)
