## 1. INTRODUCTION

---

The Warmdance ZQ06196 RGBW LED Stage Wall Washer Light Bar is designed to provide powerful and versatile lighting effects for various indoor events. Featuring 21 high-quality RGBW LEDs, each with 15W power, and a 30° wide-angle lens, this light bar offers high brightness and a broad irradiation range. It supports multiple control modes and includes 63 built-in lighting effects to enhance any atmosphere.

## 2. WHAT'S IN THE BOX

---

Upon unpacking your Warmdance ZQ06196, please ensure all components are present:

- Warmdance ZQ06196 RGBW LED Stage Wall Washer Light Bar
- Power Cord (approximately 42 inches)
- Mounting Hardware (screws and knobs for stand attachment)
- User Manual

Video 1: An unboxing and close look at the components included with the Warmdance ZQ06196. This video demonstrates the physical features and accessories.

## 3. SETUP

---

### 3.1 Physical Installation

The light bar comes with an integrated metal stand that can rotate 180°, allowing for versatile positioning on the ground or mounted to a wall or ceiling. Use the provided mounting hardware to secure the stand if permanent installation is desired.

Image 2: Detailed view of the Warmdance ZQ06196 light bar, showing its dimensions (19.3 inches long, 10.5 inches wide, 5 inches deep) and the 180° rotatable stand.

### 3.2 Power and Connectivity

Connect the provided power cord to the 'POWER IN' port on the back of the unit. The light bar also features a 'POWER OUT' port for daisy-chaining multiple units. For advanced control, use the DMX IN and DMX OUT ports to connect to a DMX controller.

## 4. OPERATION

---

### 4.1 Control Panel

The light bar features a digital display and four control buttons (MENU, UP, DOWN, ENTER) on its rear panel. These buttons allow you to navigate through various settings and select lighting effects.

### 4.2 Lighting Modes

The Warmdance ZQ06196 supports the following operational modes:

- **Automatic Mode:** Cycles through pre-programmed lighting effects.
- **Sound-Controlled Mode:** Lights react to ambient sound or music.
- **Master-Slave Mode:** One unit acts as a master, controlling other connected units.

- **DMX Control Mode:** Allows for professional control using a DMX controller, supporting 4, 8, 28, or 32 international standard channels. In DMX mode, the 21 LEDs can be independently controlled in 7 segments (3 LEDs per segment) for flexible programming.

### 4.3 Selecting Effects

To select a specific lighting effect, press the MENU button to access the settings. Use the UP and DOWN arrows to scroll through the available codes, which correspond to 63 built-in lighting effects (including strobe, pulse, and fade with adjustable speeds). Press ENTER to confirm your selection.

## 5. MAINTENANCE

---

To ensure the longevity and optimal performance of your Warmdance ZQ06196, follow these maintenance guidelines:

- **Cleaning:** Regularly clean the exterior and lens with a soft, dry cloth. Avoid using abrasive cleaners or solvents.
- **Storage:** When not in use, store the light bar in a cool, dry place away from direct sunlight and extreme temperatures.
- **Inspection:** Periodically check the power cord and DMX cables for any signs of damage. Ensure all connections are secure.

## 6. TROUBLESHOOTING

---

---

If you encounter issues with your Warmdance ZQ06196, refer to the following common troubleshooting steps:

- **No Power:** Ensure the power cord is securely connected to both the unit and a working power outlet. Check for any tripped circuit breakers.
- **Lights Not Responding:** Verify that the correct operating mode is selected. If using DMX, ensure the DMX cables are properly connected and the DMX address is correctly set on the unit and controller.
- **Intermittent Operation:** Check all cable connections for looseness. Ensure the unit is not overheating; allow adequate ventilation.
- **Sound-Controlled Mode Not Working:** Ensure the microphone sensor is not obstructed and that there is sufficient sound input for the unit to react.

For further assistance, please contact customer support.

## 7. SPECIFICATIONS

---

<b>Model Number</b>	ZQ06196
<b>Brand</b>	Warmdance
<b>Light Source Type</b>	RGBW LED (21 x 15W)
<b>Light Source Life</b>	≥20,000 hours
<b>Beam Angle</b>	30°
