## ASSEMBLY INSTRUCTIONS

It is recommended to have two people for assembly. Please follow these steps carefully.

### Step 1: Unpacking and Cushion Expansion

The backrests, cushions, and pillows are vacuum compressed for shipping. Gently pat them a few times after unpacking to accelerate fluffing and rebounding. It is recommended to let them sit for 72 hours to restore their fuller shape.

## MAINTENANCE AND CARE

Proper care will extend the life and appearance of your chenille sectional sofa.

- **Regular Cleaning:** Vacuum regularly using an upholstery attachment to remove dust and debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Do not rub. For stubborn stains, use a mild fabric cleaner and test on an inconspicuous area first.
- **Fluffing Cushions:** Periodically fluff and rotate cushions to maintain their shape and even out wear.

- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fabric fading.
- **Professional Cleaning:** Consider professional upholstery cleaning every 12-18 months for deep cleaning.

- **Sofa feels unstable:** Ensure all base feet are securely tightened and all modular unit connectors are firmly fastened.
- **Slight color variation:** Due to lighting or display differences, slight color variations may occur. The actual item's color is definitive.
