De'Longhi ECAM45086S

De'Longhi Eletta Explore ECAM45086S Automatic Espresso Machine Instruction Manual

Model: ECAM45086S

Brand: De'Longhi

INTRODUCTION

The De'Longhi Eletta Explore ECAM45086S is a fully automatic espresso machine designed to prepare a wide variety of hot and cold coffee beverages. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your machine to ensure optimal performance and enjoyment.

SETUP

1. **Unpacking:** Carefully remove all components from the packaging. Retain packaging for future transport or storage.
2. **Positioning:** Place the machine on a stable, level surface away from water sources and heat. Ensure adequate ventilation.
3. **Water Tank:** Fill the removable 60-ounce water tank with fresh, cold water.
4. **Bean Hopper:** Fill the bean hopper with fresh whole coffee beans.
5. **Power Connection:** Plug the machine into a grounded electrical outlet (120 Volts).
6. **Initial Rinse Cycle:** Follow the on-screen instructions for the initial rinse cycle to prepare the machine for first use.

OPERATING INSTRUCTIONS

Intuitive Touch Display

The machine features a 3.5-inch TFT full-touch, colorful display with soft-touch control icons. This interface guides you through crafting your desired coffee beverage and allows for simple navigation through recipes and settings.

Intuitive Touch Display

Personalized coffee, custom profiles, and recipes - all at your fingertips with our touch screen display and icons

Image: A hand interacting with the machine's intuitive touch display, highlighting personalized coffee options and custom profiles.

50+ One-Touch Recipes

The Eletta Explore offers over 50 hot and cold recipes, including Espresso, Cappuccino, Latte, Iced Cappuccino, Iced Latte, and Cold Brew, all available at the touch of a button.

Brew Hot or Iced
For your favorite coffee drinks,
cocktails and more

Built-in Grinder

The integrated conical burr grinder ensures a precise and consistent dose of freshly ground coffee for every beverage. It features 13 grind settings, allowing you to optimize extraction for various bean varieties.

Grinds Fresh Beans Every Time

13 Adjustable settings from fine to coarse

Image: A hand pouring whole coffee beans into the machine's bean hopper, emphasizing the built-in grinder feature.

Hot & Cold Foam Technology (LatteCrema Systems)

Two LatteCrema Systems are included: the LatteCrema Hot System for perfectly textured hot milk or milk alternatives, and the LatteCrema Cool System for velvety cold milk foam. This allows for a wide range of milk-based drinks, both hot and iced.

Automatic Hot & Cold Foam Technology

Personalize Your Experience with the De'Longhi Coffee Link App

The De'Longhi Coffee Link App enhances your experience with fully customizable recipes and connected technology. You can set up personal profiles and craft custom recipes directly from your smartphone.

- **Bean Adapt Technology:** The app intelligently guides you to optimize your brewing experience based on your chosen coffee beans, adjusting grind level and brewing temperature for the best results.
- **Remote Brewing:** Brew any drink directly from your phone.
- **Recipe Ideas & Coffee Lounge:** Access creative recipe ideas and a coffee lounge magazine with articles and tips about the coffee world.
- **Machine Settings & Manuals:** Access coffee machine settings and user manuals directly from the app.

MAINTENANCE

The De'Longhi Eletta Explore is designed for easy cleaning. Many parts are removable and dishwasher-safe, simplifying the cleaning process.

- **Removable Parts:** The water tank, drip tray, and brewing unit are easily removable for cleaning.
- **Dishwasher-Safe Components:** The milk carafes (hot and cool) and other specified parts can be cleaned in a dishwasher.
- **Automatic Rinsing:** The LatteCrema systems include an auto-clean mode that rinses the dispenser nozzle after use. For thorough cleaning, disassemble and wash the milk carafes regularly.
- **Descaling:** The machine will prompt you when descaling is recommended. Follow the on-screen instructions or refer to the app for the descaling procedure.

TROUBLESHOOTING

Should you encounter any issues with your De'Longhi Eletta Explore, please refer to the following general troubleshooting advice. For detailed solutions, consult the full user manual available via the De'Longhi Coffee Link App.

- **Machine Not Turning On:** Ensure the power cord is securely plugged into both the machine and a working electrical outlet.
- **Coffee Not Dispensing:** Check if the water tank is filled and correctly inserted. Verify that the bean hopper has enough coffee beans. Ensure the brewing unit is properly seated.
- **Milk Not Frothing:** Confirm the milk carafe is correctly attached and filled with fresh, cold milk. Clean the milk frothing system thoroughly.
- **Error Messages:** If an error message appears on the display, refer to the user manual for specific instructions related to that error code.
- **App Connectivity Issues:** Ensure Bluetooth and Wi-Fi are enabled on your device and the machine. Restart both the app and the machine if connection problems persist.

SPECIFICATIONS

Brand	De'Longhi
Model Name	Eletta Explore
Item Model Number	ECAM45086S
Product Dimensions	17.3"D x 10.5"W x 15"H
