

Inwa MZ-101

Inwa Portable Bluetooth Speaker MZ-101 Instruction Manual

Model: MZ-101

INTRODUCTION

Thank you for choosing the Inwa Portable Bluetooth Speaker MZ-101. This 60W waterproof outdoor speaker is designed to deliver powerful stereo sound with deep bass, featuring RGB lights and a long-lasting 12-hour playtime. Its durable construction makes it ideal for various environments, including jobsites, workshops, garages, and camping trips. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your speaker to ensure optimal performance and longevity.

WHAT'S IN THE BOX

Please check the package contents to ensure all items are present:

- 1 x Inwa Portable Bluetooth Speaker
- 1 x Aux Audio Cable
- 1 x Charging Cable (USB-C)
- 1 x User Manual

USB CHARGING PORT & AUX INPUT

Keep your essentials powered up on the go

SETUP INSTRUCTIONS

1. Charging the Speaker

Before first use, fully charge the speaker. Connect the provided USB-C charging cable to the speaker's charging port and the other end to a compatible USB power adapter (not included). The charging indicator light will illuminate during charging and turn off when fully charged. The speaker features a 9000mAh rechargeable battery.

Image: A close-up view of the speaker's USB charging port and AUX input, protected by a rubber flap.

2. Powering On/Off

Press and hold the **Power button** (🔌) located on the control panel for approximately 3 seconds to turn the speaker on or off. A sound indicator will confirm the action.

3. Bluetooth Pairing

1. Turn on the speaker. It will automatically enter Bluetooth pairing mode, indicated by a flashing LED light.
2. Enable Bluetooth on your device (smartphone, tablet, etc.).
3. Search for "Inwa MZ-101" in your device's Bluetooth list and select it to connect.
4. Once connected, the LED indicator will stop flashing and remain solid, and you will hear a confirmation tone.

The speaker utilizes Bluetooth 5.2 for reliable and stable wireless performance.

4. AUX Connection

For devices without Bluetooth, use the provided 3.5mm AUX audio cable. Connect one end to the speaker's AUX input port and the other end to your audio device's headphone jack. The speaker will automatically switch to AUX mode.

OPERATING INSTRUCTIONS

1. Basic Controls

The control panel on top of the speaker provides easy access to functions:

- **Power Button** (🔌): Press and hold to power on/off.
- **Volume Up (+) / Volume Down (-)**: Short press to adjust volume.
- **Play/Pause** (▶ ||): Short press to play or pause music.
- **Previous Track** (◀◀) / **Next Track** (▶▶): Long press Volume Down for previous track, long press Volume Up for next track.
- **Bass Boost Button (BASS)**: Press to activate or deactivate enhanced bass.
- **Light Mode Button (Light icon)**: Short press to cycle through RGB light modes.

60W MAX BOOMING BASS

Feel the depth of every beat with powerful stereo sound that surrounds you

60W

3. Power Bank Functionality

The built-in 9000mAh battery can also function as a power bank. Connect your mobile device to the speaker's USB-A output port using your device's charging cable to charge it on the go.

4. Stereo Sound and Deep Bass

The 60W output, combined with dual tweeters, dual woofers, and dual passive radiators, delivers rich, clear stereo sound. Activate the Bass Boost feature for enhanced low-frequency response.

MAINTENANCE

1. Cleaning

The speaker has an IPX5 waterproof rating, making it resistant to splashes and light rain. To clean, wipe the exterior with a soft, damp cloth. Do not submerge the speaker in water or use harsh chemicals.

2. Battery Care

To prolong battery life:

- Avoid fully discharging the battery frequently.

- Charge the speaker regularly, even if not in use, to maintain battery health.
- Store the speaker in a cool, dry place away from extreme temperatures.

3. Storage

When not in use for extended periods, store the speaker in a dry environment at room temperature. Ensure all ports are covered by their protective flaps to prevent dust and moisture ingress.

TROUBLESHOOTING

If you encounter issues with your Inwa speaker, please refer to the following common solutions:

Problem	Possible Cause	Solution
Speaker does not power on	Low battery; Power button not pressed correctly	Charge the speaker fully. Press and hold the Power button for 3 seconds.
No sound	Volume too low; Device not connected; Incorrect input mode	Increase volume on speaker and connected device. Repair Bluetooth or check AUX cable. Ensure correct input mode.
Bluetooth connection unstable or fails	Speaker too far from device; Interference; Device Bluetooth issue	Move speaker closer to device (within 33 feet/10 meters). Turn off other Bluetooth devices. Restart speaker and device.
Speaker not charging	Faulty cable or adapter; Charging port obstruction	Try a different USB-C cable and power adapter. Check charging port for debris.
RGB lights not working	Lights turned off; Malfunction	Press the Light Mode button to activate or cycle through modes. If issue persists, contact support.
