| ③ Orange and black silicone band *1 | ⑧ Screwdriver *1 |
| ④ Blue and black silicone band *1 | ⑨ Instruction manual *1 |
| ⑤ Blue detachable accessory*1 | ⑩ Charging cable*1 |

The package includes the smartwatch, multiple interchangeable straps, a charging cable, and tools for strap replacement.

3. SETUP

3.1 Charging the Smartwatch

Before first use, fully charge your smartwatch. Connect the magnetic charging cable to the charging contacts on the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port. The watch display will indicate charging status. A full charge typically provides 7-10 days of normal use or over 30 days of standby time.

200+ Exquisite online UI

The smartwatch charging via its magnetic cable, highlighting its 500mAh battery capacity.

3.2 Installing the Companion App

To unlock all features and synchronize data, download the companion app on your smartphone. Search for the app name (usually mentioned in the quick start guide or on the watch screen during initial setup) in your phone's app store (Google Play Store for Android or Apple App Store for iOS).

3.3 Pairing with Your Smartphone

1. Ensure your smartwatch is charged and powered on.
2. Enable Bluetooth on your smartphone.
3. Open the companion app on your smartphone.
4. Follow the in-app instructions to search for and connect to your Hwagol i130 Smartwatch. You may need to confirm the pairing on both your phone and the watch.

4. OPERATING INSTRUCTIONS

4.1 Basic Navigation

The Hwagol i130 Smartwatch features a 1.52-inch HD touchscreen and multiple physical buttons for navigation:

- **Touchscreen:** Swipe left/right, up/down to navigate menus and access different functions. Tap to select.
- **POWER Button:** Typically used to turn the watch on/off, return to the home screen, or activate the screen.
- **SPORT Button:** Quick access to sports modes.
- **BACK Button:** Returns to the previous screen.

Illuminating Your Adventure

Illuminated light located directly in front of the watch to brighten the journey home

Powerful Flashlight

Turn On/switch Light Mode With One Click

- Outdoor activities at night
- Power Outage
- Finding Things
- High Light Mode

The smartwatch display showcasing its 1.52-inch HD screen with 360x360 resolution.

4.2 Bluetooth Calling

Once paired with your smartphone, you can make and receive calls directly from your smartwatch. This feature allows for hands-free communication, especially useful during exercise or when your phone is not easily accessible.

- **Answering Calls:** When a call comes in, tap the green answer icon on the watch screen.
- **Making Calls:** Access the call function from the watch menu to dial numbers or select contacts.

4.3 Smart Notifications

Receive notifications for calls, messages, and social media apps directly on your wrist. Ensure notification permissions are enabled in both your phone's settings and the companion app.

4.4 Sports Modes

The smartwatch supports over 120 sports modes, including running, cycling, and climbing. Select your desired activity from the sports menu to track real-time data such as heart rate, steps, and calories burned.

The smartwatch tracking a cycling activity, showing various performance metrics.

4.5 Health Monitoring

The Hwagol i130 Smartwatch provides 24/7 health monitoring features:

- **Heart Rate Monitor:** Tracks your heart rate throughout the day.
- **Blood Oxygen (SpO2) Monitor:** Measures your blood oxygen saturation levels.
- **Sleep Quality Tracking:** Monitors your sleep patterns and provides insights into sleep quality.

View detailed health data and trends in the companion app.

Battery Capacity of **500mAh**

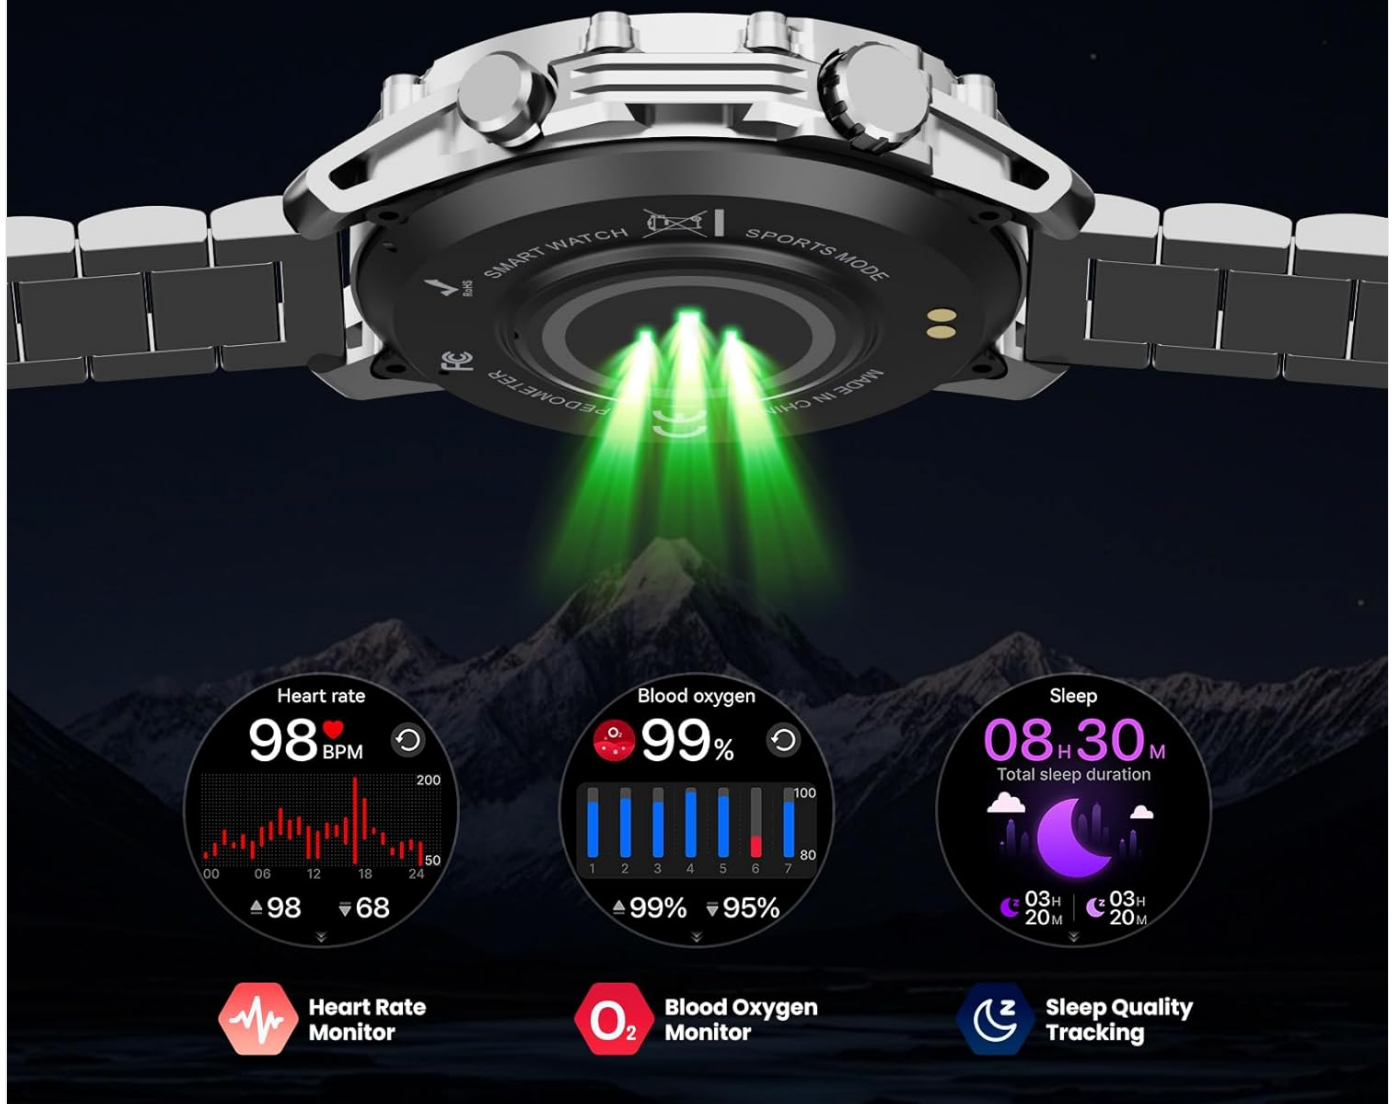

The smartwatch displaying real-time health data for heart rate, blood oxygen, and sleep.

4.6 Flashlight Function

The smartwatch includes a powerful side flashlight. Activate it with a single click to illuminate your surroundings, useful for outdoor activities at night, during power outages, or when searching for items in low light.

24/7 Health Monitoring

Track your health anytime

The smartwatch's flashlight function demonstrated in various low-light situations.

4.7 Customizing Watch Faces

Choose from over 200 exquisite online watch faces to personalize your smartwatch. You can also upload your favorite images through the companion app to create custom watch faces.

4.8 Other Features

The smartwatch offers various practical functions:

- **Music Control:** Control music playback on your smartphone.
- **Weather Forecast:** Get real-time weather updates.
- **Remote Camera:** Use your watch as a remote shutter for your phone's camera.
- **Alarm Clock:** Set alarms directly from your wrist.
- **Calculator:** Perform basic calculations.
- **Reminders:** Set reminders for activity, hydration, and more.
- **Find Phone:** Locate your paired smartphone.

Multi-Form Switching

Creative accessories for more play

The smartwatch interface showing various features and customizable watch faces.

5. STRAP REPLACEMENT

Your Hwagol i130 Smartwatch comes with three interchangeable straps (one steel, two silicone) and detachable accessories, allowing you to customize its look. Use the provided screwdriver and screws to safely replace the straps.

1. Place the watch face down on a soft, clean surface.
2. Use the screwdriver to carefully remove the screws securing the current strap.
3. Detach the old strap and attach the new strap, aligning the screw holes.
4. Secure the new strap with the screws using the screwdriver. Ensure it is firmly attached before wearing.

Interchangeable Straps For Every Occasion

Comes with two silicone straps and one stainless steel strap, allowing you to switch up your look from sporty and casual to sophisticated in seconds.

The smartwatch with its interchangeable straps and the tool for replacement.

6. MAINTENANCE

6.1 Cleaning

Regularly clean your smartwatch and straps with a soft, dry cloth. For stubborn dirt, lightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.

6.2 Water Resistance

The Hwagol i130 Smartwatch is IP68 rated, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for 30 minutes. However, it is **not suitable for swimming, diving, or prolonged immersion in water**. Avoid exposing the watch to hot water, steam, or high-pressure water jets.

6.3 Battery Care

To prolong battery life, avoid fully discharging the watch frequently. Charge it regularly, and if storing for an extended period, ensure it has at least a 50% charge.

7. TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger and wait a few minutes before attempting to power it on.
- **Cannot pair with smartphone:**
 - Ensure Bluetooth is enabled on your phone and the watch.
 - Make sure the watch is within range of your phone.
 - Restart both your phone and the watch.
 - Check if the companion app has necessary permissions.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensors on the back of the watch. Avoid excessive movement during measurements.
- **Notifications not received:** Check notification settings in both your phone's system settings and the companion app. Ensure the watch is properly connected via Bluetooth.
- **Short battery life:** Reduce screen brightness, disable unnecessary features, and ensure background app usage is optimized.
