

PAKEWAY PKW-20250722

PAKEWAY Handheld Pet Hair Removal Vacuum Manual

Model: PKW-20250722

IMPORTANT SAFETY INSTRUCTIONS

- Read all instructions before using the appliance.
- Keep the appliance away from water or other liquids.
- Do not use the appliance while charging.
- Keep hair, loose clothing, fingers, and all parts of the body away from openings and moving parts.
- Use only as described in this manual. Use only manufacturer's recommended attachments.
- Do not use with damaged cord or plug. If appliance is not working as it should, has been dropped, damaged, left outdoors, or dropped into water, return it to a service center.
- Do not pull or carry by cord, use cord as a handle, close a door on cord, or pull cord around sharp edges or corners. Do not run appliance over cord. Keep cord away from heated surfaces.
- Do not unplug by pulling on cord. To unplug, grasp the plug, not the cord.
- Do not handle plug or appliance with wet hands.
- Turn off all controls before unplugging.
- Do not use to pick up flammable or combustible liquids, such as gasoline, or use in areas where they may be present.
- Do not pick up anything that is burning or smoking, such as cigarettes, matches, or hot ashes.
- Use extra care when cleaning on stairs.
- Do not use without dust cup and filters in place.
- Store the appliance indoors in a cool, dry place.

PRODUCT OVERVIEW & COMPONENTS

The PAKEWAY Handheld Pet Hair Removal Vacuum is designed for efficient cleaning of pet hair, dust, and debris from various surfaces. It features a 2-in-1 suction and brushing nozzle, double filtration, and a cordless, portable design.

Included Components:

- Main Unit
- Pet Hair Removal Nozzle set (includes flat suction nozzle and two types of soft rubber sheets)
- Long-neck Suction Nozzle set (includes crevice nozzle and suction nozzle brush)
- Blower Nozzle set (includes fine-tip blower with plant dusting brush)
- Type-C Charging Cable
- Instruction Manual

Figure 1: Package Contents of the PAKEWAY Handheld Pet Hair Removal Vacuum. Includes the main unit, various nozzles, rubber sheets, and charging cable.

SETUP

1. Charging the Device

Before first use, fully charge the vacuum. Connect the provided Type-C charging cable to the charging port on the main unit and a suitable power source. The indicator light will show charging status.

Video 1: Demonstrates connecting the Type-C charging cable to the PAKEWAY Handheld Pet Hair Removal Vacuum for charging.

2. Attaching the Pet Hair Removal Nozzle

1. Select the appropriate soft rubber sheet:

- **Saw-toothed brush:** For dense teeth, less residue on fabrics like sofas.
- **Cone-toothed brush:** For high efficiency on sticky hair on pet mats or scratch boards.

Figure 2: Comparison of Saw-toothed and Cone-toothed Soft Rubber Sheets for different cleaning needs.

2. To install a rubber sheet: Push the button on the flat suction nozzle to open the suction port. Insert the chosen rubber sheet, ensuring the surface that faces the suction port and the buckle align. Close the clips to secure.

3. Attach the assembled flat suction nozzle to the main unit's suction inlet.

<p>Original Hair Removal Nozzle</p> <p>While sucking, it brushes. Dust, hair, and various residues can be cleaned up at one time</p>	<p>Saw - toothed Soft Rubber Sheet</p> <p>The brush teeth are dense, and there is less residual hair after brushing</p>	<p>Cone - toothed Soft Rubber Sheet</p> <p>High hair removal efficiency, suitable for quickly removing hair from items with a lot of sticky hair, such as pet mats and cat scratch boards</p>	<p>Instructions for Using the Hair Removal Flat Suction Nozzle</p> <p>Choose the appropriate soft rubber sheet according to the usage scenario</p>
			<p>Remove</p> <p>Push the button to open the suction port and take out the old rubber sheet</p> <p>Install</p> <p>Insert a new rubber sheet (note that the surface with the notch faces the suction port, and buckle the two buckles to the bottom).</p>

Figure 3: Step-by-step guide on how to remove and install the soft rubber sheets on the flat suction nozzle.

Video 2: Demonstrates the process of attaching the rubber sheets to the pet hair removal nozzle and then connecting the nozzle to the vacuum unit.

3. Attaching Other Nozzles

The vacuum comes with various attachments for different cleaning tasks. Simply push the desired nozzle onto the suction inlet of the main unit until it clicks securely into place. For the blower function, attach the blower nozzle to the exhaust port at the rear of the main unit.

**Multiple Accessories

Figure 4: Illustrates various accessories and their applications, including flat suction nozzle, long-neck suction nozzle, and fine-tip blower.

Video 3: Shows how to attach the crevice tool and the blower nozzle to the vacuum unit, demonstrating both

OPERATING INSTRUCTIONS

1. Powering On/Off

Press the power button located on the handle to turn the vacuum on. Press it again to turn it off.

2. Using the 2-in-1 Suction & Brushing Nozzle

This nozzle is designed to suction and brush simultaneously, effectively removing pet hair, dust, dander, and small debris. It is ideal for:

- **Sofas and Upholstery:** Gently glide the nozzle across the fabric. The rubber sheets help dislodge embedded hair while the vacuum suction it away.
- **Carpets and Rugs:** Use a back-and-forth motion to lift and remove hair from carpet fibers.
- **Pet Beds and Scratch Boards:** The cone-toothed brush is particularly effective for sticky hair on these surfaces.

Figure 5: The PAKEWAY Handheld Pet Hair Removal Vacuum in action, demonstrating its effectiveness on a sofa.

Figure 6: Illustrates how the vacuum effectively removes dust, hair, and particles from soft fabrics. Note: Elastic fabrics should be cleaned gently when laid flat, and are not suitable for hanging cleaning.

Video 4: Shows the PAKEWAY Handheld Pet Hair Removal Vacuum being used on curtains, a sofa, and a cat tree, demonstrating its versatility.

3. Using the Crevice Nozzle

The long-neck crevice nozzle is perfect for reaching tight spaces and corners where pet hair and debris accumulate. Use it for:

- Car seats and floor mats.
- Between sofa cushions.
- Along baseboards and window sills.
- Inside cat litter boxes or cat nests.

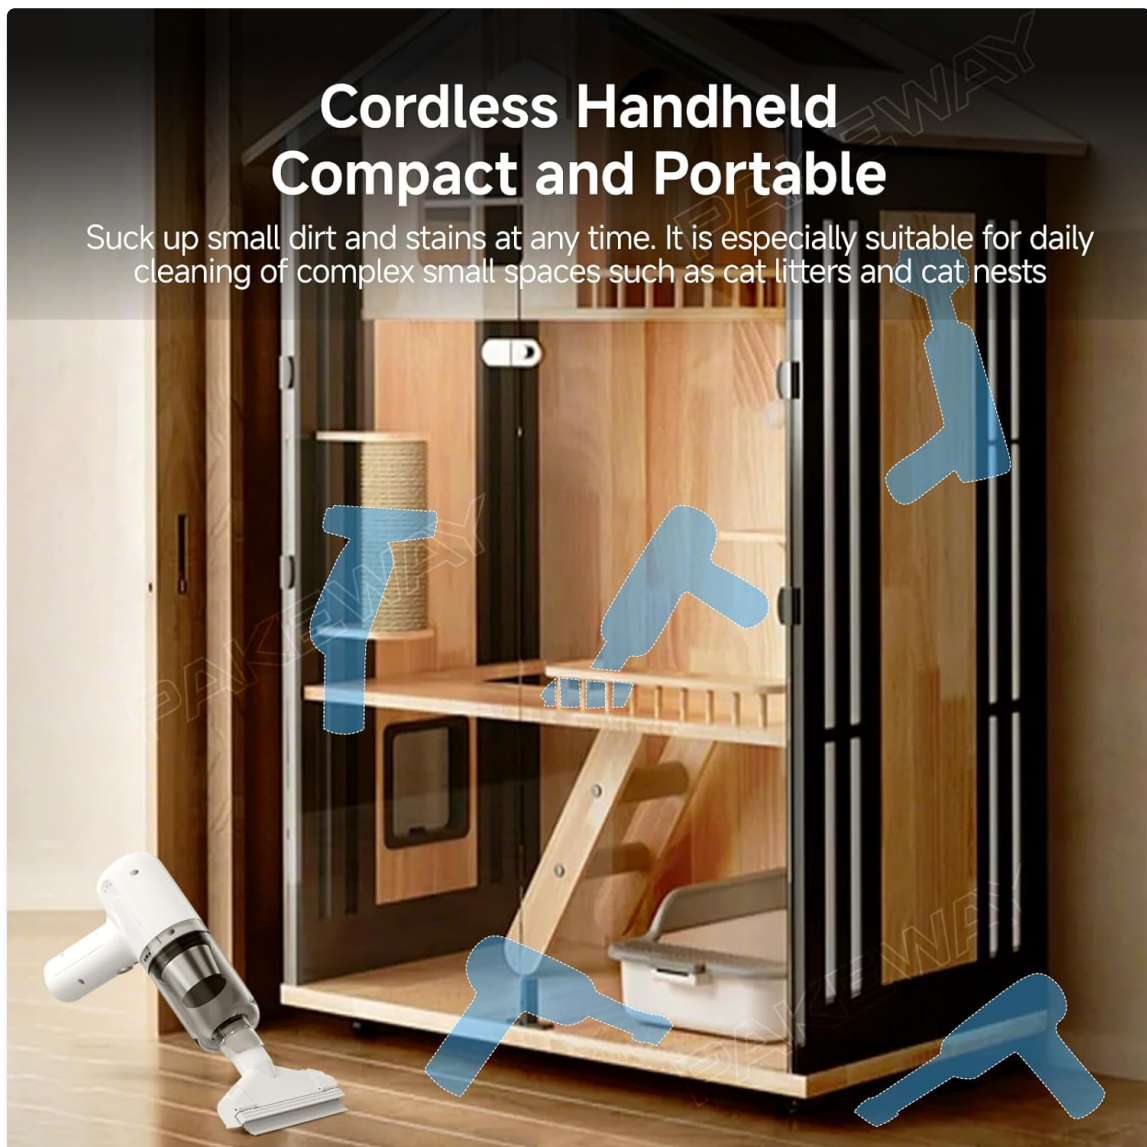

Figure 7: The compact and portable design allows for easy cleaning of complex small spaces like cat litters and cat nests.

Video 5: Shows the crevice tool being used to clean tight corners and edges, effectively picking up debris.

4. Using the Blower Nozzle

Attach the fine-tip blower nozzle to the exhaust port at the rear of the main unit. This function is useful for:

- Blowing dust and debris out of keyboards.
- Cleaning PC fans.
- Dusting delicate items or plants.

Video 6: Demonstrates the blower function of the vacuum, effectively cleaning dust from a fan.

MAINTENANCE

1. Emptying the Dust Cup

Regularly empty the dust cup to maintain optimal suction power.

1. Rotate the dust cup counter-clockwise to detach it from the main unit.
2. Carefully remove the double-layer filter element from the dust cup.
3. Empty the collected dust and residues into a trash bin.

Video 7: Illustrates how to detach the dust cup and remove the filter for emptying collected debris.

2. Cleaning the Filters

The split-type dust cup and filters are 100% washable for eco-friendly reuse. It is recommended to clean them regularly.

1. After emptying, separate the steel mesh and HEPA filter core.
2. Rinse both the dust cup, steel mesh, and HEPA filter core under running water until clean.
3. Allow all components to air-dry completely before reassembling. Ensure they are thoroughly dry to prevent mold or damage.
4. Reassemble the filter elements and attach the dust cup back to the main unit by rotating clockwise until secure.

Cordless Handheld Compact and Portable Quick Clean for Everyday Messes

Suck up small dirt and stains at any time. It is especially suitable for daily cleaning of complex small spaces such as cat litters and cat nests. Pet hair, dust, dander, residues, and debris can all be cleaned up at once

Figure 8: Visual guide for disassembling, washing, and reassembling the dust cup and double-layer filter system.

Wash the Dust Cup and Air — dry It for Reuse More Environmentally Friendly

The split - type design, the main body is washable, and it is durable and easy to maintain

Clean the dust cup, steel mesh, and HEPA filter core thoroughly, and then they can be reused. It is recommended to clean regularly

1 Rotate to take out the dust cup, Take out the double - layer filter element

2 Disassemble the double - layer filter element and pour out the dust and residues inside

3 Disassemble the double - layer filter element and clean the two layers respectively.

Figure 9: Details the double filtration system, consisting of a high-precision steel mesh and a HEPA filter core, designed to separate dust and hair and prevent secondary pollution.

TROUBLESHOOTING

Common Issues and Solutions:

- **No Power:** Ensure the device is fully charged. Check the charging cable connection.
- **Weak Suction:** Empty the dust cup if it is full. Clean the steel mesh and HEPA filter core as

described in the Maintenance section. Ensure all attachments are securely connected.

- **Device Not Turning On:** Verify the battery is charged. If the device has been stored for a long time, it may require a longer charge.
- **Hair or Debris Not Being Picked Up:** Ensure the correct rubber sheet is installed for the surface type. Check for any blockages in the nozzle or suction path.

SPECIFICATIONS

Feature	Detail
Brand	PAKEWAY
Model Name	PAKEWAY Handheld Pet Hair Removal Vacuum
Model Number	PKW-20250722
Power Source	Battery Powered
Filter Type	HEPA Filter
Special Features	Double Filtration, Washable Filter, Cordless, Portable, 2-in-1 Suction & Brushing Nozzle, Dual Soft Rubber Brushes
Recommended Uses	Car, Carpet, Upholstery
Included Components	Blower Nozzle set, Crevice Nozzle Set, Main Unit, Pet Hair Removal Nozzle set, Type-C charging Cable

WARRANTY AND SUPPORT

This PAKEWAY product comes with a standard manufacturer's warranty. For detailed warranty information, product support, or to purchase replacement parts, please refer to the contact information provided with your purchase or visit the official PAKEWAY website.

Please retain your proof of purchase for warranty claims.
