1. Introduction

Thank you for purchasing the COZIWOW 104-inch Large Outdoor Cat Enclosure. This manual provides essential information for the safe assembly, operation, and maintenance of your new catio. Designed to connect to your home's window, this spacious enclosure offers a secure outdoor space for multiple cats to enjoy fresh air and sunlight. Please read these instructions carefully before assembly and retain them for future reference.

2. Safety Instructions

- Read all instructions before assembling and using the product.
- Keep all small parts and packaging materials away from children and pets during assembly to prevent choking hazards.
- Ensure all screws and fasteners are securely tightened before allowing pets into the enclosure. Periodically check for loose hardware.
- Place the catio on a level, stable surface to prevent tipping.
- Do not modify the product in any way not described in this manual, as this may compromise its safety and structural integrity.
- Supervise pets, especially during initial use, to ensure they adapt safely to the new environment.
- Ensure proper ventilation within the enclosure, especially during warm weather.
- This catio is designed for cats. Do not use it for other animals unless explicitly stated and appropriate for their safety.

3. Package Contents

Your COZIWOW Cat Enclosure is shipped with all necessary components for assembly. Please verify that all parts are present and undamaged before beginning. Refer to the included parts list in your physical manual for detailed identification.

- Pre-drilled wooden frame components (labeled for easy identification)
- Wire mesh panels
- PVC waterproof roof panels
- Platforms, bridge, and wall-mounted scratching board
- Hardware pack (screws, latches, hinges, etc.)
- Assembly tools (screwdriver, power drill recommended, not included)
- User Manual

4. Setup & Assembly

Assembly of the COZIWOW Cat Enclosure requires attention to detail. It is highly recommended that two people participate in the assembly process, and a power drill will significantly ease the installation of screws. Follow the step-by-step instructions provided in the physical manual for precise assembly.

4.1. Preparation

- Clear a large, flat, and stable area for assembly.
- Unpack all components and lay them out, matching them against the parts list.
- Gather necessary tools: screwdriver (power drill recommended), hammer (optional), and safety glasses.

4.2. Assembly Steps (General Overview)

1. **Assemble Base Panels:** Connect the bottom frame pieces using the provided hardware.
2. **Attach Side and Back Panels:** Securely fasten the wire mesh side and back panels to the base. Ensure all

pre-drilled holes align.

- 3. Install Internal Platforms and Accessories:** Mount the 7 platforms, 1 bridge, and 1 wall-mounted scratching board at desired heights. The design allows for some customization to accommodate cats of varying agility.
- 4. Attach Doors:** Install the large walk-in door and any smaller access doors, ensuring latches operate smoothly.
- 5. Install Roof:** Secure the full-coverage PVC roof panels to protect against weather elements.
- 6. Final Checks:** Inspect all connections for tightness and stability. Ensure all doors latch securely.

5. Operating Instructions

5.1. Window Access

The catio is designed to connect to your house's window, allowing your cats safe and easy access to the outdoor enclosure. Ensure the window connection is secure and free of gaps to prevent escape or entry of unwanted animals.

Image 5.1: The catio features a large walk-in door and a window access point for convenient interaction and pet entry/exit.

5.2. Large Walk-in Door

The 48.8-inch walk-in door provides easy access for cleaning, feeding, and spending time with your cats. Always ensure the secure locks are engaged when the door is closed to keep your pets safely contained.

5.3. Internal Features

The catio includes 7 platforms, 1 bridge, and 1 wall-mounted scratching board, offering various levels for climbing, jumping, lounging, and scratching. Encourage your cats to explore these features to promote physical activity and mental stimulation.

Safe Outdoor Playground

Image 5.2: The catio provides a safe outdoor playground with sturdy iron supports and dense wire meshes, featuring multiple levels for activity.

6. Maintenance

6.1. Cleaning

- Regularly clean the platforms and floor of the catio to maintain hygiene. Use pet-safe cleaning solutions.
- Remove any accumulated debris, leaves, or pet waste promptly.

6.2. Weather Protection

The catio is constructed from durable fir wood and features a full-coverage PVC roof, designed to protect your pets from rain, sun, and snow. While the materials are weather-resistant, periodic inspection and maintenance can extend the product's lifespan.

- Inspect the PVC roof for any damage or leaks, especially after severe weather.
- Check the wooden components for signs of wear, rot, or insect damage. Apply a pet-safe wood sealant annually if desired for added protection.

- Ensure the wire mesh is intact and free from damage that could allow escape or entry.

Image 6.1: The PVC roof offers protection from sun and rain, ensuring a comfortable environment for your cats.

Video 6.2: This video highlights the asphalt roof feature of a catio, providing insight into weather protection.

7. Troubleshooting

7.1. Assembly Difficulties

- **Parts not fitting:** Double-check part numbers and orientation against the manual's diagrams. Ensure all pre-drilled holes are aligned.
- **Loose connections:** Ensure all screws are fully tightened. If using a power drill, use appropriate torque settings to avoid stripping screws or damaging wood.
- **Instability:** Verify the catio is placed on a completely flat and level surface. Re-tighten all fasteners.

7.2. Pet Adaptation Issues

- **Reluctance to use:** Introduce your cats to the catio gradually. Place familiar toys, blankets, or treats inside to encourage exploration.
- **Lack of activity:** Utilize the various platforms and scratching areas. Add additional cat toys or catnip to make the space more engaging.

If you encounter any issues not covered here, please refer to the contact information in the Warranty & Support section for assistance.

8. Specifications

Feature	Detail
Model Number	CW-0628
Dimensions (L x W x H)	104.3" x 35.4" x 72"
