

EWA A106Pro, A117

EWA A106Pro & A117 Mini Bluetooth Speakers User Manual

Models: A106Pro (Black), A117 (Yellow)

INTRODUCTION

This manual provides detailed instructions for the EWA A106Pro Mini Bluetooth Speaker and the EWA A117 Mini Portable Wireless Bluetooth Speaker. Please read this manual carefully before using your speakers to ensure proper operation and longevity.

Image: The EWA A106Pro (black) and A117 (yellow) mini Bluetooth speakers. The A106Pro is cylindrical with a top grille, and the A117 has a unique hourglass shape with a magnetic base.

WHAT'S IN THE BOX

Upon opening the package, please verify that all listed components are present:

- 1 x EWA A106Pro Mini Bluetooth Speaker (Black)
- 1 x EWA A117 Mini Portable Wireless Bluetooth Speaker (Yellow)
- 1 x Travel Bag (for A106Pro)
- 2 x USB Charging Cables
- 2 x User Manuals (this document)

SETUP

1. Charging the Speakers

Before first use, fully charge both speakers. Use the provided USB charging cables.

1. Connect the small end of the USB cable to the charging port on the speaker.
2. Connect the larger end of the USB cable to a standard USB power adapter (not included) or a computer's USB port.
3. The charging indicator light will illuminate during charging and turn off when fully charged.

Note: The A117 speaker takes approximately 1.5 hours to fully charge and provides up to 10 hours of playback time.

CHARGE LESS, PLAY MORE

Up to 10 hours of play time and only
1.5 hours to fully charge

Image: An illustration showing the EWA A117 speaker and a clock face indicating 1.5 hours for a full charge and up to 10 hours of playback time.

2. Bluetooth Pairing

Both speakers use Bluetooth for wireless audio connection.

1. **Power On:** Press and hold the power button on the speaker until you hear an audible prompt or see the indicator light flash.
2. **Activate Bluetooth:** On your smartphone, tablet, or other Bluetooth-enabled device, go to the Bluetooth settings and ensure Bluetooth is turned on.
3. **Select Speaker:** In the list of available devices, select "EWA A106Pro" or "EWA A117" (depending on which speaker you are pairing).
4. **Confirm Connection:** Once paired, the speaker will provide an audible confirmation, and the indicator light will change (e.g., solid blue).

Note: The speakers can only be paired with one device at a time. To pair with a new device, disconnect from the current device first.

OPERATING INSTRUCTIONS

Power On/Off

- **To Power On:** Press and hold the power button for approximately 2-3 seconds until the indicator light illuminates and you hear a power-on sound.
- **To Power Off:** Press and hold the power button for approximately 2-3 seconds until the indicator light turns off and you hear a power-off sound.

Audio Playback

Once connected via Bluetooth, audio will stream from your device to the speaker. Control playback (play/pause, skip tracks, volume) directly from your connected device.

The speakers feature a touch control method for basic functions, typically the single button on the speaker.

- **Play/Pause:** Short press the power/multi-function button.
- **Volume Control:** Volume is primarily controlled via the connected device.

EWA A106Pro Specific Features

The A106Pro is designed for portability and robust sound quality.

- **Rich Bass and Deep Lows:** Features a Hi-Fi passive radiator for enhanced audio.
- **Powerful Driver:** Equipped with a 3W high-performance driver for clear and loud sound.
- **IP67 Waterproof Rating:** Suitable for outdoor and indoor use, including near water. Do not submerge for extended periods.

Still, Rich Bass and Deep Lows

Features a Hi-Fi passive radiator delivers rich and high lows

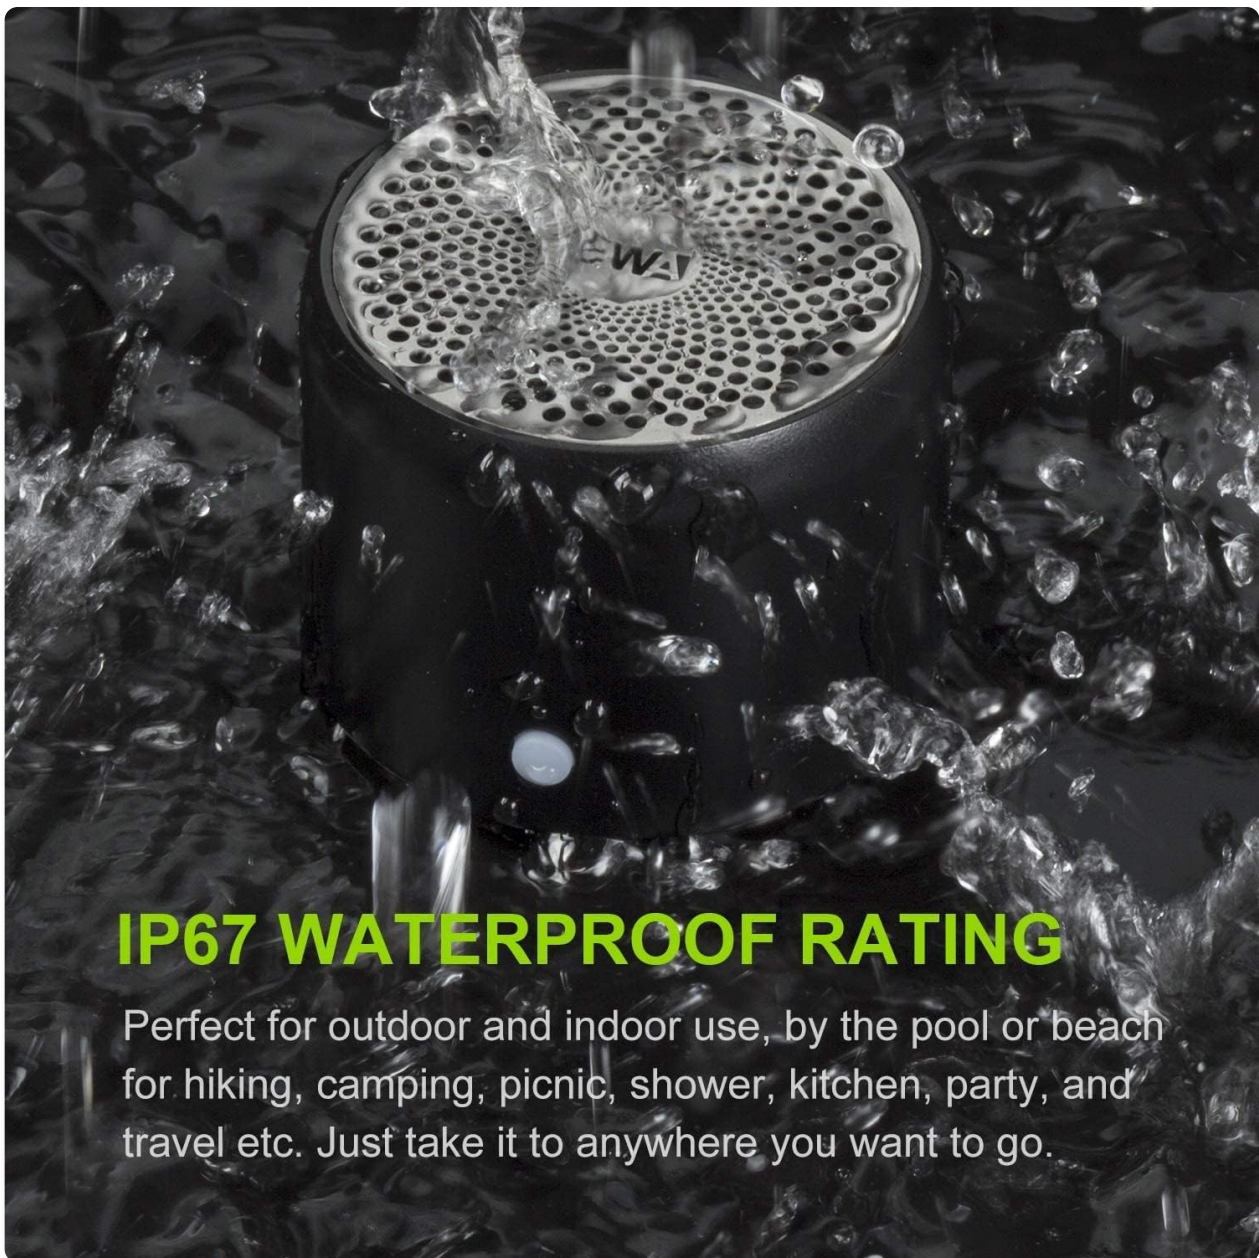

Image: An internal diagram of the EWA A106Pro speaker highlighting its passive radiator, which contributes to rich bass and deep low frequencies.

Still, Play it loud!

Though small in size, features a 3W high performance driver delivers more loud and clear sound

Image: An internal diagram of the EWA A106Pro speaker showcasing its 3W high-performance driver, designed for loud and clear audio output.

IP67 WATERPROOF RATING

Perfect for outdoor and indoor use, by the pool or beach for hiking, camping, picnic, shower, kitchen, party, and travel etc. Just take it to anywhere you want to go.

Image: The EWA A106Pro speaker being splashed with water, illustrating its IP67 waterproof rating, making it suitable for various environments.

EWA A117 Specific Features

The A117 offers unique magnetic mounting and a versatile design.

- **Magnetic Base Design:** Equipped with a powerful built-in magnet, allowing attachment to any metal surface (e.g., refrigerators, fitness equipment, golf carts).
- **Grip & Stand for MagSafe Phone Case:** Can be used as a grip or stand when attached to a MagSafe compatible phone case.
- **Special Round Body Design:** Ergonomic design for easy holding and portability.

SMALL SPEAKER, POWERFUL SOUND

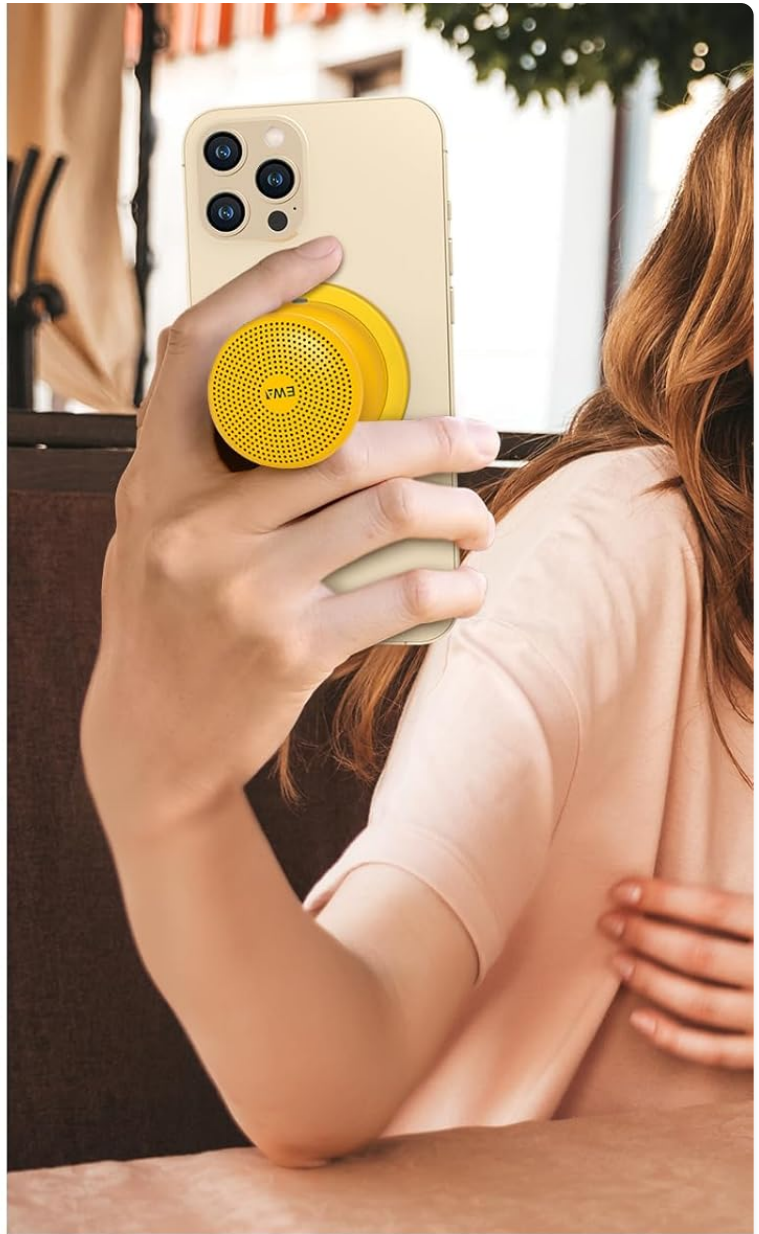

Image: An exploded view of the EWA A117 speaker, detailing its internal components, including the speaker driver, which contributes to its powerful sound despite its small size.

MAGNETIC BASE DESIGN

Attached to any metal surface

Image: The EWA A117 speaker demonstrating its magnetic base by attaching to various metal surfaces such as a refrigerator, a golf cart frame, and a sink faucet.

GRIP & STAND FOR MAGSAFE PHONE CASE

Easy to carry it with you

Image: The EWA A117 speaker being used as a grip and stand for a smartphone with a MagSafe compatible case, showing its versatility for hands-free viewing and carrying.

SPECIAL ROUND BODY DESIGN

Easy to hold and not fall, ready to go with you!

Image: A person holding a smartphone with the EWA A117 speaker attached, emphasizing its special round body design that makes it easy to hold and prevents it from falling.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to wipe the exterior of the speakers. For the A106Pro, due to its IP67 rating, a damp cloth can be used, but ensure it is dry before charging. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the speakers in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the speakers frequently. Charge them regularly, even if not in use for extended periods.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Speaker does not power on.	Low battery.	Charge the speaker fully.
Cannot pair with Bluetooth device.	Bluetooth is off on the device; speaker is already paired; speaker is too far.	Ensure Bluetooth is enabled. Disconnect from other devices. Move speaker closer to the device (within 10 meters). Restart both speaker and device.
No sound or low volume.	Volume on device is low; speaker is not connected; audio source issue.	Increase volume on your connected device. Re-pair the speaker. Check if the audio is playing correctly on your device.
A117 magnetic base not holding.	Surface is not metal or is too thin/uneven.	Ensure the surface is a flat, ferrous metal. The magnetic strength may vary on different metal types and thicknesses.

SPECIFICATIONS

Feature	EWA A106Pro	EWA A117
Speaker Type	Portable Bluetooth Speaker	
Connectivity Technology	Bluetooth	
Wireless Communication Technology	Bluetooth	
Power Source	Battery Powered
