Maintenance

To ensure the longevity and optimal performance of your HUANUO Electric Standing Desk, follow these maintenance guidelines:

- **Cleaning:** Wipe the desktop and frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Cable Management:** Periodically check and organize cables to prevent tangling or interference with the lifting mechanism.
- **Weight Distribution:** Distribute weight evenly across the desktop to prevent strain on the motor and frame. Do not exceed the maximum weight capacity of 176 lbs.
- **Regular Inspection:** Occasionally inspect all screws and connections to ensure they remain tight. Retighten if necessary.

Troubleshooting

If you encounter any issues with your HUANUO Electric Standing Desk, refer to the following common troubleshooting tips:

- **Desk Not Moving:**
 - Check if the power cord is securely plugged into both the desk and a working power outlet.
 - Ensure there are no obstructions preventing the desk from moving up or down.
 - If the control panel displays an error code, refer to the full user manual for specific instructions or contact customer support.
- **Uneven Movement:**
 - Verify that the desk is placed on a level surface.

- Ensure that the weight on the desk is evenly distributed.

- **Unusual Noises:**

- A slight hum during operation is normal. If you hear grinding or loud noises, check for loose components or contact support.

For more complex issues or if troubleshooting steps do not resolve the problem, please contact HUANUO customer support.
