COSTWAY SF6468ZM+DE

COSTWAY Wooden Garden Storage Cabinet with Asphalt Roof, Shelves, and Hooks

Model: SF6468ZM+DE

1. Product Overview

The COSTWAY Wooden Garden Storage Cabinet is designed to provide an organized and protected space for your outdoor tools and equipment. Constructed from natural fir wood and featuring a sloped asphalt roof, this cabinet offers durability and weather resistance. Its elevated design promotes ventilation, keeping your stored items dry. The cabinet includes 3-tier shelves and 5 hooks, along with lockable doors for enhanced security.

Image 1.2: The COSTWAY Wooden Garden Cabinet closed, positioned in a garden setting, demonstrating its compact and aesthetic design.

2. Key Features

- **Organized Storage Solution:** Features 3-tier shelves and a large compartment, providing ample space for small, medium, and long-handled tools. Includes 5 additional hooks for hanging items.
- **High-Quality Fir Wood:** Constructed primarily from durable fir wood, ensuring strength, resistance to deformation, and a natural aesthetic. The untreated surface allows for customization to match your garden theme.
- **Weather Protection:** Equipped with a sloped asphalt roof for sun protection and efficient water drainage, extending the cabinet's lifespan.
- **Elevated Design:** Raised legs keep the cabinet and its contents dry by preventing direct contact with ground moisture and improving air circulation.
- **Secure Lockable Doors:** Features secure, lockable doors with a metal latch, offering added protection for your valuable equipment. High-quality hinges ensure smooth and flexible opening.

- **Versatile Application:** Suitable for various uses, including a garden shed, tool organizer, or storage for pool equipment, complementing yards, gardens, balconies, or lawns.

Image 2.2: A detailed view of the sloped asphalt roof, illustrating its design for water runoff and protection against sun exposure.

Image 2.3: Close-up images highlighting the secure metal latch, durable metal hinges, and the elevated legs designed to improve ventilation and protect against moisture.

3. Setup and Assembly

Assembly of the COSTWAY Wooden Garden Storage Cabinet is required. Please follow the detailed instructions provided in the separate assembly manual included with your purchase. Ensure all components are present before beginning assembly.

3.1 Important Assembly Notes:

- **Tools Required:** Refer to the assembly manual for a list of necessary tools (e.g., screwdriver, hammer).
- **Component Identification:** Carefully identify each part using the diagrams in the assembly manual.
- **Secure Fasteners:** Ensure all screws and fasteners are tightened securely, but do not overtighten to avoid damaging the wood.
- **Level Surface:** Assemble the cabinet on a flat, level surface to ensure stability and proper door alignment.

- **Assistance:** Due to the size and weight of some components, it is recommended to have at least two people for assembly.

4. Operating Instructions

The COSTWAY Garden Storage Cabinet is designed for straightforward use to organize and protect your outdoor items.

4.1 Storing Items:

1. **Open Doors:** Use the metal latch to open the cabinet doors. The high-quality hinges allow for flexible opening.
2. **Utilize Shelves:** Place smaller and medium-sized tools or garden supplies on the three internal shelves.
3. **Use Hooks:** Hang smaller tools, gloves, or other accessories on the five integrated hooks.
4. **Large Compartment:** The tall, open section is ideal for storing long-handled tools like shovels, rakes, or brooms, as well as larger items like small garden carts or watering cans.
5. **Distribute Weight:** Distribute the weight of stored items evenly to maintain the cabinet's stability. Do not exceed the maximum load capacity for shelves or the base.

4.2 Securing the Cabinet:

- **Close Doors:** Ensure both doors are fully closed.
- **Engage Latch:** Slide the metal latch into its locked position to secure the doors. For additional security, a padlock (not included) can be added to the latch mechanism.

5. Maintenance

Regular maintenance will help prolong the life and appearance of your COSTWAY Garden Storage Cabinet.

5.1 Wood Care:

- **Cleaning:** Clean the wooden surfaces with a soft, damp cloth. Avoid harsh chemicals that may damage the wood finish.
- **Wood Treatment:** As the cabinet is made of natural fir wood, it is recommended to apply a wood sealant, stain, or paint periodically (e.g., annually) to protect it from UV rays, moisture, and pests, especially if exposed to direct sunlight or heavy rain. This also allows for customization.
- **Inspect for Damage:** Regularly check for any signs of cracking, warping, or insect damage. Address minor issues promptly to prevent further deterioration.

Image 5.1: This image highlights the natural fir wood construction, showing its grain and the possibility of applying a water-based paint for protection and customization.

5.2 Roof and Hardware:

- **Asphalt Roof:** Periodically inspect the asphalt roof for any tears, cracks, or loose granules. Repair as needed to maintain its waterproofing capabilities. Clear any debris (leaves, branches) from the roof to ensure proper water drainage.
- **Hinges and Latch:** Lubricate hinges and the metal latch annually to ensure smooth operation and prevent rust. Check that all screws holding the hardware are tight.

6. Troubleshooting

This section addresses common issues you might encounter with your garden cabinet.

6.1 Doors Not Closing Properly:

- **Check Level Surface:** Ensure the cabinet is placed on a completely level surface. Uneven ground can cause the

frame to twist, affecting door alignment.

- **Inspect Hinges:** Check if hinges are loose or bent. Tighten any loose screws or replace damaged hinges.
- **Obstructions:** Verify that no items inside the cabinet are blocking the doors from closing fully.

6.2 Water Accumulation Inside:

- **Roof Inspection:** Examine the asphalt roof for any damage (tears, holes) that could allow water ingress. Repair or seal as necessary.
- **Seal Gaps:** Check for any gaps or cracks in the wooden panels, especially at joints. Apply a suitable outdoor sealant if found.
- **Ventilation:** Ensure the elevated design is not obstructed, allowing for proper airflow underneath the cabinet.

6.3 Instability:

- **Level Ground:** Confirm the cabinet is on firm, level ground. Use shims if necessary to stabilize.
- **Tighten Fasteners:** Re-check all assembly screws and bolts to ensure they are tight.
- **Even Load:** Ensure the weight of stored items is evenly distributed and not exceeding the maximum load capacities.

7. Specifications

Attribute	Value
Brand	COSTWAY
Model Number	SF6468ZM+DE
Color	Natural
Material	Fir wood, Asphalt, Plywood
Product Dimensions (L x W x H)	91 cm x 66 cm x 150 cm
Door Dimensions (L x W)	124 cm x 53 cm
Shelf Dimensions (L x W)	57 cm x 23 cm
Max Load per Shelf	15 kg
Max Base Load	25 kg
Net Weight	23 kg
Waterproof Level	Waterproof
Assembly Required	Yes

Image 7.1: Detailed dimensional diagram of the garden cabinet, illustrating its overall size and internal shelf measurements.

8. Safety Information

- **Assembly Caution:** Exercise caution during the assembly process, especially when handling heavy components.
- **Secure Doors:** Always keep the cabinet doors closed and latched to prevent children or animals from entering and to protect stored items.
- **Stable Placement:** Ensure the cabinet is placed on a stable, level surface to prevent tipping.
- **Weight Limits:** Do not exceed the maximum load capacities for shelves (15 kg per shelf) or the base (25 kg) to avoid structural damage or collapse.
- **Flammable Materials:** Avoid storing highly flammable or hazardous materials inside the cabinet.
- **Ventilation:** While the elevated design provides some ventilation, ensure adequate airflow around the cabinet to prevent moisture buildup, especially if storing items sensitive to humidity.

9. Warranty and Support

For warranty information, please refer to the documentation provided at the time of purchase or contact your retailer directly. Specific warranty terms may vary by region and seller.

9.1 Customer Support:

If you encounter any issues or have questions regarding your COSTWAY Wooden Garden Storage Cabinet, please contact COSTWAY customer service or your point of purchase for assistance.

- **Online Support:** Visit the official COSTWAY website for FAQs and support resources.
- **Contact Retailer:** For purchase-specific inquiries, contact the retailer from whom you bought the product.
