## USonline911 81719643

# Instruction Manual: USonline911 Replacement Wall Charger for Braun Shavers

Model: 81719643

## 1. PRODUCT OVERVIEW

---

This USonline911 Replacement Wall Charger is designed to provide power to compatible Braun electric shavers. It features multiple protection mechanisms to ensure safe and reliable charging.

Image: The USonline911 Shaver Power Adapter highlighting its discharge, over-power, over-voltage, temperature, over-charging, and short-circuit protection features. Input: 100-240V~/ac 50-60Hz/7W, Output: 12V-/dc 400mA.

### Package Contents:

- 1x Wall Power Adapter

## 2. SETUP AND CONNECTION

---

Follow these steps to set up and connect your replacement wall charger:

1. **Inspect the Charger:** Before use, ensure the charger and cable are free from any visible damage.
2. **Connect to Power Outlet:** Plug the wall adapter into a standard 100-240V AC electrical outlet.
3. **Connect to Shaver:** Insert the charging jack into the charging port of your compatible Braun shaver. Ensure a secure connection.
4. **Verify Charging:** The shaver's charging indicator lights should illuminate, confirming that the device is receiving power.

## 3. OPERATING INSTRUCTIONS

This charger is designed for straightforward operation. Once connected, it will automatically begin charging your shaver.

### Compatibility:

This charger is compatible with a wide range of Braun Electric Shavers, including:

- Braun Shavers Series 1, Series 3, Series 5, Series 6, Series 7, Series 8, and Series 9.

- Specifically compatible with Type numbers: 5544, 5730, 5733, 5676, 5729, 5742, 5743, 5762, 5748, 5749, 5768, 5769, 5764, 5795, 5790, 5791, 5793.

*Note: Always verify your shaver's model and type number against the compatibility list before use to ensure proper function and safety.*

## 4. MAINTENANCE

The USonline911 Replacement Wall Charger requires minimal maintenance. To ensure longevity and safe operation:

- **Cleaning:** Wipe the charger with a dry, soft cloth to remove dust or debris. Do not use liquid cleaners or immerse the charger in water.
- **Storage:** When not in use, store the charger in a cool, dry place, away from direct sunlight and extreme temperatures. Avoid wrapping the cable too tightly around the adapter to prevent damage.
- **Cable Care:** Avoid bending or crimping the power cord excessively, as this can damage internal wires. The high-strength shell and quality cables are designed for durability, but proper handling extends product life.

## 5. TROUBLESHOOTING

If you encounter issues with your charger, consider the following:

- **Shaver Not Charging:**
  - Ensure the charger is securely plugged into a working wall outlet.
  - Verify that the charging jack is fully inserted into your shaver's charging port.
  - Check if the shaver's charging indicator lights are active.
  - Test the wall outlet with another device to confirm it has power.
- **Compatibility Issues:**
  - Double-check your Braun shaver's model and type number against the compatibility list provided in Section 3. Incorrect compatibility is a common reason for non-charging.
- **Overheating:**
  - If the charger feels excessively hot during use, disconnect it immediately. Ensure it is used in a well-ventilated area and not covered.

If problems persist after following these steps, please contact customer support.

## 6. SPECIFICATIONS

<b>Input:</b>	100-240V~/ac 50-60Hz/7W
<b>Output:</b>	12V-/dc 400mA
<b>Part-No.:</b>	81719643
