1. Safety Information

WARNING: Do not exceed the weight limit of 110 lbs on the tabletop and 45 lbs per drawer. Always assemble the product according to the included Assembly Guide to ensure stability and prevent tipping or injury. Keep small parts away from children during assembly.

2. Product Overview

The HULALA HOME Traditional End Table with Charging Station (Model NSMK1427) is designed for versatile storage and convenience. It features a built-in charging station and multiple drawers, crafted with solid wood components for durability.

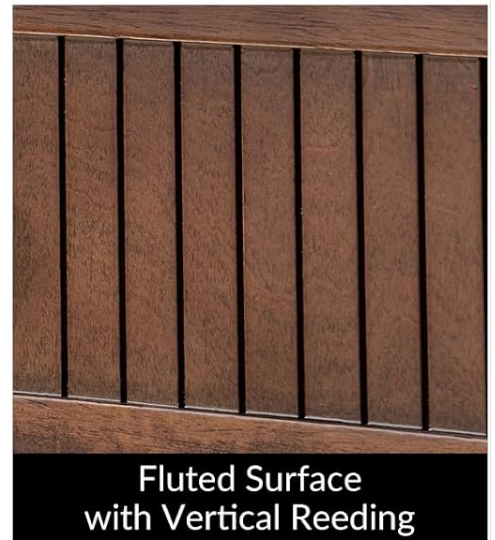

Key Features:

- **Built-in Charging Station:** Includes USB, Type-C ports, and a power outlet for convenient device charging.
- **Solid Wood Construction:** Features a natural ash wood grain top with vertical reeding, Paulownia wood drawers, and rubber wood spindle legs.
- **Versatile Storage:** Offers an open-top surface and three drawers for organized storage.
- **High Weight Capacity:** Supports up to 110 lbs on the tabletop and 45 lbs per drawer.
- **Timeless Design:** Fluted traditional detailing complements various interior styles.

4. Operating Instructions

Using the Charging Station:

The end table includes a built-in charging station located discreetly. To use, simply plug your devices into the available USB, Type-C, or standard power outlets. Ensure the table is connected to a wall power source.

Utilizing Storage Drawers:

The end table features three drawers for organized storage. Gently pull the brass knobs to open and push to close. The top surface also provides additional space for items.

5. Maintenance and Care

To maintain the appearance and longevity of your end table, wipe surfaces with a damp cloth. Avoid harsh chemicals or abrasive cleaners. Periodically check and tighten any loose hardware to ensure stability.

6. Troubleshooting

- **Drawers are stiff or difficult to open/close:** Ensure all assembly screws for the drawer slides are properly tightened. Apply a small amount of silicone lubricant to the drawer slides if needed. Avoid overfilling drawers.
- **Table feels unstable:** Verify that all leg and frame connections are securely tightened. Ensure the table is placed on a level surface.

- **Charging station not working:** Check that the power cord is fully plugged into both the table's charging unit and a functional wall outlet. Test the outlet with another device.
