7. TROUBLESHOOTING

If you encounter any issues with your LEVNARY sectional couch, please refer to the following common solutions:

Problem	Possible Cause	Solution
Missing parts during unboxing.	Packages may arrive separately.	Verify all three packages have been delivered. Check the packing list thoroughly. Contact customer support if parts are still missing.
Couch feels unstable or wobbly.	Legs not tightened or uneven floor.	Ensure all legs are securely tightened. Place the couch on a level surface.
Squeaking noises.	Loose connections or friction between components.	Check and re-tighten all assembly bolts and screws.
PU leather appears creased.	Packaging during shipping.	Minor creases typically smooth out with use over time. Gentle heat from a hairdryer (on low setting, held at a distance) can help, but test on an inconspicuous area first.
