PETLIBRO PLAF203-SB

PETLIBRO Automatic Pet Feeder with Camera (Model PLAF203-SB)

Instruction Manual

1. INTRODUCTION

This manual provides essential information for the safe and efficient operation of your PETLIBRO Automatic Pet Feeder with Camera. This device is designed to automate pet feeding schedules, monitor your pet, and facilitate two-way communication, ensuring your pet receives meals on time and you stay connected.

The feeder features a 1080P HD camera with night vision, 5G WiFi connectivity, two-way audio, and a stainless steel slow-feed bowl to promote healthier eating habits.

2. PRODUCT COMPONENTS

Verify that all components are present in the package:

- 1 x PETLIBRO Automatic Camera Feeder
- 1 x Stainless Steel Slow Food Bowl
- 1 x Power Adapter
- 1 x Desiccant Bag (pre-installed or separate)
- 1 x User Manual

3. SETUP GUIDE

3.1 Unpacking and Placement

1. Carefully remove all components from the packaging.

2. Place the feeder on a flat, stable surface in a dry area, away from direct sunlight or heat sources.
3. Ensure the power outlet is easily accessible.

3.2 Power Connection

- Connect the power adapter to the feeder and plug it into a wall outlet.
- For power outage protection, install 3 D-cell batteries (not included) in the battery compartment at the bottom of the feeder.

3.3 App Download and WiFi Connection

1. Download the **PETLIBRO App** from your smartphone's app store (iOS or Android).
2. Create an account and follow the in-app instructions to add your feeder. The feeder supports both 2.4GHz and 5GHz WiFi networks.
3. Ensure your phone is connected to the same WiFi network you intend to connect the feeder to during setup.

3.4 Filling the Food Tank

1. Open the lid of the food tank.
2. Pour dry pet food into the tank. The feeder has a 5L capacity.
3. Ensure the desiccant bag is placed in its compartment to keep food fresh. Replace the desiccant bag every 15-30 days.
4. Close the lid securely to maintain food freshness.

3.5 Attaching the Slow Food Bowl

- Place the stainless steel slow food bowl into the designated slot at the base of the feeder. Ensure it is seated correctly.

Pet-safe stainless steel

Hygienic, food-grade, and non-toxic for extra peace of mind

4. OPERATING INSTRUCTIONS

4.1 Scheduling Meals

- Use the PETLIBRO App to set up to 10 meals per day.
- Adjust portion sizes from 1 to 50 portions per meal, according to your pet's dietary needs.
- The app allows for flexible scheduling and monitoring of feeding history.

4.2 Manual Feeding

- Press the manual feed button on the feeder or use the app's "Feed Now" function to dispense a single portion instantly.

4.3 Camera Features and Monitoring

The built-in 1080P HD camera allows you to monitor your pet's mealtime in real-time.

- **Real-time Viewing:** Access the live camera feed through the PETLIBRO App.
- **Night Vision:** The camera automatically switches to night vision in low-light conditions, providing

clear monitoring even at night.

- **Automatic Capture:** Feeding moments are automatically recorded and stored for playback within the app.

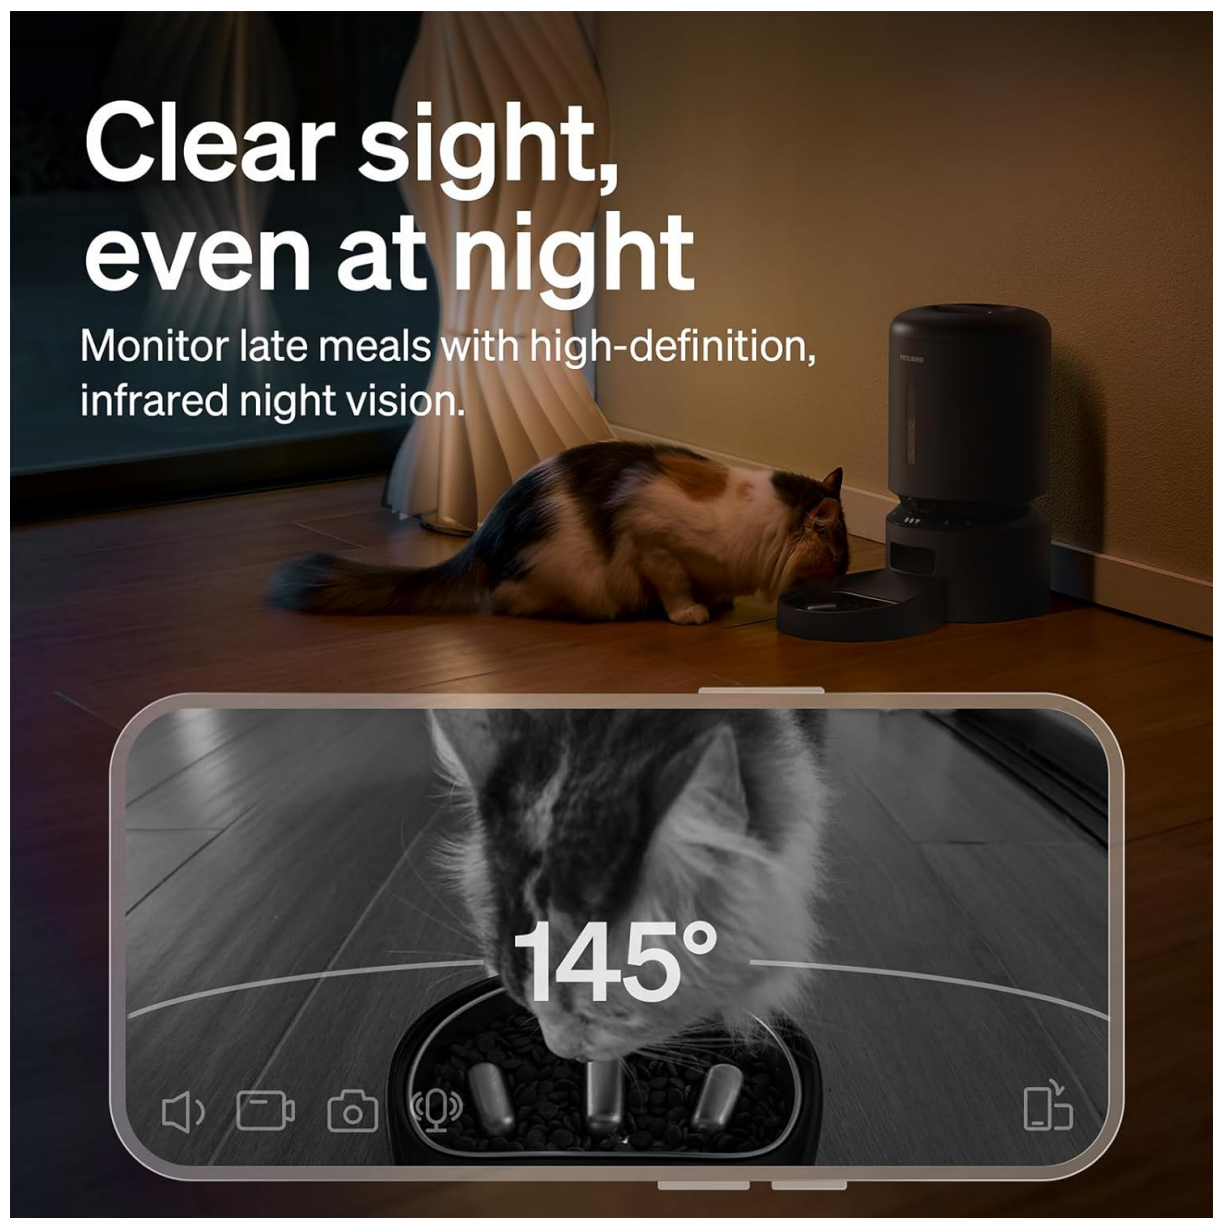

Figure 3: Night Vision Monitoring

4.4 Two-Way Audio Interaction

- Use the two-way audio feature in the app to speak to your pet remotely.
- You can also record a personalized 10-second meal call that plays during scheduled feeding times.

4.5 Notifications and Alerts

The PETLIBRO App provides instant alerts to keep you informed:

- **Low Food Level:** Receive alerts when the food tank is running low, prompting you to refill.
- **Food Jams:** The anti-blockage system detects and alerts you to any food dispensing issues.
- **Motion and Sound Detection:** Get notifications for detected motion or sound around the feeder.

4.6 Slow Feeding Benefits

The integrated stainless steel slow-feed bowl is designed with ridges to reduce eating speed by up to 2 times. This helps prevent choking, bloating, and indigestion, supporting better digestion for pets that eat too fast.

Slow feeding you can monitor

See mealtimes in real time on your phone.

5. MAINTENANCE

5.1 Cleaning the Slow Food Bowl

- The stainless steel bowl is removable and dishwasher safe for easy cleaning.
- Wash regularly to maintain hygiene and prevent bacterial growth.

Hands-free cleanup

Durable and dishwasher-safe up to 212°F / 100°C

Figure 6: Dishwasher Safe Components

5.2 Cleaning the Food Tank and Dispenser

- Wipe the interior of the food tank with a damp cloth. Ensure it is completely dry before refilling.
- Clean the food dispensing outlet regularly to prevent blockages.

5.3 Desiccant Bag Replacement

- Replace the desiccant bag in the lid compartment every 15-30 days to ensure food freshness.

6. TROUBLESHOOTING

Issue	Possible Cause	Solution
Feeder not powering on	Power adapter disconnected; no battery backup; batteries depleted.	Check power connection; install fresh D-cell batteries.
Food not dispensing	Food tank empty; food jam; dispenser blocked.	Refill food tank; clear any food blockages in the dispenser; clean the outlet.

Issue	Possible Cause	Solution
WiFi connection failure	Incorrect WiFi password; feeder too far from router; incompatible WiFi band.	Verify password; move feeder closer to router; ensure 2.4GHz or 5GHz network is used.
Camera not working	App permissions; network issue.	Check app camera permissions; ensure stable WiFi connection.
Notifications not received	App notification settings; phone settings.	Enable notifications in the PETLIBRO App and your phone's settings.

If issues persist, please contact PETLIBRO customer support.

7. SPECIFICATIONS

- **Model Number:** PLAF203-SB
- **Product Dimensions:** 12.99"L x 7.48"W x 13.78"H
- **Item Weight:** 3.8 Pounds
- **Capacity:** 5 Liters
- **Material:** Stainless Steel (bowl), Plastic (feeder body)
- **Connectivity Technology:** WiFi (2.4GHz & 5GHz)
- **Power Source:** Corded Electric, Battery Backup (3 x D-cell batteries, not included)
- **Camera:** 1080P HD with Night Vision
- **Special Features:** Two-Way Audio, Slow Food Bowl, App Control, Motion/Sound Detection, Low Food Alerts
- **Target Species:** Cats, Dogs, Small Animals
