BORNOON BRN-090WH2

BORNOON Entryway Shoe Cabinet with 3 Flip Drawers

Model: BRN-090WH2

INTRODUCTION

Thank you for choosing the BORNOON Entryway Shoe Cabinet. This manual provides essential information for the safe assembly, operation, and maintenance of your new shoe cabinet. Please read these instructions carefully before beginning assembly and retain them for future reference.

SAFETY INFORMATION

To ensure safe use of this product, please observe the following guidelines:

- Always assemble the product on a clean, flat, and stable surface to prevent damage or injury.
- Ensure all parts are securely fastened before use. Periodically check and tighten all connections.
- This cabinet features an anti-tipping device. It is crucial to install this device as instructed to prevent accidental tipping, especially in households with children or pets.
- Do not overload the cabinet drawers or shelves. Distribute weight evenly.
- Keep small parts and packaging materials away from children to avoid choking hazards.

Security and Stability to Ensure the Safety of Your Family

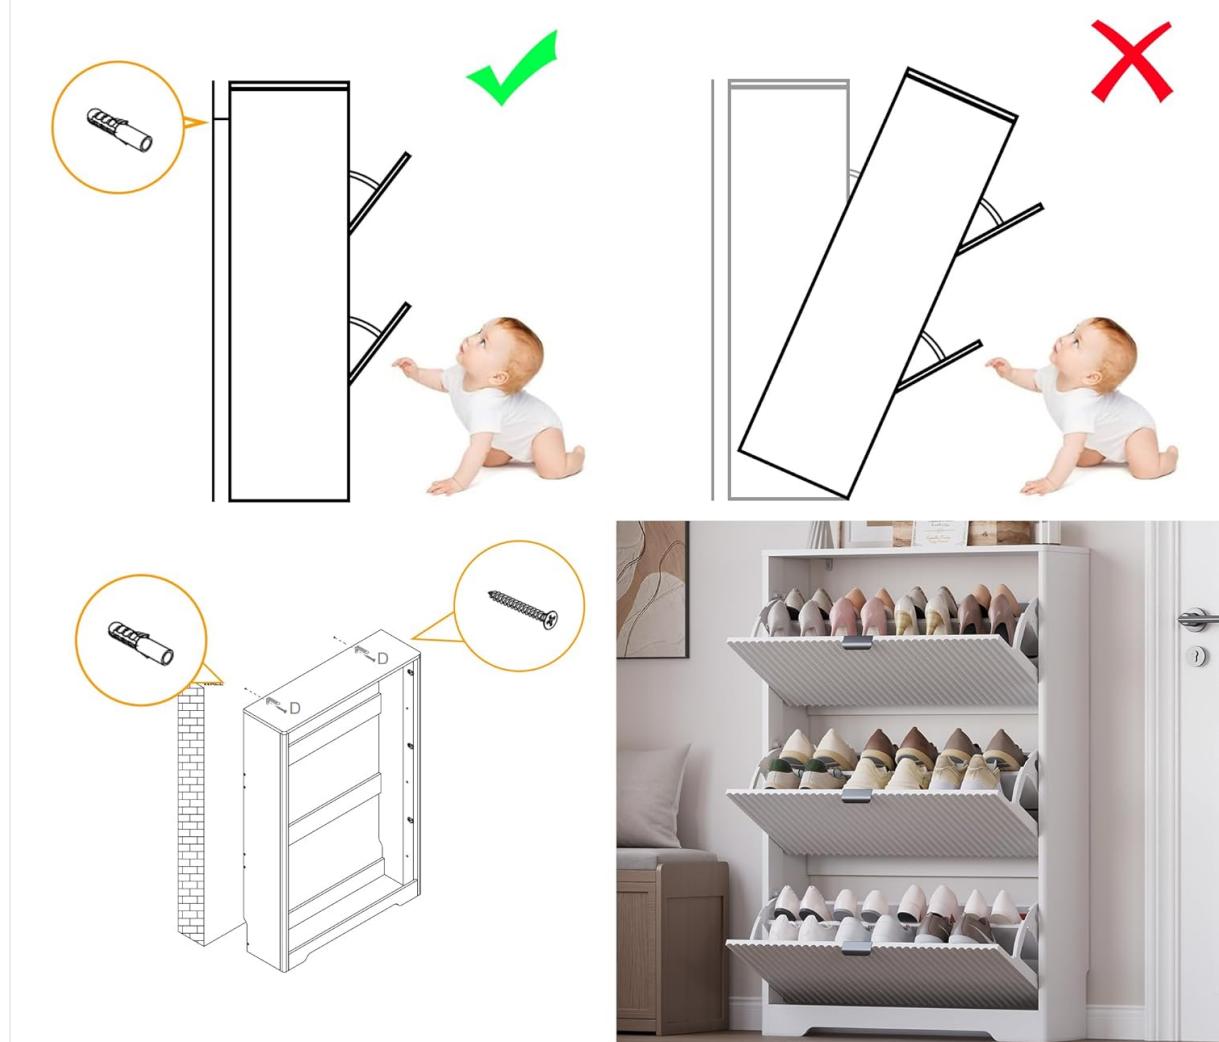

Figure 1: Anti-Tipping Device Installation. This diagram shows the correct method for securing the cabinet to a wall using the provided anti-tipping device, highlighting the risk of tipping if not installed.

PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

Part	Description	Quantity
Cabinet Panels	Side, top, bottom, and back panels	Various
Flip Drawers	3 drawer units with fluted panels	3
Adjustable Shelves	Internal shelves for each flip drawer	6
Hardware Kit	Screws, dowels, cam locks, anti-tipping device	1 set
Handles	Sleek, easy-grip handles for drawers	3

SETUP AND ASSEMBLY

Assembly is designed to be straightforward with clearly labeled parts and detailed instructions. Please follow the steps below carefully.

1. **Unpack and Identify Parts:** Lay out all components on a soft, clean surface. Refer to the parts list to ensure everything is present.
2. **Assemble the Main Frame:** Connect the side panels to the top and bottom panels using the provided hardware (e.g., dowels and cam locks). Ensure all connections are tight.
3. **Install Back Panel:** Secure the back panel to the main frame.
4. **Assemble Flip Drawers:** Each flip drawer consists of several pieces. Assemble these according to the specific instructions for the drawer mechanism.
5. **Insert Adjustable Shelves:** Within each flip drawer, insert the two removable and adjustable shelves. These can be positioned to accommodate different shoe sizes and types (sneakers, boots, high heels).

Figure 2: Flexible Shelf Configuration. This image demonstrates how the internal shelves within each flip drawer can be removed or adjusted to fit various shoe types and sizes.

6. **Attach Handles:** Secure the sleek handles to the front of each flip drawer.
7. **Install Anti-Tipping Device:** Attach the anti-tipping device to the top rear of the cabinet and secure it to a wall stud or appropriate anchor point. This step is critical for stability and safety.

Figure 3: Assembled Shoe Cabinet with Open Drawers. This image displays the fully assembled BORNOON shoe cabinet with its flip drawers open, showcasing its storage capacity and design.

Figure 4: Assembled Shoe Cabinet with Closed Drawers. This image presents the BORNOON shoe cabinet in its closed state, highlighting its compact and elegant appearance suitable for entryways.

OPERATING INSTRUCTIONS

Using your BORNOON shoe cabinet is simple and efficient:

- **Opening Drawers:** Gently pull the handle of a flip drawer outwards. The drawer will tilt forward, providing access to the shoe compartments.
- **Storing Shoes:** Place shoes into the compartments. Utilize the adjustable shelves to maximize space and accommodate different shoe heights. Each drawer can hold multiple pairs depending on shoe size and style.
- **Closing Drawers:** Push the flip drawer back into the cabinet until it is fully closed and flush with the cabinet front.
- **Top Surface Storage:** The flat top surface of the cabinet can be used for placing small items such as keys, bags, or decorative elements.

Figure 5: Top Surface Utilization. This image shows the cabinet's top surface being used for decorative items and small personal belongings, demonstrating its additional utility.

MAINTENANCE

To maintain the appearance and longevity of your shoe cabinet, follow these simple care instructions:

- **Cleaning:** Wipe the cabinet surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Dusting:** Regularly dust the cabinet with a dry, soft cloth to prevent buildup.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the engineered wood.
- **Inspection:** Periodically check all hardware and connections to ensure they remain tight. Tighten as necessary.

TROUBLESHOOTING

If you encounter any issues with your shoe cabinet, refer to the following common problems and solutions:

- **Cabinet is wobbly:**
 - Ensure all assembly screws and cam locks are fully tightened.
 - Verify the anti-tipping device is correctly installed and secured to the wall.

- Check that the cabinet is placed on a level surface.
- **Drawers do not open/close smoothly:**
 - Inspect the drawer mechanism for any obstructions.
 - Ensure the drawer components were assembled correctly and are not misaligned.
 - Check that shoes are not interfering with the drawer's movement.
- **Missing or damaged parts:**
 - Refer to the 'Package Contents' section and contact customer support for free replacements.
