## Fastrack SWD009

# Fastrack Vibes 4.0 Smart Sunglasses User Manual

Model: SWD009

## 1. INTRODUCTION AND OVERVIEW

Welcome to the Fastrack Vibes 4.0 Smart Sunglasses. These innovative sunglasses integrate navigation, voice assistant, and touch/tap controls with polarized lenses for an enhanced experience. This manual provides essential information for setting up, operating, and maintaining your new smart sunglasses.

## 2. PACKAGE CONTENTS

---

Before proceeding, please ensure all items are present in the package:

- Fastrack Vibes 4.0 Smart Sunglasses
- Protective Case
- Cleaning Cloth
- Charging Cable (if applicable, refer to product packaging)
- User Manual (this document)

## 3. SETUP

---

### 3.1. Charging the Sunglasses

Your Fastrack Vibes 4.0 Smart Sunglasses are equipped with two Lithium Ion batteries. Before first use, fully charge the device.

1. Locate the charging port on the sunglasses (typically on one of the temples).
2. Connect the provided charging cable to the sunglasses and a compatible USB power source.
3. The indicator light will show charging status (refer to specific product light indicators for details).
4. Once fully charged, disconnect the cable.

### 3.2. Bluetooth Pairing

To use the smart features, you must pair your sunglasses with a Bluetooth-enabled device (e.g., smartphone).

1. Ensure the sunglasses are charged and powered on.
2. Activate Bluetooth on your smartphone or device.
3. Put the sunglasses into pairing mode (refer to product-specific instructions for button presses or gestures).
4. On your device, search for available Bluetooth devices.
5. Select "Fastrack Vibes 4.0" from the list to connect.
6. A confirmation sound or indicator light will confirm successful pairing.

## 4. OPERATING INSTRUCTIONS

---

The Fastrack Vibes 4.0 Smart Sunglasses feature intuitive touch/tap controls located on the temples.

*Image: Detail of the touch control area on the sunglasses temple.*

### 4.1. Power On/Off

- **Power On:** Press and hold the designated button/area on the temple for approximately 3 seconds until you hear a power-on prompt or see an indicator light.
- **Power Off:** Press and hold the designated button/area for approximately 5 seconds until you hear a power-off prompt or the indicator light turns off.

## 4.2. Call Management

Image: Fastrack Vibes 4.0 Smart Sunglasses promoting hands-free call functionality.

- **Answer Call:** Single tap on either temple.
- **End Call:** Single tap on either temple during an active call.
- **Reject Call:** Press and hold either temple for 2 seconds.

## 4.3. Music Playback

Image: Fastrack Vibes 4.0 Smart Sunglasses indicating music on-the-go feature.

- **Play/Pause:** Single tap on either temple.
- **Next Track:** Double tap on the right temple.
- **Previous Track:** Double tap on the left temple.
- **Volume Up:** Triple tap on the right temple.
- **Volume Down:** Triple tap on the left temple.

## 4.4. Voice Assistant

Image: Fastrack Vibes 4.0 Smart Sunglasses highlighting voice assistance.

- **Activate Voice Assistant:** Press and hold either temple for 2 seconds (when not on a call). This will activate your paired device's native voice assistant (e.g., Google Assistant, Siri).

## 4.5. Navigation

Navigation features are integrated through your paired smartphone's GPS and mapping applications. Once connected, voice prompts for navigation will be delivered directly through the sunglasses' audio.

- Ensure your smartphone's GPS and preferred navigation app are active.
- Start navigation on your phone; audio directions will automatically route to your sunglasses.

## 5. MAINTENANCE

---

### 5.1. Cleaning

- Use the provided cleaning cloth to gently wipe the lenses and frame.
- For stubborn smudges, use a lens cleaning spray specifically designed for eyewear and a microfiber cloth.
- Avoid using abrasive cleaners, paper towels, or clothing, as these can scratch the lenses.

### 5.2. Storage

- Always store your sunglasses in the protective case when not in use to prevent scratches and damage.
- Avoid exposing the sunglasses to extreme temperatures (hot or cold) or direct sunlight for prolonged periods, as this can damage the electronics and frame material.

### 5.3. Battery Care

- Charge the batteries regularly, even if not used frequently, to maintain battery health.
- Avoid fully discharging the batteries completely before recharging.

## 6. TROUBLESHOOTING

---

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Sunglasses do not power on.	Low battery.	Charge the sunglasses fully.
Cannot pair with device.	Bluetooth is off on device; sunglasses not in pairing mode; out of range.	Ensure Bluetooth is on, put sunglasses in pairing mode, move closer to device. Try restarting both devices.
No sound or poor audio quality.	Volume too low; sunglasses not connected; audio source issue.	Increase volume on sunglasses and device. Re-pair the sunglasses. Check audio source on your device.
Touch controls unresponsive.	Temporary software glitch; dirty sensor area.	Restart the sunglasses. Clean the touch control area with the provided cloth.
