TUSK 2022470007

Tusk Soft Upper Doors Set Instruction Manual

Model: 2022470007 | Brand: TUSK

INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your Tusk Soft Upper Doors Set. Designed for Can-Am Maverick Trail 2018-2026 2-Seat UTVs, these doors offer protection from trail elements while maintaining comfort and airflow. Please read this manual thoroughly before installation and use to ensure proper function and safety.

SAFETY INFORMATION

- Always ensure all components are securely fastened before operating your UTV.
- Regularly inspect doors for wear, damage, or loose connections. Replace or repair as necessary.
- Do not obstruct your view while driving. Ensure clear visibility through windows.
- Exercise caution when operating the UTV in extreme weather conditions, even with doors installed.

WHAT'S IN THE BOX

Your Tusk Soft Upper Doors Set includes the following components:

- 2 x Soft Side Door Covers (Left and Right)
- All necessary mounting hardware

SETUP AND INSTALLATION

The Tusk Soft Upper Doors are designed for a custom fit on your Can-Am Maverick Trail. Installation requires minimal tools.

1. **Preparation:** Ensure your UTV is parked on a level surface and the engine is off. Gather necessary tools (e.g., drill, appropriate bits, wrenches).
2. **Roll Cage Fitment:** The doors are designed to fit directly into the channel of the Can-Am roll cage. Position the upper door frame to align with the roll cage.
3. **Factory Door Frame Mounting:** The soft upper doors mount to the factory door frame. This process requires drilling into the factory door skin to secure the attachment points. Carefully mark and drill holes as per the included hardware instructions.
4. **Secure Attachment:** Attach the doors quickly and securely to the existing door frames and roll cage using the provided hardware. Ensure all straps and fasteners are tight to prevent flapping during rides.

Perfect Fit for Your UTV

OPERATING INSTRUCTIONS

The Tusk Soft Upper Doors are designed to enhance your riding experience in various conditions.

- **Weather Protection:** The durable textile fabric and clear vinyl windows shield riders from wind, rain, and other trail elements.
- **Ventilation:** Utilize the integrated zipper windows for adjustable airflow and comfort. Open or close them as needed to regulate cabin temperature.
- **Window Retention:** When windows are rolled down, use the hook-and-loop holders to secure them in place, preventing flapping.
- **Quick Removal:** The doors feature an integrated quick-release design, allowing sections to be easily removed when not needed.

Makes Riding in any Condition More Enjoyable

Provides protection from the elements and adverse weather conditions

Allows ventilation with zipper windows and a hook-and-loop holder, ensuring a comfortable ride

MAINTENANCE

Proper maintenance will extend the life and appearance of your Tusk Soft Upper Doors.

- **Cleaning:** Clean the textile fabric with mild soap and water. Avoid harsh chemicals or abrasive cleaners that could damage the material.
- **Window Care:** Clean clear vinyl windows with a soft cloth and a plastic-safe cleaner. Do not use ammonia-based cleaners or scrub vigorously, as this can cause scratching or hazing.
- **Inspection:** Periodically check all zippers, hook-and-loop fasteners, and mounting points for wear or damage. Ensure the powder-coated steel frames are free from rust or bends.
- **Storage:** If removing doors for extended periods, clean them thoroughly and store them in a dry, cool place away from direct sunlight to prevent material degradation.

Quality Construction

TROUBLESHOOTING

Problem	Possible Cause	Solution
Doors do not fit correctly or are loose.	Incorrect installation; loose fasteners.	Review the installation steps. Ensure all mounting hardware is tightened securely.
Windows are difficult to zip or unzip.	Dirt or debris in zipper; zipper misalignment.	Clean zippers with a small brush. Apply a silicone-based lubricant if needed. Ensure fabric is not caught.
Clear vinyl windows appear cloudy or scratched.	Improper cleaning; exposure to harsh chemicals.	Clean with a soft cloth and plastic-safe cleaner. Avoid abrasive materials. Minor scratches may be polished with specialized vinyl polish.
Doors flap excessively during operation.	Loose attachment points; retention straps not secured.	Verify all mounting points are tight. Ensure hook-and-loop retention straps are properly fastened to the roll cage.
