3. SETUP

3.1 Initial Charging

Before first use, fully charge your shaver. A full charge takes approximately 1 hour and provides up to 60 minutes of shaving time. For a quick shave, a 5-minute charge is sufficient for one full shave.

1. Connect the USB-A charging cable to the shaver and a compatible USB power adapter (not included).
2. Plug the power adapter into a wall outlet. The display will indicate charging progress.

3.2 Attaching Accessories

To attach or detach accessories like the precision trimmer or 3-in-1 DeepClean massager:

1. Ensure the shaver is turned off.
2. Grip the shaving head firmly and pull it straight off the shaver handle. Do not twist.
3. Align the desired accessory (e.g., precision trimmer) with the shaver handle and push it straight on until it clicks into place.

4. OPERATING INSTRUCTIONS

4.1 Shaving Modes & SenseIQ Pro Technology

The shaver is equipped with SenseIQ Pro Technology, offering 5 personalized shaving modes and real-time feedback on pressure and motion for optimal skin comfort.

- **5 Shaving Modes:** Choose from various modes (e.g., Sensitive, Regular, Intense, Foam, Custom) via the customizable display to match your skin type and beard density.
- **Pressure & Motion Guidance:** Intelligent sensors provide visual feedback (lights on the shaver head) to guide you in applying the right pressure and motion for an efficient and comfortable shave.

4.2 Wet & Dry Shaving

The shaver is 100% waterproof and can be used for both wet and dry shaving.

- **Dry Shave:** For a quick and convenient shave, use the shaver on dry skin.
- **Wet Shave:** For added skin comfort, use with shaving foam or gel. The Hydro SkinGlide coating ensures smoother gliding.

4.3 Triple Action Lift & Cut System

The Triple Action Lift & Cut system is designed to cut hair up to 0.08mm below skin level for a close shave.

5. MAINTENANCE

5.1 Cleaning the Shaver

Regular cleaning ensures optimal performance and hygiene.

1. **Quick Clean Pod:** Use the Quick Clean Pod for deep cleaning in just 1 minute. The built-in UV technology eliminates 99.9% of bacteria.
2. **Manual Cleaning:** After each shave, open the shaver head and rinse it thoroughly under running water. Allow it to air dry completely before reattaching the head or storing.

5.2 Blade Replacement

The NanoTech Precision Blades are designed for durability and have a lifetime of up to 2 years. Replace the shaving heads when

performance decreases to maintain optimal shaving results.

6. TROUBLESHOOTING

If you encounter any issues with your shaver, please refer to the full user manual or contact Philips Norelco customer support for assistance.
