- **Power Button:** Press and hold to turn the speaker on or off.
- **Play/Pause Button:** Controls music playback and answers/ends calls.
- **Volume Up/Next Track:** Short press for volume up, long press for next track.
- **Volume Down/Previous Track:** Short press for volume down, long press for previous track.
- **Mode Button:** Switches between Bluetooth, AUX, USB, and TF Card modes.
- **DC 5V Port:** For charging the speaker.
- **TF Card Slot:** Insert a TF card for direct music playback.
- **AUX Input:** Connect external audio devices via a 3.5mm audio cable.
- **USB Port:** Connect a USB drive for direct music playback.

## SETUP

### 1. Charging the Speaker

Before first use, fully charge the speaker. Connect the provided charging cable to the DC 5V port on the speaker and the other end to a USB power adapter (not included). The charging indicator light will illuminate. Once fully charged, the light will change or turn off. A full charge provides up to 10 hours of playtime at moderate volume.

## 2. Power On/Off

Press and hold the **Power Button** for approximately 3 seconds to turn the speaker on or off. A voice prompt will indicate the power status.

## 3. Bluetooth Pairing

1. Turn on the speaker. It will automatically enter Bluetooth pairing mode, indicated by a flashing LED light and a voice prompt.
2. Enable Bluetooth on your mobile device (smartphone, tablet, etc.).
3. Search for "UBON SP-47" in the list of available Bluetooth devices.
4. Select "UBON SP-47" to connect. Once paired, the LED light will stop flashing, and a voice prompt will confirm the connection.

5. If prompted for a password, enter "0000".

The speaker will automatically reconnect to the last paired device when powered on, if the device is within range and Bluetooth is enabled.

## 4. Other Connectivity Modes

Press the **Mode Button** to switch between input sources:

- **AUX Mode:** Connect an external audio device using a 3.5mm audio cable to the AUX input. The speaker will automatically switch to AUX mode or can be selected via the Mode button.
- **USB Mode:** Insert a USB flash drive into the USB port. The speaker will automatically detect and play audio files from the drive.
- **TF Card Mode:** Insert a TF (MicroSD) card into the TF card slot. The speaker will automatically detect and play audio files from the card.

## OPERATION

### Music Playback

- **Play/Pause:** Short press the **Play/Pause Button** to play or pause music.
- **Next Track:** Long press the **Volume Up Button** to skip to the next track.
- **Previous Track:** Long press the **Volume Down Button** to go to the previous track.

### Volume Control

- **Increase Volume:** Short press the **Volume Up Button**.
- **Decrease Volume:** Short press the **Volume Down Button**.

### Call Handling (Bluetooth Mode)

- **Answer Call:** Short press the **Play/Pause Button** when an incoming call rings.
- **End Call:** Short press the **Play/Pause Button** during a call.
- **Reject Call:** Long press the **Play/Pause Button** when an incoming call rings.

### LED Light Modes

The UBON logo on the speaker features dynamic LED lighting. The lights typically change automatically with the music or can be cycled through different modes by a dedicated button (if available, otherwise it's automatic). Refer to the quick start guide for

specific light control if a dedicated button is present.

## MAINTENANCE

- Keep the speaker away from extreme temperatures, direct sunlight, and corrosive liquids.
- Clean the speaker with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- The speaker is water resistant, meaning it can withstand splashes or light rain. Do not submerge it in water.
- Store the speaker in a cool, dry place when not in use for extended periods.

## TROUBLESHOOTING

| Problem                            | Solution                                                                                                                                                                                                                           |
|------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Speaker does not turn on.          | Ensure the speaker is charged. Connect it to a power source and try again.                                                                                                                                                         |
| Cannot pair with Bluetooth device. | Make sure the speaker is in pairing mode (flashing LED).<br>Ensure Bluetooth is enabled on your device.<br>Move the speaker closer to your device.<br>Forget "UBON SP-47" from your device's Bluetooth list and try pairing again. |
| No sound.                          | Check the volume level on both the speaker and your connected device.<br>Ensure the correct input mode (Bluetooth, AUX, USB, TF Card) is selected.<br>Verify the audio cable is securely connected in AUX mode.                    |
| Poor sound quality.                | Move the speaker closer to your Bluetooth device to avoid interference.<br>Ensure the audio source is of good quality.<br>Check for obstructions between the speaker and the Bluetooth device.                                     |
