MAINTENANCE AND CARE

Cleaning Instructions:

- **Surfaces (Engineered Wood & Glass):** Wipe with a soft, damp cloth. For stubborn marks, use a mild, non-abrasive cleaner. Avoid harsh chemicals or abrasive materials that could damage the finish.
- **Mirror:** Use a glass cleaner and a lint-free cloth. Spray cleaner onto the cloth, not directly onto the mirror, to prevent liquid from seeping into the edges.
- **Stool Cushion:** Spot clean with a damp cloth and mild soap. Do not saturate the fabric.

General Care:

- Avoid placing hot items directly on the surface without protection.

- Do not overload drawers to ensure smooth operation and prevent damage to the slides.
- Regularly check and tighten any loose screws to maintain stability.
- Keep the vanity away from excessive moisture or humidity.

TROUBLESHOOTING

If you encounter any issues with your vanity desk, refer to the following common problems and solutions:
