DOOGEE Blade 10 Power

DOOGEE Blade 10 Power Android 16 Rugged Smartphone User Manual

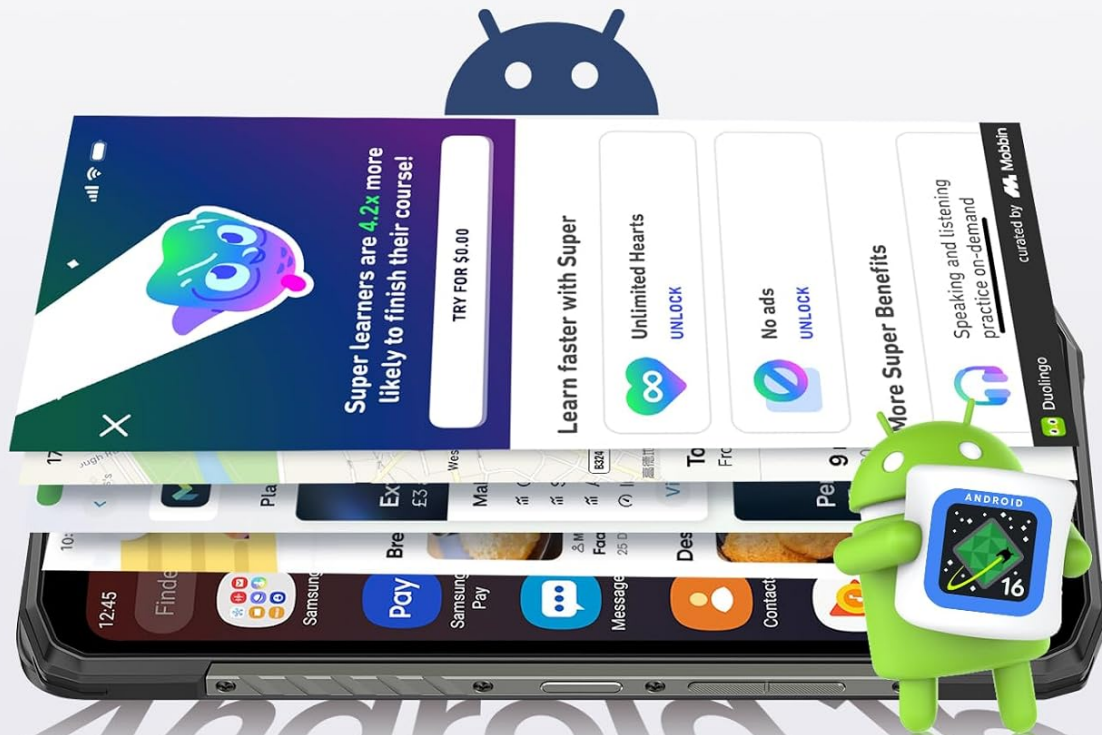

Model: Blade 10 Power

1. INTRODUCTION

The DOOGEE Blade 10 Power is a rugged smartphone designed for durability and high performance. It features a large 10300mAh battery, 24GB RAM, 256GB internal storage (expandable up to 2TB), and runs on Android 16. This device is built to withstand challenging environments, offering water, dust, and shock resistance with IP68/IP69K and MIL-STD-810H certifications. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your device.

Preparado para el futuro con Android 16

Más rápido, más seguro y más intuitivo

Rendimiento más fluido y rápido

Controles de privacidad más inteligentes

Experiencia de multitarea mejorada

Soporte de software prolongado

Listo para Gemini AI y preparado para el futuro

2. SETUP GUIDE

2.1 Inserting SIM and TF Cards

The DOOGEE Blade 10 Power supports dual SIM cards and one TF (microSD) card for expanded storage. Locate the SIM card tray on the side of the device. Use the provided SIM ejector tool to open the tray. Carefully place your Nano-SIM cards and TF card into their respective slots as indicated on the tray. Ensure the tray is fully inserted and flush with the device body to maintain water and dust resistance.

2.2 Initial Power On and Android Setup

Press and hold the power button located on the side of the device until the DOOGEE logo appears. Follow the on-screen prompts to complete the initial setup, including language selection, Wi-Fi connection, Google account login, and security settings. The device runs on Android 16, offering an optimized and secure user experience.

3. OPERATING INSTRUCTIONS

3.1 Android 16 Features

Your Blade 10 Power comes with Android 16, providing enhanced performance, security, and intuitive navigation. Key features include:

- **Improved Performance:** Faster app loading and smoother multitasking.
- **Enhanced Privacy Controls:** More granular control over app permissions and data access.
- **Gemini AI Integration:** Optimized resource management and efficient app handling.
- **Extended Software Support:** Ensures your device remains updated and secure.

3.2 Glove Mode

For users operating the phone with gloves, the Glove Mode feature enhances touchscreen sensitivity, allowing for precise recognition of finger movements even when covered. This ensures a fluid and uninterrupted user experience in various conditions.

Modo Guantes

El Modo Guantes está especialmente diseñado para usuarios que necesitan operar el teléfono con guantes, garantizando que los movimientos de los dedos se reconozcan con precisión incluso cuando están cubiertos, para una experiencia de uso fluida y sin interrupciones.

4. CAMERA FEATURES

The Blade 10 Power is equipped with a 50MP AI main camera and an 8MP front camera, designed to capture clear and vibrant photos and videos.

4.1 Rear Camera (50MP AI)

The 50MP main camera utilizes Artificial Intelligence to optimize image quality, providing sharp details and accurate colors. Features include:

- **HDR Mode:** Improves dynamic range for balanced exposure in challenging lighting.
- **Panoramic Mode:** Capture wide-angle landscapes.
- **1080P Video Recording:** Record smooth videos at 30 frames per second.
- **AI Camera / Google Smart Camera:** Intelligent scene recognition and optimization.

5. DISPLAY FEATURES

The device features a 6.6-inch HD+ IPS display, offering a vibrant and smooth visual experience.

- **Size and Resolution:** 6.6-inch HD+ IPS display with 720 x 1612 resolution.
- **Refresh Rate:** 90Hz refresh rate for fluid scrolling and gaming.
- **Brightness:** 380cd/m² brightness ensures clear visibility even in bright conditions.
- **Widevine L1 Support:** Enjoy high-quality streaming content from supported platforms without restrictions.

6. BATTERY MANAGEMENT

The Blade 10 Power is equipped with a massive 10300mAh battery, providing extended usage times.

6.1 Charging

Use the provided 18W fast charger and USB Type-C cable to charge your device. Connect the cable to the phone's charging port and plug the adapter into a power outlet. The phone supports OTG (On-The-Go) functionality, allowing it to act as a power bank to charge other devices.

6.2 Battery Life

With its 10300mAh battery, the device can last up to 15 days on standby, making it suitable for extended trips or heavy use without frequent recharging.

7. SECURITY FEATURES

The Blade 10 Power offers multiple security options to protect your device and data.

7.1 Fingerprint Unlock

The side-mounted fingerprint sensor allows for ultra-fast unlocking in approximately 0.19 seconds. To set up, navigate to **Settings > Security > Fingerprint** and follow the instructions to register your fingerprint.

7.2 Face ID

Face ID provides convenient and secure facial recognition for unlocking your device. To set up, go to **Settings > Security > Face Unlock** and follow the on-screen guide.

8. CONNECTIVITY AND NAVIGATION

The Blade 10 Power offers comprehensive connectivity and precise navigation capabilities.

- **Dual 4G:** Supports dual 4G networks for reliable mobile connectivity.
- **NFC:** Integrated NFC for quick mobile payments via Google Pay and other contactless functions.
- **GPS:** Supports GPS, GLONASS, Galileo, and BeiDou for accurate positioning and navigation.
- **Wi-Fi & Bluetooth:** Standard Wi-Fi and Bluetooth connectivity for wireless communication.

9. DURABILITY AND PROTECTION

The DOOGEE Blade 10 Power is built to be highly durable, featuring industry-leading protection standards.

- **IP68/IP69K:** Certified for water and dust resistance, capable of submersion up to 1.5 meters and protection against high-pressure water jets.
- **MIL-STD-810H:** Military-grade standard for shock resistance, protecting against drops from up to 1.5 meters.
- **360° Dust Protection:** Ensures the device remains functional even in dusty environments.

10. MAINTENANCE

To ensure the longevity and optimal performance of your DOOGEE Blade 10 Power, follow these maintenance guidelines:

- **Cleaning:** Wipe the device with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials. Ensure all port covers are securely closed before cleaning with water.
- **Temperature:** Avoid exposing the device to extreme temperatures (very hot or very cold) as this can affect battery life and internal components.
- **Storage:** When not in use for extended periods, store the device in a cool, dry place with approximately 50% battery charge.
- **Software Updates:** Regularly check for and install software updates to benefit from performance improvements and security patches.

11. TROUBLESHOOTING

If you encounter issues with your device, refer to the following common troubleshooting steps:

- **Device Not Turning On:** Ensure the battery is charged. Connect the charger and wait a few minutes before attempting to power on again. If unresponsive, try a forced restart by holding the power button for 10-15 seconds.
- **Poor Signal/No Network:** Check if SIM cards are correctly inserted. Ensure airplane mode is off. Try restarting the device. Verify network settings with your carrier.
- **Apps Crashing/Freezing:** Clear the cache of the problematic app (Settings > Apps > [App Name] > Storage > Clear Cache). If the issue persists, try reinstalling the app or performing a factory reset (back up data first).
- **Battery Draining Quickly:** Reduce screen brightness, disable unnecessary features like GPS, Bluetooth, and Wi-Fi when not in use. Close background apps. Check battery usage in Settings to identify power-hungry apps.
- **Touchscreen Unresponsive:** Restart the device. If the issue persists, ensure the screen is clean and free of damage.

For more complex issues, contact DOOGEE customer support.
