WOLFANG WP05

WOLFANG Portable Projector WP05 User Manual

Model: WP05

1. INTRODUCTION

Thank you for purchasing the WOLFANG Portable Projector WP05. This device is designed to provide a versatile and immersive viewing experience with its Android 11 operating system, high-definition resolution, and portable design. This manual provides essential information for setting up, operating, and maintaining your projector. Please read it thoroughly before use to ensure optimal performance and safety.

2. SAFETY INFORMATION

Please observe the following safety precautions to prevent damage to the projector and ensure user safety:

- Do not look directly into the projector lens when the lamp is on.
- Ensure proper ventilation around the projector to prevent overheating.
- Use only the power adapter supplied with the projector.
- Keep the projector away from water, moisture, and flammable materials.
- Do not attempt to disassemble or repair the projector yourself. Contact qualified service personnel for assistance.
- Keep out of reach of children.

3. PACKAGE CONTENTS

Verify that all items are present in your package:

- WOLFANG Portable Projector WP05
- Remote Control (with Air Mouse function)
- Power Adapter
- User Manual

5.2 Power Connection

1. Connect the power adapter to the projector's power input port.
2. Plug the power adapter into a wall outlet.
3. Press the power button on the projector or remote control to turn it on.

5.3 Focus and Keystone Correction

The projector features automatic vertical keystone correction and manual focus adjustment.

- **Auto Vertical Keystone:** The projector automatically adjusts vertical image distortion.
- **Manual Focus:** Rotate the focus ring on the projector to achieve a clear image.
- **Manual 4-Corner Correction:** For more precise adjustments, navigate to the settings menu to manually adjust each corner of the projection.
- **Zoom Function:** Adjust the projection size from 50% to 100% via the settings.

New Remote Control with Air Mouse

The remote control has precise and fast Air Mouse function.

Image: A projected screen from the WOLFANG Portable Projector WP05 showing a customizable Android interface with icons for Netflix, YouTube, ScreenCast, File Manager, HDMI, Settings, App Store, Music, and Play Store, emphasizing its 'Customized Personal Cinema' capabilities.

6.3 Screen Mirroring

The projector supports fast screen mirroring via Wi-Fi 6 for iOS, Android, and Windows devices.

- **Miracast:** For Android and Windows devices.
- **Airplay:** For iOS devices.
- Ensure your device and the projector are connected to the same Wi-Fi network.
- Select the appropriate screen mirroring option from the projector's menu.
- Initiate screen mirroring from your mobile device or computer.

WiFi 6 Fast Screen Mirroring

No delay, smooth streaming or gaming

Image: The WOLFANG Portable Projector WP05 projecting a dynamic image, with icons for Miracast and Airplay, and a smartphone displaying content being mirrored to the projector, highlighting its WiFi 6 fast screen mirroring capability.

7. CONNECTIVITY

7.1 Wi-Fi Connection

The projector supports dual-band Wi-Fi 6 (2.4G and 5G) for stable internet access and screen mirroring.

1. Go to **Settings** on the projector's home screen.
2. Select **Network & Internet**.
3. Turn on Wi-Fi and select your desired network from the list.
4. Enter the password if prompted and connect.

7.2 Bluetooth Connection

Connect external Bluetooth speakers or headphones for enhanced audio.

1. Go to **Settings** on the projector's home screen.
2. Select **Connected Devices** or **Bluetooth**.

3. Turn on Bluetooth.
4. Put your Bluetooth device into pairing mode.
5. Select your device from the list of available devices to pair.

7.3 HDMI and USB Connections

The projector includes HDMI and USB ports for connecting various external devices.

- **HDMI:** Connect devices such as laptops, gaming consoles, TV sticks, or Blu-ray players. Select the HDMI input source from the projector's menu.
- **USB:** Connect USB drives to play media files directly. Select the USB input source from the projector's menu.

8. MAINTENANCE

Regular maintenance helps prolong the life of your projector.

- **Lens Cleaning:** Use a soft, lint-free cloth specifically designed for optical lenses to gently wipe the projector lens. Do not use abrasive cleaners.
- **Dust Removal:** Use a soft brush or compressed air to clean dust from the ventilation openings.
- **Storage:** When not in use, store the projector in a cool, dry place, away from direct sunlight and extreme temperatures.

9. TROUBLESHOOTING

If you encounter issues, refer to the following common problems and solutions:

Problem	Possible Solution
No power	Ensure the power adapter is securely connected to the projector and a working power outlet.
No image	Check if the projector is powered on. Verify the input source (HDMI, USB, etc.) is correctly selected.
Blurred image	Adjust the manual focus ring on the projector. Ensure the projection surface is flat.
Image distorted	The projector has auto vertical keystone correction. For further adjustment, use manual 4-corner correction in settings.
No sound	Check the volume settings on the projector and the connected source device. Ensure external Bluetooth speakers are properly paired.
Remote control not working	Check the remote control batteries. Ensure there are no obstructions between the remote and the projector.
