& Support

1. Introduction

Thank you for choosing the CIRCLE JOY Electric Wine Opener 7-in-1 Set. This comprehensive kit is designed to enhance your wine experience from uncorking to preservation. It includes an electric wine opener with an integrated vacuum pump, a foil cutter, a wine aerator pourer, two vacuum stoppers, and a convenient charging station. Please read this manual carefully before use to ensure optimal performance and longevity of your product.

2. Product Components

Your CIRCLE JOY 7-in-1 Electric Wine Opener Set includes the following items:

- **Electric Wine Opener:** Features a powerful motor for quick cork removal and an integrated vacuum pump for wine preservation.
- **Foil Cutter:** Designed for easy and clean removal of wine bottle foil seals.
- **Wine Aerator Pourer:** Enhances wine flavor and aroma as you pour.
- **Vacuum Stoppers (x2):** Used with the electric opener's vacuum function to seal and preserve opened wine bottles.
- **Charging Station:** A compact base for charging the electric opener and storing all accessories.
- **USB-C Charging Cable:** For powering the charging station.

PERFECT GIFT FOR FAMILY & FRIENDS

Image: All components of the CIRCLE JOY 7-in-1 Electric Wine Opener Gift Set, including the electric opener, foil cutter, aerator, pouer, two vacuum stoppers, and charging base.

3. Setup

3.1 Charging the Electric Wine Opener

1. Place the charging station on a stable, flat surface.
2. Connect the USB-C charging cable to the port on the back of the charging station and plug the other end into a suitable USB power adapter (not included) or USB port.
3. Place the electric wine opener into the designated slot on the charging station. The blue LED indicator on the opener will illuminate during charging.
4. A full charge typically takes approximately 2 hours and provides enough power to open up to 80 wine bottles.

TYPE-C FAST CHARGING BASE

80 corks per Charge(Fully Charged)

4. Operating Instructions

4.1 Using the Foil Cutter

1. Place the foil cutter on top of the wine bottle, gripping it firmly.
2. Twist the foil cutter around the bottle neck a few times to cut the foil seal.
3. Remove the foil cutter and discard the foil.

4.2 Opening a Wine Bottle

1. After removing the foil, place the electric wine opener vertically on top of the wine bottle, ensuring it is centered over the cork.
2. Press and hold the **down button** (lower button). The corkscrew will automatically penetrate the cork and pull it out of the bottle. The blue LED light will illuminate during this process.
3. Once the cork is fully removed, the opener will stop automatically. Lift the opener from the bottle.
4. To release the cork from the opener, press and hold the **up button** (upper button). The cork will be ejected.

EASY TO USE

Image: A visual guide demonstrating the steps to use the CIRCLE JOY Electric Wine Opener, including foil removal, placing the opener, pressing the down button to extract the cork, and pressing the up button to release the cork.

4.3 Using the Wine Aerator Pourer

1. Insert the wine aerator pourer firmly into the neck of the opened wine bottle.
2. Pour the wine slowly into your glass. The aerator will instantly mix air with the wine, enhancing its flavor and aroma.

4.4 Preserving Wine with Vacuum Stoppers

1. Place a vacuum stopper firmly into the neck of the opened wine bottle.
2. Place the electric wine opener (bottom end) over the vacuum stopper.
3. Press and hold the **up button** (upper button). The integrated vacuum pump will activate, removing air from the bottle to create a vacuum seal.

- The pump will stop automatically once the vacuum is achieved. This helps preserve the wine's freshness for up to 7 days.

2-IN-1

ELECTRIC WINE OPENER

Bottom - Automatic Bottle Opening | Top - Vacuum Preservation

Designed for standard wine bottles
(Inner diameter of bottle opening 18-19mm)
- check your bottle's mouth first!

5. Maintenance

5.1 Cleaning

- Wipe the exterior of the electric wine opener and charging station with a soft, damp cloth. Do not immerse them

in water.

- The foil cutter, wine aerator pourer, and vacuum stoppers can be rinsed with warm water and mild soap. Ensure they are completely dry before storage.
- Do not use abrasive cleaners or harsh chemicals on any part of the set.

5.2 Storage

- Store all components in the charging station to keep them organized and protected.
- Keep the set in a cool, dry place away from direct sunlight and extreme temperatures.

6. Troubleshooting

Problem	Possible Cause	Solution
Opener does not work.	Low battery.	Charge the electric wine opener for at least 2 hours.
Cork not removed smoothly.	Opener not centered on the bottle.	Ensure the opener is placed vertically and centered over the cork.
Vacuum pump not sealing effectively.	Vacuum stopper not properly inserted or damaged.	Ensure the vacuum stopper is firmly and correctly inserted into the bottle neck. Check stopper for damage.
Foil cutter not cutting cleanly.	Not enough pressure or twisting.	Apply firm pressure and twist the cutter several times around the bottle neck.

7. Specifications
