7. TROUBLESHOOTING

If you encounter any issues with your dining set, refer to the following common troubleshooting tips:

- **Wobbly Table/Chairs:** Ensure all screws and bolts are fully tightened. If the issue persists, loosen all fasteners slightly, gently rock the furniture to allow it to settle evenly on the floor, then re-tighten all fasteners.
- **Scratches on Floor:** Ensure the non-slip feet/floor protectors are properly installed and intact. If damaged, contact customer support for replacements.
- **Difficulty Assembling:** Double-check the assembly manual to ensure all steps are followed correctly and all parts are oriented as shown. Do not force parts together.
- **Stains on Tabletop/Chairs:** Refer to the Maintenance and Care section for specific cleaning instructions for faux marble and PU leather. Act quickly on spills.
